THE MISSIONARY CARD.

The Superintendent of Missions has prepared a card for the use of the youth of our Church and Sabbath Schools, in making their collections for the missionary fund during the coming holidays. On the back of the card will be found an address to children and young persons, on the subject of Christian Missions. In England, and some places in this country, the children of Sabbath Schools receive cards like those now prepared, and sometime between Christmas and New-Year, they collect from their friends what they are willing to give to assist in sending the Gospel to the heathen. In this way large sums are raised, and many children are usefully employed in helping forward the good work of the Lord. And how blessed a privilege to be thus engaged, and especially

to begin in early life, to think and feel and act in this great cause. Perhaps some of our young friends who now assist in collecting money for the support of those who are preaching the Gospel to the heathen and the destitute, will become Missionaries themselves, and go to some foreign country to tell the ignorant and benighted people the glad tidings of a Saviour's love.

We hope our young friends will read the Address, which is given in this number of the *S. S. Guardian*; and when the cards are given out they should lose no time in applying to the friends of the missionary cause for what they are willing to give for this purpose. In no other employment can they spend their holiday more pleasantly and profitably.
