ATTORNEY-GENERAL IS IN WASHINGTON

Will Take a Few Days Off for Rest—Discusses Financial Conditions.

NEW YORK, Feb. 18.—"Many persons in Canada will be compelled to face heavy losses in land investment owing to the inflation of prices in real estate, mainly in the western provinces, in the last few years."

These prices are beginning to adjust themselves, according to Hon. J. J. Poy, attorney-general of Ontario, who left yesterday on his way to Washington.

General business in Canada, he says, has recovered steadily since the financial stringency of last fall was relieved.

The Ontario Legislature opened today, but Mr. Poy says that not much work will be done this week. He came to New York for a rest, intending to go on to Atlantic City, but the drop in temperature made him feel that New York would be preferable to the Boardwalk, and he stayed here.

"One of the important measures to come before our provincial parliament is the Workmen's Compensation Act, which in its general form, will be much the same as the law that will go into force in this country on July 1," said Mr. Poy. "As it is a government measure, I think there is no question that it will go thru."

Canadian Banking.

Speaking of business and financial conditions, Mr. Poy said:

"While I have not made a careful study of the United States currency law, I think it will undoubtedly have a beneficial effect. Our own banking laws are very satisfactory. Our banks have a much larger capital than Americans, running from a few millions of dollars up."

Our currency is very elastic, banks being allowed to issue their own paper money to a limited extent, giving security partly by holding government bills of large denomination. This elastic quality of the United States currency bill is designed to furnish."

The attorney-general expects to return home late in the week.

OSNABRUCK RESIDENT DIES.

CORNWALL, Feb. 18.—(Special.) John T. Bush, a respected and life-long resident of Osunaburk Township, died very suddenly on Tuesday.

Bush had just returned home from Wales and went to the stables to do the night work, when he was seized with a weakness of the heart and passed away before a physician could be summoned. He was in the sixty-fourth year of his age. His wife, three sons and five daughters survive.

SCOTTISH RITE MASONS GATHER AT LONDON.

LONDON, Ont. Feb. 18.—In the neighborhood of three hundred Scottish Rite Masons are in the city today for tomorrow's exercises in connection with the annual gathering. Among the notable Masons present are: Grand Commander Ben. Allen, Toronto; P. W. Broderick, Toronto; Judge Macgaw, Sarnia, and others.

Senator Wm. Gibson of Beamsville and other prominent Masons are expected tomorrow.

ONTARIO SYNOD IS AGAINST DIVORCE

Motion Urging Great Care in Dealing With Question Comes Up Today.

KINGSTON, Feb. 18.—At this morning's session of the Synod of Ontario a notice of motion was given by Rev. R. G. Glackens of Belleville, seconded by as follows:

"That whereas there is a resolution before the Parliament of Canada for the purpose of considering the whole question of divorce proceedings in this country, be it resolved, that this synod, in line with the belief of the Catholic Church of the ages, is unalterably opposed to the whole principle of divorce, and accordingly urge and pray that great care be taken not to widen or popularize a practice which undoubtedly undermines the integrity of the social order, but rather to discourage by every means anything that may tend to cheapen or weaken the marriage tie."

The feeling of the synod is overwhelmingly in favor of the spirit of the resolution, which will be introduced tomorrow.

LOWER NIAGARA'S ICE JAM.

Conditions Below Falls Becoming More Serious.

NIAGARA FALLS, Ont. Feb. 18.—While ice jam conditions in the upper river are slightly improved, they are growing more serious in the lower river. At Lewiston the level of the river was

four feet above normal and still rising. It is expected that Fitz's dock will soon be under water, and a repetition of the ice jam conditions of 1909 is feared. The great blockade of ice that fills the river from Lewiston to Youngstown, moved downstream a distance of about 1000 feet.
