

PRESSURE, TEMPERATURE, WIND AND PRECIPITATION AT STATIONS IN THE DOMINION OF CANADA, DECEMBER, 1897.

a. Barometer not reduced to Sea Level. • Stations not furnished with Registering Thermometers.

STATION.	Latitude N.	Longitude W.	Elevation above Sea Level, in feet.	PRESSURE.			TEMPERATURE.						DIRECTION OF WIND FROM								VELOCITY OF WIND			PRECIPITATION.			No. of Fogs.	No. of Thunder storms.	No. of Auroras.	No. of Fair days.	Days with (1) or more.																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																													
				Mean reduced.			Mean.	Difference from average.	Years observed.	Highest.	Date.	Lowest.	Date.	Mean daily range.	Mean temperature of month.	Mean relative humidity.	Cloud.	No. of days completely clouded.	N.	N. E.	E.	S. E.	S.	W.	N. W.	C.						Total number of hours.	Mean miles per hour.	Highest days velocity.	Date and direction from.	Amount.	Difference from Average.	Heaviest fall in month.
