TEMPERATURE FREEZES

W. E. Safford, in a lecture before the Botanical Society of Washington, recently called attention to the great botanical interest attaching to Paradise Key, an island in the heart of the Florida Everglades, some ninety miles south of Lake Okechobee. This island is unique as an example, within the United States, of a subtropical jungle unspoiled by man. Tho the temperature sometimes falls below the freezing point, many tropical plants abound, including lofty royal palms, which have given the name of Royal Palm State Park to a tract of land in which Para-Park to a tract of land in which Para-dise Key is included.

Ice plants have been fitted up at Landikotal and Dakka, and an attempt is being made to supply a pound of ice daily to each British soldier. Special huts have been equipped in the Khyber district for the treatment of heat cases. The violent epidemic of cholera, which broke out in June, lasted nearly three weeks. There were 1663 cases and Eariscourt is to have a great peace day celebration next Saturday, the day set apart for a general holiday in commemoration of peace. Royce Park, at the corner of Lansdowne and St. Clair, is the location where the celebration will take place. The B.I.A. Boys' Brass Band will play selections thruout the cay and at night there is to be a monster torchlight procession, in which the leading local residents of this section will march. Automobile owners will decorate their cars and will be in the procession. The arrangements as to details are in the hands of the executive committee of the British Imperial Association. Mr. W. F. Maclean, M.P., is to be invited to speak and the aidermen for ward six are also to make, short speeches on the xdvantages of peace and reconstruction of the world.
