This Company is now issuing \$100, \$200, \$300, \$400 and \$500 investments in bonds, payable in five, ten and fifteen years from date of issue, with participation in profits, affording all the advantages of compound interest accumulations on small sums of money. These bonds are the obligations of this Company and are specially protected by a sinking fund, invested in first class real estate mortgages. They are plain definite contracts, subject to no contingencies whatever, are non-forfeitable after one annual payment, with values definite, stated thereon. For a small outlay they secure a fixed and generous return.  
To bondholders who complete their contracts the Company guarantees compound interest at the rate of Four Per Cent. Per Annum.  
The Company is prepared to receive applications from reliable agents at all points where it is not already represented.  
The Safe Deposit Vaults of the company cannot be surpassed for absolute security. Call and examine or write for circular **WM. KERR, Manager**
