EXTERNAL AFFAIRS

RHODESIA—REPORTED INTENTION TO DELIVER OIL BY TANKER

On the orders of the day:

Right Hon. J. G. Diefenbaker (Leader of the Opposition): Mr. Speaker, will the Secretary of State for External Affairs tell the house what attitude the government of Canada has taken regarding the Greek tanker which apparently intends to make oil available for transmission to Rhodesia? Has the government of Canada communicated with the Greek ambassador in this connection; is there any foundation for the suggestion that in mid ocean the registry of this ship was changed from Greek to Panamanian, and were any representations made to the Panamanian government?

Hon. Paul Martin (Secretary of State for External Affairs): Mr. Speaker, there are aspects of this matter which we are now examining, and I prefer to wait until that examination is complete, perhaps some time tomorrow, before giving an answer.
