

A Flat Fact—

When it is susceptible of definite proof
always carries more weight than any
amount of argumentative theorizing.

We make the positive assertion
(and stand ready to prove it) that

Pepto-Mangan ("Gude")

actually Builds Blood in cases of

Anæmia, Chlorosis, Rickets, Bright's Disease, Neurasthenia, Etc.

It increases the number of **red corpuscles**
and the percentage of **hæmoglobin**. This has
been and can be amply demonstrated by the
use of scientific instruments of precision (hæmo-
cytometer, hæmoglobinometer, etc.)

We can send you hosts of case reports, "blood counts," hæmo-
globin-estimates, etc., as confirmatory evidence. If you want to prove
it yourself, send for samples.

To assure proper filling of prescriptions,
order Pepto-Mangan "Gude" in original bottles ($\frac{1}{2}$ xi).

It's never sold in bulk.
