EATON'S

Protect Your Horses from Flies

Flies at this time of year make life miserable for the horse, biting and worrning him until in sheer desperation he runs away, smashes the rig and harness, and you wonder what's the matter with him, or, if he's a quiet, docile brute, he'll worry along and lose flesh quicker than he would at work. Protect him and give him a chance. Here's a good assortment of nets at very moderate prices:

Good Strong Five-bar Cordovan Leather Nets-Body and Black Maroon and White Cord Nets-These are good hard cord and fine mesh body and head. Head detachable.

Light Brown and White Body and Head Nets-Good hard Body Nets in Black, Yellow and Red-Hard twisted cord

Some very fine horses eers, which has been exposed to the wear and tear of the elements for many years. Here, in this historic building, whose walls have recently undergone a coating of whitewast, gathered members of the society. Here, it is, where the old pioneers, many of whom drop off between Exhibitions, gather annually and exchange reminisences. In the interior of the building are old relics of the early days in York. Outside the cabin lies the nand fire engine; and a wel preserved bugsy, still in good repair, tho on record as having been made 72 years ago.

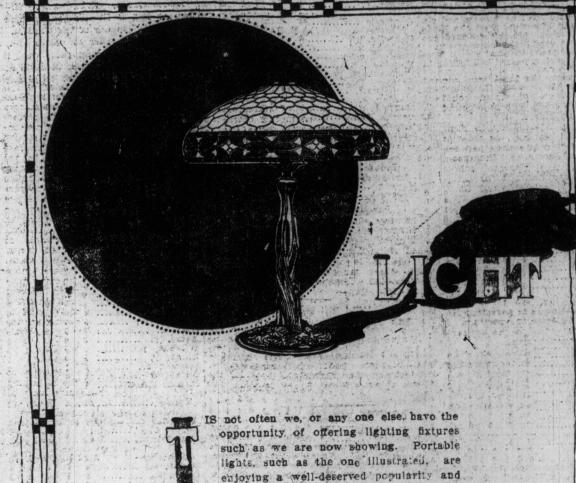

Hundreds of the members of the society foregathered at the cabin, among them being a great many of the prominent citizens of Toronto. On account of the smallness of the cabin, about \$500 worth of relics are stored away in the Normal School Museum. Mony pioneers would like to see a larger building erected on the grounds for these curios and for the annual fete of the members.
