Continued from first page. Captain Armer as he had appeared to Ser geant McDonaed.

His face wore a sorrowful, anxious expression, and his eyes, which seemed more like sleep than death, were fixed mournfully upon her.

She would have cried out, but her tongue refus ed its office.

She could only gaze and wonder. Presently the voice spoke again.

'Yes, I listen,' she said, as the died away like an Æolian harp.
'Cross roads, Enfield Woods.'

The young girl's heart seemed fainting with dread.

But with a strong effort she controlled her feelings; and springing forward, ham-One of the soldiers at once opened it.

'What do you want?' cried he, in a 'I must quit this place at once,' returned

perhaps murdered. The man shook his head. He was not unkindly but he knew his

ain's order,' he said; 'besides he is not here. How know you that he is in dan-

ger?

'I have seen his spirit, his wraith, she said. 'I know they have tried to murder him. But here is his order. It is my father who is under arrest. See.'

Teach them that a good, round, rosy romp is worth fifty delicate consumptives.

Teach them that the more they live

and have some one to assist you.'

'I will,' said a hollow voice.

And Sergeant McDonald, ghastly pale, entered the room.

'I have heard what the lady has said,'he added. 'She has spoken nothing but the truth. I have also seen Captain Armer. We must have horse, Hammond. Send for men. I leave you in charge of the most of the agent.

WATER FOR THE EYES.

preserver. And now I will lead the way.'
Touching her horse lightly she dashed on at full speed, and made towards the point to which the young captain had galloped away, full of enthusiasm and excitement.

She knew the way well.

A writer in "Fraser's Magazine" thinks that, whatever hesitation there may be justly called for in recommending one or another of the various lotions now so popular, there need be no such doubt in respect to cold water or pure.qHe says in cases of much inflamation or difficulty of opening the eyelids in the morning experienced by so woung captain would perhaps have been her ideal, she now looked upon him as a hero she was going to save or avenge.

It was morning now as they entered the beautiful green lanes near Enfield Woods. The bright sun was shining over the woods, and the pretty cottages and the lanes as the pale, beautiful girl and her military guard dashed up to the crossroads.

ed in reading or writing during several hours at a stretch, and especially at night, should carefully bathe the eyes with cold water before going to bed and the first thing in the morning's ablutions. All artisans, too, who work at a blazing fire, ought often to wash their eyes with cold pure water, and so should all those who work in the wool, particularly carders and spinners, and those likewise who are employed in woollen and cotton manufactures, the oads.

At first they saw nothing.

Then they observed two horses tied to a flower than they observed two horses tied to a flower than they observed two horses tied to a flower than the flowe flamation, swelled eyelids, etc.

NOBLE ILLUSTRATION.

Lord Canarvon, in addressing the people of Birmingham, used the follow-

was not dressed in uniform and they leaped down with a cry of joy,

Eastern seas, where those wonderful coral islands exist, the insects that On breaking through they found four form the coral within the reefs, where men; Masterman and his fellow villian, Mortimer and Cantain Armer. Masterman's companion lay dead, shot apparently sound and good. But on the other hand, those little workers Masterman himself lay dead also but his throat was clasped in the terrible grip of the old butler, who had died as he held his enemy.

And Contain Armes?

Who work outside those reefs, in the foam and dash of waves, are fortified and hardened, and the work is firmer and more enduring. And so I believe it is with men. The more their minds And Captain Armer?

He was lying insensible, too; but he had still the breath of life, and in his left hand was clenched the bundle of papers for which three lives had been lost.

It is with men. The more their minds are braced up by the conflict, by the necessity of forming opinions upon difficult subjects, the better they will be able to hold their own in that conflict of existent with the property of the more their minds are braced up to the more their minds are braced up by the conflict, by the necessity of forming opinions upon difficult subjects, the better they will be able to hold their own in that conflict of existent with the property of the more their minds are braced up by the conflict, by the necessity of forming opinions upon difficult subjects, the better they will be qualified to go though the better they will be able to hold their own in that Captain Armer was taken back and carord for and recovered health and strongth
man's duty to meet."

SEWAGE GAS.

depended, compromised Sir George Tarker and his partizans so much that he had to for lighting, heating and cooking purposes from ordinary sewage has lately been discovered. It is said that is well been discovered. It is said that is well as large towns, Helena, in due time, married the young man she had so strangely won, but no one could explain the strange visitation at When brought into use it will not only be the means of disposing of all kinds Scotland Yard.

Was it a phantom, or did Sergeant McDonald and Helena Despard dream the
same vision at the same time?

Scotland Yard.

or sewage without expensive drainage,
but will also be of great value to agriculturists, as the refuse is equal to the
best guano.

ITEMS.

A large quantity of counterfeit money is now in circulation in the United States.

There are said to be seven officers in England who were in the battle of Trafalgar—ten years before Waterloo. On a farm in Lyons, Rice County,

morphia in her system. The case has excited considerable interest among the medical profession. It is stated that post more tem examination fully satisfied the doctors who made it that no food had passed the stomach for a long time.

Satin is now the rage. It went out of fashion in England twenty-eight years ago, when Mrs. Manning, a celebrated murderess, at one time lady's maid to the late Duchess of Southerland, was stomach for a long time.
