MAKING PROGRESS

Major Jack Merseureau, who since his return from the front has been resting quietly in the seclusion of his former home at Donkton, is making substantial progress towards recovery. Major Merseureau was wounded while serving in Flanders and was left for dead on the field. He was for a time deprived of his eyesight and also the power of his speech. He has not been much in the limelight since his return home but is counting the days when he will be well enough to get back to the front. He hopes to be well enough to leave early in the new year.

10 CENT "CASCARETS"

For Sick Headache, Sour Stomach, Sluggish Liver and Bowels—They work while you sleep.

Furred Tongue, Bad Taste, Indigestion, Sallow Skin and Miserable Headaches come from a torpid liver and clogged bowels, which cause your stomach to become filled with undigested food, which sours and ferments the garbage in a swill barrel. That's the first step to untold misery—indigestion, foul gases, bad breath, yellow skin, mental fears, everything that is horrible and nauseating. A Cascarets will give your constipated bowels a thorough cleansing and stretch you out by morning. They are good for months.
