Some public meetings were held, at which a great deal of enthusiasm was manifested over the project, and in the club project, meeting at organization, with the following officers: Dr. R. H. Upham, Pres.; Mr. J. Keating, Vice-Pres.; C. H. Miller, Secy.; J. H. Dumas, Treas.; Jas. H. Dumas, Secy.; Jas. H. Dumas, Treas.; Jas. H. Dumas, Secy.

A hall has been secured at the corner of Washington and Jones streets, where their semi-monthly meetings are held, on every alternate Monday evening. It is proposed to have a reception and reading room open permanently, as soon as the funds of the organization will permit.

The other club composed of some young men who think that the members should be a member of the government without being a member of the government, and consequently have decided to form a club, and the meetings of this club are held at 1125 Washington street, every alternate Monday evening. Mr. Robt. H. Durrant, of St. John's, is secretary.

New Advertisements. King of Medicines. A Cure "Almost Miraculous." "When I was 14 years of age I had a severe attack of rheumatism, and after I recovered, had to go on crutches. A year later, scrofula, in the form of white swellings, appeared on various parts of my body, and for 11 years I was an invalid, being confined to my bed 6 years in that time, or even some weeks at a time. I tried every remedy that was suggested, but all failed, causing me great pain and suffering. I found I never should get well, until I was 18 I went to Chicago to visit a sister, but was confined to my bed most of the time I was there. In July I read book, "A Day with a Cure," in which were statements of cures by Hood's Sarsaparilla. I was so impressed with the success of this medicine that I decided to try it. To my great gratification the sores soon decreased, and I began to feel better and in a short time I was up and out of doors. I continued to take Hood's Sarsaparilla for about a year, when, having used six bottles, I had become so fully released from the disease that I went to work for the *Chicago Tribune*. To my great gratification the sores soon decreased, and I began to feel better and in a short time I was up and out of doors.
