LATEST AFTERNOON DESPATCHES FROM CORRESPONDENTS.

The Gossip of the Financial Circle Received by Cox & Co., 26 Toronto Street.

MONTREAL, April 25.—Bank of Montreal declared the usual half yearly 5 per cent. dividend, adding a quarter million to rest account, making \$6,000,000 or 50 per cent. but the contingent account has been reduced by \$47,000 to \$275,000.

The Situation in New York.

To Cox & Co., Toronto.

New York, April 25, 5 p.m.—The summing up of to-day's business, despite the weakness of the coal stocks, shows the result to be an improvement of from 1/2 to 1 1/2 in the general list with the exception of coal stocks, and these, though they have not recovered to their opening prices, have not decided improvement from their lowest quotations of the day. Though there is no decided change in the feeling on the street, there is less of a disposition to sell stocks, and there are those that think from the nature of the buying that a rally is near at hand. It is, however, difficult in the present condition of the market to judge as to the immediate future of prices, and while we rather look for an improvement we advise close selling until the market is more settled. MILLER, FRANCIS & CO.

To Cox & Co., Toronto.

New York, April 25, 5 p.m.—The stock market opened weak and unsettled which was soon followed by a feverish feeling occasioned by a serious decline in the coal stocks, led by Reading, which broke from 44 1/2 to 41 1/2; then came Jersey Central which opened at 82 1/2 and specially declined under the pressure of long stock to 77. Various rumors were in circulation to account for the fall in Jersey Central but the cause was undoubtedly due to a partial breaking up of the pool which has maintained that stock at ridiculously high prices for the last year as compared with the quotations for other and better securities. The complete liquidation of this pool, while it would weaken the market temporarily, would ultimately result to its advantage by the pruning out of what has been one of its unhealthy members. Union Pacific has been strong all day, succeeded in checking the decline and turning the current about noon, which resulted in leaving closing prices within a fraction of the highest, and establishing a more confident tone than existed during the day.

H. CLARK & CO.

To Cox & Co., Toronto.

Chicago, April 25.—5 p.m.—There was a wild excited opening in wheat. Early cables strong, New York market being manipulated and local shorts and country bought freely. Ream & Jones element are credited with manipulating New York market and supposed to hold big lines here. At the advance prominent buyers were selling, and looks very much as though the crowd were being fed with long stuff, call opened excited and higher, one cent and a half advance in New York since our noon close, but there was free selling here at improvements. Corn weak, 53c June. The size of it that New York market was bid up to sell on here. Corn move acting and some good buyers, but falls thru fast to stimulate general demand. Corn weak, 54c June.

MILBURN BODMAN.

New York, April 25.—It is anticipated Saturday's bank statement will show a further loss in specie, deposits and reserve, which latter last week was only about two and a half millions above the legal requirements, notwithstanding money can still be had at about 2 per cent on call and 4 per cent on time loans, with some indications of hardening. We do not overlook the fact that the quarterly interest on \$250,000,000 government 4 1/2 per cent bonds falls due on May 1, also a call for \$10,000,000 bonds.

Removal of a corner in New York in May wheat.

LONDON, Eng., April 25.—American stocks lower on news from New York cables. Canadian Pacific fell 4 per cent this week. Grand Trunk is depressed on continued heavy loss in weekly earnings. Bank of England reserve up to 40 per cent; rate of interest unchanged at 2 1/2 per cent.

THE BUSINESS WORLD.

TORONTO, Friday, April 25.

Wholesale dry goods houses are doing very little.

Heavy shipments of sugar are being received by wholesale grocers.

Canadian flour remains inactive, and buyers would take small lots at \$5 to \$5.50 for

#### OF BAYLOR UNIVERSITY.

Has been used in my household for three reasons:—

1st. To prevent falling out of the hair.

2d. To prevent too rapid change of color.

3d. As a dressing.

It has given entire satisfaction in every instance. Yours respectfully,

### A TREAT.

#### NEW AND

#### Popular Works

Handsome bound. Printed on fine-toned paper, in clear bold type.

The "Weekly Review" says: "While we are not enthusiastically partial to religious novels, yet we admit that from the high tone and the practical truths which are taught in all that we have read of Mrs. Warboise's tales, our objections to this description of literature are greatly modified. Indeed, they contain all the qualities of modern literature, without their evil features."
