Trade of the Week. New York, Aug. 2.—Bradstreet's says: General trade throughout the Province of Ontario remains seasonably quiet, with the volume for July less than that for June. There is no improve-ment in business circles at Montreal, although the outlook is encouraging, and hope is now entertained there that La Banque du Peuple will be enabled to resume business. Halifax advices are that the hay crop in Nova Scotia will be an average one, the fruit harvest abundant, and the outturn of grain favorable. The hay crop in New Brunswick will be light, and on Prince Edward Island harvests will be fair, though the weather is

very dry.

There are 24 failures reported from Canada this week, against 25 last week, 31 in the week a year ago and 43 in the week two years ago. July bank clearings at Montreal, Toronto, Halifax and Hamilton aggregate \$87.-453,000, an increase of about 12 per cent over a year ago, but an increase of only 21-2 per cent. as compared with July, 1893, and a falling off of nearly 4 per cent. as compared with

May Have to Close Stanford University. San Francisco, Aug. 2.—In an interview, Mrs. Leland Stanford is credited with saying that there is no truth in the report that an effort will be made to have Congress refund the money in case the Government's suit goes against her. She says if she loses the against her. She says if she loses the suit the university will be closed, as there is no way it can be kept open. She does not believe the Government will win, but no new buildings will be erected this year on account of the doubt.

Held Up a Stage for \$10. Merced, Cal., Aug. 2.—The Coulter-ville stage was held up and robbed 12 miles northeast of that city yesterday afternoon. There was only one pas-senger, who gave up what he had—a \$10 piece. Several packages of coin were taken, but the amount is not known.

Mrs. Celeste Coon, Syracuse, N.Y., writes: "For years I could not eat many kinds of food without producing a burning, excruciating pain in my stomach. I took Parmelee's Pills, according to directions under the head of 'Dyspepsia or Indigestion.' One box entirely cured me. I can now eat anything I choose, without distressing me in the least." These pills do not cause pain or griping, and should be used when a cathartic is required.
