

Barrie Won the Game By 5 to 4, and De La Salle the Record By 10 to 8

DE LA SALLE ONLY ONE DOWN AT BARRIE AND THUS WON JUNIOR O.H.A. TITLE

Return Game Played on Soft Ice, But Both Sides Showed Clever Hockey, With Home Team Dangerous Right Up to Last Bell.

By a Staff Reporter.

Barrie, March 19.—Toronto can hang up one O.H.A. championship. De La Salle corralled the junior honors here tonight by holding Barrie to a 4 to 3 score in the second game of the junior final.

The Toronto team won the first game in Toronto on Saturday night by 6 to 3 and carried a three-goal lead for the same here tonight.

The 5 to 4 victory for Barrie gives the Toronto team the round by 10 to 3. A big delegation of Toronto fans came up with the Toronto juniors and they raised a big noise when the Barrie and white squad came thru with the title. The ice here tonight was hard and rough, but two inches of water that gathered during the day under the hot sun was not conducive to first-class hockey.

There was much oversteering of the puck, and it slowed up the passing that junior teams usually excel in. Credit must be given to the Barrie team, they are a game little outfit and when De La Salle took to trying to save their lead by a purely defensive game the Barrie boys took to trying to win.

Many fans were of the opinion that the Toronto Irishmen should have taken the offensive.

Barrie came within one goal of tying in the round in the last period. They were bombarding Koster from all quarters, and it looked as if they might get the needed goal at any stage.

The game was sounded for full time, but it was found that there was half a minute to play. Green went down from the face off and with three men checking him he gathered in the counter that made it 10 to 8 on the round.

It was a thrilling fixture and with real hard ice would have been one of the greatest battles of the season. Both sides played clever, clean hockey. De La Salle can thank their defence for the title.

Cain and Spring were busy bees all night, and Koster put up a remarkable game in the net. Green was the pick of the forwards, and Dyer and Ingoldby had a busy time checking the fast-moving Barrie forwards.

In the last two periods Barrie moved White up on the forward line, and he was the youngster that put the punch into the Barrie attack. He tore in and banged them at Koster until the Toronto goaler was almost dizzy.

Meeking was well watched all evening, but managed to wiggle in and cause a lot of trouble. De La Salle kept shooting the puck up on the forward line, and he was the youngster that put the punch into the Barrie attack. He tore in and banged them at Koster until the Toronto goaler was almost dizzy.

Bill Martin Drove Winning Dog Team

Timmins, March 19.—A crowd of several hundred people were on hand here at the start and finish on Saturday of the big annual dog team race in competition for the Al. R. Globe Shield and other prizes.

All along the course to South Porcupine and back to Timmins, a distance of 14 miles, there were crowds to witness this, the big sporting event of Porcupine.

The roads were heavy, and this interfered with the time made, the best time being one hour, thirty-one minutes, thirty seconds, while last year, with an easier trail, a record of one hour, eleven minutes was made.

W. Martin of the Porcupine Crown team drove the winning team, his dogs arriving back in excellent condition, as fresh as when they started.

Despite the heavy trail, F. M. Wallingford's team of four came second, and J. Gorman's team took third. There were seven entries, each team having three dogs, excepting Wallingford's, which was a four-dog outfit.

The owners of the teams winning the first three places in the race this year are all old-timers of the north land, who have raced over the trails behind the dog teams when this mode of travel was a matter of necessity, not a sport or competition.

MATT HAD A SHADE.

Cleveland, Ohio, March 19.—Matt Brock of Cleveland, had a slight shade over William Jackson of New York, according to the majority of newspaper critics, in a ten-round boxing match here tonight.

The men weighed in at 140 pounds ring-side. Brock forced the fighting in most of the rounds, landed the hardest blows and had Jackson bleeding in four rounds. In long-range boxing Jackson landed the most blows.

WON MIXED FOURSOME.

Ormonde Beach, Fla., March 19.—Mrs. Charles Longnecker, of New York, and P. W. Robbins, of Hartford, Conn., won the first prize in the mixed foursomes handicap tournament of the Ormonde Beach golf course today with a score of 120-40-80. Second honors went to Miss Briggs, of Providence, R. I., and A. W. Cameron, of Philadelphia.

Vancouver raises the point that Adams and Crawford are ineligible to play for Toronto in the Stanley Cup games. President Calder on being appealed to uphold the contention, but as the N. H. L. had accepted the western referees, Mickey Lons, the whole thing was considered settled. If Adams and Crawford do not play the referees will be Marsh and Val, and if they do the officials will be Kane and Marsh or Val.

SOME HARNESS HORSE RECORDS

Hamburg Belle Beat Them All

Trotting in Actual Race.

While Union, 1:58; Lee Axworthy, 1:58½; Lou Dillon, 1:58½; Major Delmar, 1:59½, and The Harvester, 2:01, all have records below Hamburg Belle's record of 2:01½, none of these trotters ever trotted as fast in a race as the daughter of Axworthy did, and her record consequently stands as the fastest ever made by a trotter in a race. It is a remarkable fact that seven of the world's champion trotters since the fastest record was placed below 2:20 have never held the world's race record. These seven are Union, 1:58; Lou Dillon, 1:58½; The Abbot, 2:03½; Sunol, 2:04½; Day Eye See, 2:10½; Saint Julien, 2:11½;
