DROPPED TO HER DEATH.

Mrs. Annie Dyer, Who Murdered Many Babies, Paid the Awful Penalty in London Yesterday.

London, June 10.—Mrs. Annie Dyer, the Reading baby farmer, who presumably murdered scores of infants entrusted to her care, was hanged in Newgate Prison at 9 o'clock this morning. The weather was rainy, but the crowds in the vicinity of the prison were as large as the available space would accommodate. When the black flag was hoisted, indicating that the Reading ogress had paid the penalty of her crimes, the crowd cheered loud and long. Since she was sentenced to death Mrs. Dyer attempted twice to commit suicide in Newgate Prison. Lately she was watched day and night and was deprived of everything except her most necessary clothing, even her hairpins having been taken from her. The woman was completely dazed when she was led to the scaffold this morning, and had to be supported by the wardresses who have had her in charge since she was sentenced to die.

Although Mrs. Dyer was clearly proved to have committed numerous murders of infants, she was tried on a selected case, that of killing a little girl, the child of a barmaid, which she had adopted for the sum of £10. The child was strangled with a piece of tape and its body sunk in the Thames at Reading. The bodies of seven other children, who had been similarly strangled, were found in the river at the time that the body of the barmaid's infant was recovered.

Railway News.

The C.P.R. will place a special train on the route between Toronto and Owen Sound for summer service, commencing June 22. This train will connect with the boats for Sault Ste. Marie and Port Arthur. It is reported that the Grand Trunk will put on a train to make the run between Toronto and Montreal in eight hours, but the report was denied by the authorities.

The Grand Trunk have succeeded in filling up the washouts between Newmarket and Holland Landing, and the regular passenger trains were run out that way yesterday.

The Western railway lines have been notified by Assistant General Passenger Agent Hughes of the Grand Trunk that that company will be unable to pro-rate with them without the authority of the joint traffic association.

The Government car Cumberland was sent east over the Canadian Pacific line yesterday to Ottawa to bring some of the Ministers west.

Mr. Benfield, formerly Grand Trunk telegraph operator at Toronto Junction, has been removed to Woodstock to take the place of Mr. Park, who has been transferred to Beachville.

Cornelius Vanderbilt, jr., is the second son of Mr. and Mrs. Cornelius Vanderbilt. He is a graduate of Yale University, about 23 years old.

A Strange Affair.

Buffalo, N.Y., June 10.—The News today says it has obtained proof conclusive that E. B. Wilson of Idlewood, N.Y., Lake View, N.Y., North Evans, N.Y., South Bend, Ind., Buffalo, N.Y., more recently of Niagara Falls, N.Y., and at present a resident at large of the Canadian frontier.

SEND A BISHOP TO JAPAN,

MEMORIAL FROM THE TORONTO ANGLICAN SYNOD

To the General Synod of Canada Favoring the Establishment of a Canadian Diocese in the Oriental Empire—Appointment of Standing Committees and Discussions of Church Funds—Missionary Conference at Night.

Yesterday's session of the Synod of the Diocese of Toronto was devoted chiefly to routine business. An early adjournment was made in the afternoon in order to allow the delegates to visit the See House on the invitation of Bishop and Mrs. Sweatman. The evening session was taken up with an interesting discussion of mission work in all fields.

At the morning session Rev. Canon Sweeny and Mr. G. B. Kirkpatrick were appointed delegates to the Inter-Diocesan Sunday School Conference.

Work in Aid of Prisoners.

A communication from the Prisoners' Aid Association, setting out the platform of the organization, was received and read to the synod. A standing committee was appointed to cooperate with the association in seeking to prevail on the Ontario Government: (1) To make more efficient provision for the classification of prisoners at the Central Prison; (2) to reorganize the Reformatory for Boys; (3) to consider the propriety of making the Victoria Industrial School at Mimico a provincial institution and free to all municipalities of the province; (4) to establish an Asylum for Inebriates.

Mr. S. H. Blake objected to the report submitted by last year's committee on this work, which regretted that the Ontario Government had not seen fit to carry out any of the suggestions of the Prisoners' Aid Association. Mr. Blake stated that the Government had appointed a female Inspector of Prisons and was enlarging the Central Prison. He earnestly hoped that the Government would see fit to classify the prisoners in the latter institution.

Delinquent Parishes.

In striking the Church Extension Committee quite a discussion arose over the proposal to leave off the name of Rural Dean Cooper of Campbellford, heretofore chairman of the committee, because his parish for fourteen years had not paid its assessment.

Rev. Mr. Cooper pleaded that it was not his fault that his parish was behind.

The Bishop strongly censured the parish for not bearing its share of responsibility.

On a vote Mr. Cooper was retained as a member of the committee.

Canadian Bishop for Japan.

The special committee appointed to deal with the question asked the Synod to present to the General Synod a memorial advising the erection in the west of the Japanese Empire of a diocese of the church in Canada; the Bishop to be selected by the General Synod, take his name from one of the cities in his diocese and be paid a salary of $3000, this sum to be raised by the various dioceses in Canada, and the diocese to be under the full control of the Canadian church until such time as it becomes self-supporting.

Rev. Dr. Mockridge and Rev. T. C. Macklem spoke strongly in favor of the adoption of the committee's recommendation, but on motion of Mr. Barlow Cumberland the report was laid over for discussion this morning.

Tenants Far in Arrears.

The report of the Toronto Rectory Committee, presented by Rev. Dr. Langtry, showed that tenants of church property in the city are in arrears on their rentals to the extent of over $5700.

Defects in History.

Archdeacon Boddy presented the report of the Committee on Public School Text-Books, stating that certain defects in the History of England for High schools had been brought to the attention of the Education Department and that a new edition was being prepared which would likely be more accurate.

In the discussion of this report, Rev. J. P. Lewis of Grace Church, Toronto, pointed out some of the defects in the History spoken of. The text-book complained of was written by a Roman Catholic lady and from a Roman Catholic standpoint, and throughout it spoke of the Church of England as the "new" church as though it were first established in Henry VIII.'s reign, whereas as a matter of fact the English Church was fully organized with bishops, clergy and all 300 years before a Roman prelate set foot in Britain. The Church of England was fully established at the time of the Council of Arles in 325 A.D., whereas the first of the Romish clergy reached England in the year 598. Therefore in referring to the Anglican Church as the "new" church and to the Roman Catholic as the "old," the History book in question did an injustice to the former, for it deprived her of all the honor of the great work done prior to the Reformation, including the evangelization of Germany.

Secondly, Mr. Lewis held that this text-book took a biased view of the American colonies of England, teaching that the actions of the Americans were all that was right, and that England was wholly in the wrong. He objected therefore to the text-book as one unfit for the youth of Canada to read, and as literature calculated to turn the young mind from patriotic thoughts, and from a proper view of the Anglican Church.

Rev. Prof. Clark also spoke in this connection, and the report of the committee was adopted and the committee reappointed, with instructions to watch the interests of the church in the preparation of school text-books.

After luncheon Mr. Lawrence H. Baldwin was declared elected a member of the Chapter of St. Alban's Cathedral.

Finances in a Bad State.

Mr. F. H. Ince presented the report of the Investment Committee, showing the real property of the Synod to be in a bad state owing to the depression in land values. The report was adopted.

The Synod adjourned shortly before 4 o'clock to allow the delegates to take advantage of the Bishop's invitation to visit the See House.

Needs of the Mission Field.

In the evening the Synod resolved itself into missionary conference.

The Bishop of Toronto in opening the discussion noted with pleasure that though the funds of the diocese were behind, the amounts received for diocesan, home and foreign mission work were larger this year than before. In fact there was every indication that the missionary feeling was now stronger than ever before in the history of the diocese.

Rev. R. H. McGinnis of Hastings, the next speaker, dwelt on the needs of the diocesan field. Both men and money were needed, he said, and he showed how funds were needed to erect church buildings and to keep up the little stipends of the missionaries, who found it hard enough to live if paid in full, but suffered severely if their cheques were made out for smaller amounts than they were promised for. The speaker held up the liberality of the Methodist and other churches as an example worthy of imitation by the Church of England.

Mr. N. H. Davidson of Toronto said the receipts for diocesan work amounted to only about $10,000, whereas if each of the 19,000 communicants in the diocese would give $1, the receipts would total $20,000, a sum which would place the field on a strong basis.

Rev. Dr. Mockridge took up the field of domestic missions. The Canadian episcopate, he said, was still in its infancy, and it was only 16 years ago that the church in Canada turned its attention to domestic and foreign missions.

The work in Rupert's Land, the chief domestic field, with the Primate of all Canada as its head, was next described at some length, the speaker in passing eulogizing the Hudson's Bay Company for the systematic aid it afforded the church and its workers. A great deal of the success of the church in the Great West was also, he said, due to the munificence of the missionary societies of the Old Land.

Rev. F. H. Du Vernet of Toronto was given the foreign field of Japan as his subject, and for a time he talked interestingly of the several workers sent out from this country to the land of the Rising Sun.

Rev. T. Street Macklem following delivered an effective appeal in favor of the sending of a Canadian Bishop to Japan.

Only those who have had experience can tell the torture corns cause. Pain with your boots on, pain with them off—pain night and day; but relief is sure to those who use Holloway's Corn Cure.

A Good Suggestion.

A gentleman who has watched the progress of fires in other cities says it is time the Street Railway Company and the fire brigade came to some arrangement by which an overhead carrier is erected across the tracks for the hose during the progress of a fire, and thus allow the cars to continue running. He also suggests that the police should be more stringent in keeping the crowds away from fires and that in the morning after a fire inquisitive teamsters who merely wish to drive past to see what happened should be prevented from doing so, as the effect is to block traffic generally.

never packed Bird Seed. We do. That is why we have no time to be politicians. All our time is occupied in watching the interests of our little feathered songsters.
Do you ever think that you can make your canary happy and sing more sweetly by giving it Brock's Bird Seed? In each 10c 1-lb. pkt. there is a cake of BIRD TREAT—much appreciated by the bird-loving public. Ask your grocer, druggist or flour and feed dealer for it, and see you get it.
