PROFESSOR A. C. BARRY'S

Tricopherous or Medicated Compound

When Theory and Comment authenticate each other, there can be no mistake. This is the case as regards batcky's Trappherons. The theory of desperations is this —That it is imbibed by the absorbents and mjeeted through the superficial vessels promoting the growth, teauty, and licalth of the Hair, when applied to the scalp, and dissipating inflammation of every kind, (whether caused by disease or accidental,) when applied to the pupiled, blotched, tumorous, punctured, cut, burned, scaled, or in any way irrelated skin. It is also assured that it acts upon the pores, these ventilators and escape pipes of the system, and assists to dispel the materes norpipes of the system, and assists to dispet the materes mor-ber elements of disease through these important chan-nels. So much for Pheory. Experiment proves that the atticle is an invaluable remedy for all external hurts and dseases, and that as a preparation for renewing the vege-tance power of the hair, giving it a rich metallic lustre, endering it classic and curly, and removing scurf and dandruff, it has no equal either in Europe or America,

dandruit, it has no equal either in Europe of America, while in cheapness it certainly stands alone.

DISEASES OF THAT CLASS.

TIIIS extraordinary and potent compound is made according to a favorite prescription of the above emi-nent Physician. Sir Ashley Cooper, also frequently re-ferred his students to the compound as eminently calculated for the cure of Rheumatism, and other diseases of that class,—its ingredients are entirely from the Vegetable Kingdom, and if any medicine could legitimately be denominated a specific, this remedy is preeminently entitled to that appellation. But the Proprietor does not believe in INFALLIBLE SPECIFICS for the cure of any disease; yet his confidence in this medicine is such from personal knowledge, as to supply it, when taken under his own supervision, on the condition of "NO CURE NO BAY." Its success, in almost every case where it has had a fair and honest trial, fully confirms its general reputation, of being the very best medicine in the world, for the cure of RHEUMATISM, GOUT, NEURALGIA, &c.,

Indeed, although you prescribe it to be taken four times a day, I have never had to resort to atmore than twice. A Case of Chronic Rheumatism of fifteen years standing, cured by Halford's Balsam and Hope's Pills.

TORONTO, 14th December, 1848.

DR. URQUHART:

Dear Sir,—I hereby certify, that I have been afflicted with Rheumatism for fifteen years; for a considerable time I was confined to bed, and the greater part of that time I was confined to bed, that the greater part of that time I could not move myself; some of my joints were completely dislocated, my knees were stilf, and all my joints very much swelled; for the last three years, I was scarcely able to do three month's work without suffering the most exeruciating pains, I was doctored in Europe by several physicians of the highest standing in the profession as well as in this province, I was also five months in the Toronto Hospital, and, notwithstanding all the means useed, I could not get rid of my complaint, indeed I was told by a very respectable physician that I never could getered, so that at the time my attention was directed to your Sir HENRY HALFORD'S IMPERIAL BALSAM, for the cute of Rheumatism, and Rheumatic Gout—and Dr. HOPE'S PH.LS, I was despairing of ever getting cured; when I called on you, I was hardly able to walk, and what was almost miraculous, in three weeks from and what was almost miraculous, in three weeks from my commencing to take your medicine, I gained fourteen pounds in weight, my health was much improved, and in about three weeks more my Rheumatism was completely gone and my health perfectly restored. I now enjoy as good health as any man in Canada. Since my recovery I have waiked forty-six miles in one day with perfect freedom, and I assure you, Sir, that I feel tridy thankful.
