DROPPED OFF RAIL OF TUG AND WAS DROWNED

Fisherman Lost His Life in Lake Erie—Brother Thinks He Dropped into Dose.

WELLAND, May 25.—(Special.)—Edward Vanderveer, a fisherman, was drowned in Lake Erie off Windmill Point, under peculiar circumstances, on the afternoon of Victoria Day. At the time of the accident he was with his brother, who ran a gasoline fishing tug. He was sitting on the rail. His brother thinks he fell into a dose and dropped into the water. He is said to have been a good swimmer. The two men left Port Colborne harbor at noon with a cargo of fish for Buffalo market. They had sold their cargo and were returning home shortly after 4 o'clock. Aaron was attending to the engines and Edward was sitting on the rear rail steering. To The World Aaron made the following statement: "I noticed that the boat was following her own way, and looking that way saw that Edward was asleep. I warned him up and then I turned to work on the canvas. It might have been half an hour afterward that I noticed the boat dropping again, and looking back I saw that he was gone. I grabbed the tiller and turned her over so hard I broke the shoe off of her. I cruised around for over an hour in the hope of picking him up, but there was no trace. Quite a sea was running, but not nearly so heavy as we often have been out in." The young man was in his 27th year and leaves a widow and three children, as well as his father, Nicholas Vanderveer, and three sisters, Mrs. Matthews Mahagan of Port Colborne, Mrs. Thirrel and Mrs. Howard of Buffalo.

OVERCOME BY GAS IN BOTTOM OF OLD WELL

Well Known Resident of Ayr Victim of Victoria Day Fatality.

AYR, May 25.—A tragic occurrence marred the holiday yesterday for the people of Ayr and vicinity, and resulted in the death of F. G. Jones, a well-known resident of the town. The scene of the tragedy was the unoccupied farm of William McReur, fifth concession, South Dumfries. On this farm there is a 75-foot well, with windmill. Sometime had gone wrong with the piping, and Mr. Jones, who had dug the well about nine years ago, was called upon to make the necessary repairs, in which undertaking he was assisted by Mr. McReur, shortly after the noon hour. Mr. Jones descended into the well a short distance to make a joint on the piping. He had been down only about ten minutes when McReur heard him utter an exclamation. Looking into the well Mr. McReur could see nothing of him, and he thereupon started descending. He had gone down but a few feet when he suddenly felt that he, too, was being overcome by gas, and he hastily retreated, but was so weak that he had some difficulty in getting out. An alarm was given over the nearest telephone, and help was speedily secured. Mr. P. Nunn volunteered to go down and made three unsuccessful trips, each time plainly showing the deadly effect of the poisonous gas. On the last trip he succeeded in fastening a rope around Mr. Jones' body, but it slipped and Mr. Harry Barrett, who also made a previous unsuccessful effort, finally succeeded in effecting the recovery of the body.

REJECTED IMPERIAL COUNCIL.

LONDON, May 25.—The imperial conference, which is holding its sessions at the British Foreign Office to-day, turned down the proposition of Sir Joseph Ward, the premier of New Zealand, favoring the constitution of an ex-imperial council of state, with representatives of all the self-governing British Dominions to act in an advisory capacity to the imperial government. Sir Joseph Ward's proposal met with no support and was withdrawn after a debate lasting two days. The first step in the direction of the federation of the British Empire was thus postponed.

ROBBED BUTCHER STORE.

Louis Bernstein, who keeps a butcher shop at Edward and Elizabeth streets, was awakened at 4.30 yesterday morning by unusual sounds. He hustled out of bed and saw a man going off with a couple of chunks of his stock in trade. He followed. He entered a house at 89 Edward-street. Sergeant Crowe and Patrol Sergeant Griffiths were notified and took up the scent of the missing meat. At the house they found Daniel Carey and William Tolland. Both were hailed to go to court and there Tolland finally admitted that he had been the meat hunter. He went to jail for 90 days.

INTAKE NOW CAPTIVE

It Required Herculean Effort, But Donkey Engine Was Vindicator.

A few minutes before 6 o'clock last evening, the much-advertised intake pipe lay high and dry on the temporary rails at the foot of John-street. Ever since the pipe was towed over from the island last Tuesday, it has been lying there with the engineers fighting to land the bulky, sand-laden article. Wednesday and Thursday it was hauled up from the water inch by inch, by means of a powerful donkey engine. Altho one cable snapped, and made a short delay, about noon yesterday the work was kept on with final success. The chief difficulty in landing the monster was the sand, and a large quantity was taken out yesterday morning. According to Waterworks Engineer Fellows, however, it is still from the New York State hatchery, after after 10 or 12 hours' arduous work.

LAW'S RED TARE COSTLY

Argonaut Oarsmen Victim of Depredations of Bland Stranger.

Considerable trouble was experienced on the holiday by officials of the Argonaut Rowing Club in securing a warrant for the arrest of a man who gave his name as Chase and came to the club saying he was going to arrange a meeting between that institution and a Cleveland organization, which he claimed to represent. After he had gone, a number of members found that the clothing in their lockers had been rifled and considerable money and jewelry taken from them. They interviewed Inspector Duncan, Magistrate Kingsford, Magistrate Ellis, and finally Mr. Corley before they secured it. By that time the enraging stranger had left for Niagara via the lake. An application may be made for his extradition.
