

### To the Trade

May 6th.

### Organization

of our different departments, under competent heads, is to a considerable extent the cause of such great activity in our warehouses.

We know that to participate in a share of business there must be no indifference to the conditions of trade.

The demand at present in general dry-goods is for light texture dress goods, hosiery, underwear, muslins, lawns, laces, etc. Our stock is fully assorted with the very best value.

FILLING LETTER ORDERS A SPECIALTY.

### JOHN MACDONALD & CO.

Wellington and Front Streets East, TORONTO.

### COL. DENISON IN LONDON.

Interviewed by Express, He Talks of Effect of Shipping Combine.

The opinion of Col. Denison has been sought by the papers of London, Eng., since his arrival in England, on the danger to imperialism of the Morgan Trust in getting control of the commerce of Canada.

Colonel Denison, president of the British Empire League in Canada, and a leading citizen of Toronto, points out how the Morgan trust can obtain control of the Canadian Pacific Railway—the strategic centre of the empire—and thus render futile any attempt of Canada to fight the trust.

What action will the Canadian government take?

The Shipping Trust has it in its power to divert the whole stream of emigrants from Canada to the United States.

It would also arrange rates so as to induce everyone to go to the United States in preference to the smaller number.

This would be an easy task, for the trust controls the railway systems of America.

The reply of the Canadian government may be to charter their own vessels, fix their own rates and hurry on with a fast Atlantic service.

The Canadian government officials in London are naturally reticent. Inquiry made yesterday elicited the statement that nothing could be said for publication—at present.

The acute position intensified by the next move of the Atlantic Trust.

Buyers Up the C.P.R.

Anticipating that the Canadian government will give an emphatic refusal to their demands, and rely on its great railway, the Canadian Pacific, to meet the independent, the trust proceeds quietly to buy up Canadian Pacific stock, so as to get the line into its power.

On this point no higher authority can be quoted than Colonel George T. Denison, one of the staunchest imperialists of Greater Britain.

This gentleman arrived in London on Wednesday. He is president of the British Empire League in Canada, a leading citizen of Toronto and a soldier of distinction.

He gave an "Express" representative his views on the imperial interests involved in the combination. He coincided in a most startling manner with our information.

"The full development of the combine is yet to be seen," he said. "It is quite unnecessary for I fear that they will buy up the Canadian Pacific Railway, and thereby control all the lines that possibly feed the shipping."

"In that way they could prevent the possibility of any competing line being established."

"Canadian Pacific shares have risen very much of late, indicating, of course, considerable interest."

Colonel Denison continued to enlarge on the adverse power that could be exercised by such a combination.

"Coming over on the ship from New York," he said, "I was told that one of the captains of the old Home Lines had been obliged to take the oath of allegiance to the United States government."

"If that is intended to be the policy with reference to the officers of the lines going into the combine, then it is a serious question for the empire."

"Under the heel of the trust, England could not even wage war against the United States, at least not until we have lines grain that take from Canada enough grain to feed the Mother Country."

"We grow 70,000,000 bushels of wheat in the Northwest, and did our best to get a fast line of steamers from England to Sydney, Cape Breton. But we were not helped."

Britain's Weakness. "Now that the combine is so advanced we see the terrible weakness of the Mother Country in having her food supply in the hands of foreign and possibly hostile countries. Yet the English people howl at a trivial duty on wheat."

"What of the royal adjuration to 'wake up'?" Are the English people waking up by allowing the Americans to seize their mercantile marine under their very noses?"

"The proposed is not a pleasant one. For purposes of which we are only beginning to see the real and the Atlantic is on the point of passing into the power of America."

Canada is next attacked. Of what use would the vast harvests of wheat that the Northwest can grow be to us when the Canadian Pacific Railway was in the hands of the same controlling power?"

There is, furthermore, the question of the Pacific to be considered. It is the natural ocean of America, and could be controlled with scarcely an effort.

### CHILD WEAKNESS.

You can worry for months about your weak child and not succeed in doing it a fraction of the good that comes from little daily doses of Scott's Emulsion.

The cure of child weakness is not the matter of a day but of steady common-sense treatment.

Children like Scott's Emulsion and thrive on it. Perfectly harmless yet powerful for good.

Send for Free Sample. SCOTT & BOWNE, Chemists, Toronto.

Ever imagine you'd like to own a nice Raglanette Rain Coat?

We sell the best 10 dollar Coat in the city, and at 12 and 15 dollars we simply discount all comers.

Olive and grey shades seem to find the most favor.

Drop down—we'll be pleased to see you in anyway.

### YORK COUNTY AND SUBURBS

W. C. Irwin of Dundalk Purchases Property at the Junction for Sash and Door Factory.

AGREEMENT WITH HUBBER POWER CO.

Permission Given to Supply Power for Lighting and Commercial Purposes.

Toronto Junction, May 5.—Property in Toronto Junction has gone up rapidly during the past few months. The town lot at the corner of Vine and Keele-streets, which, by resolution in Council, was nearly sold for \$3500 a short time ago, was to-night sold to W. C. Irwin of Dundalk for \$4500.

At a meeting of the Executive Committee last week, Mr. Irwin offered \$3800. Tonight he amended his offer by adding \$700 to his former offer. The site is close to the C.P.R., and will be used as a sash and door factory.

An agreement was entered into with the Hubber Power and Light Co., which read as follows: "That permission be granted to the Hubber Power and Light Company to do business in the town in the way of supplying private electric lighting, also power for commercial purposes, said privilege not to be an exclusive one, and to remain in force so long as they continue to supply private electric lighting."

Mr. Irwin's offer was received from Mr. Anderson on behalf of Mrs. Culham of Lambton Mills, from whom the Council has a gravel pit leased. She complains that the Council has violated the terms of the lease by digging on other premises, also that they have not fenced in the pit. No action was taken. J. A. L. Macpherson, Clerk, was appointed Assessment Commissioner, and his salary was increased to \$1000.

E. R. Rogers got the contract for supplying bluestone at \$7.50 per 100 pounds, and zinc at \$5.75 per 100 pounds.

The Ebolioko Township Council held its monthly meeting at Inistong yesterday. Rev. J. Bruns presiding. A communication was received from Mr. Anderson on behalf of Mrs. Culham of Lambton Mills, from whom the Council has a gravel pit leased. She complains that the Council has violated the terms of the lease by digging on other premises, also that they have not fenced in the pit. No action was taken. J. A. L. Macpherson, Clerk, was appointed Assessment Commissioner, and his salary was increased to \$1000.

E. R. Rogers got the contract for supplying bluestone at \$7.50 per 100 pounds, and zinc at \$5.75 per 100 pounds.

## Fairweather's Reputation

Stands By Merit Alone

We've built our reputation on merit—merit of quality—merit of style—merit of good value—and big money's worth in the hats we sell—it may be that since our extensive alterations and the general enthusiasm of spring selling we have overlooked emphasizing the lower-priced goods --but we make special mention of them to-day—and while we have felt hats in the house that sell for 10.00—we put all our talk around stylish Derbys and soft hats—the newest blocks—English and American—in blacks and the newest summer 2.00 shades—at.....

And there's many a hat sold hereabouts for 2.50 and 3.00 that is not the equal of these two dollar lines of ours—and we find them a string to your money—for if you don't let them as we say we'll buy them back.

J. W. T. Fairweather & Co. 84-86 Yonge — 446 Queen W.

35 Odd Diner Sets Regular price \$8.50 to \$11.50, Wednesday 5.50.

35 English Porcelain Dinner Sets, most of them decorated with gold edges, gold illumination and tracing, including a variety of choice patterns, in green, dark blue, pink border, enamel and floral designs, each set includes set of 17 pieces, 100 pieces and 105 pieces, regular prices \$11.50, \$8.75, \$8.35 and \$8.90, Wednesday 5.50 day.

### LUMBAGO.

A NOVA SCOTIA MAN HAS FOUND A SURE REMEDY.

Claims That Lumbago Can Be Cured —He Himself Had Suffered for 25 Years Hopes for Apparently Hopeless Cases.

Economy Point, N.S., May 5.—(Special)—Mr. George S. McLaughlin of this place claims to have found a remedy which will cure any case of Lumbago.

Mr. McLaughlin himself has been a great sufferer with a lumbago, and he has sought relief in very many treatments and remedies.

At last, however, he came across a medicine which completely cured him, and which he claims, any sufferer from Lumbago should be told of.

"I was troubled with Lame Back for 25 years or more," says Mr. McLaughlin. "I was so weak I could not turn myself in bed. A slight cold or hard lifting would bring on a fearful attack and give me awful pain."

"I had tried many medicines and treatments, but never found anything to do me any good until I heard of Dodd's Kidney Pills."

"My brother, who kept a small grocery store and sold medicines, told me that he had heard that he had cured a great many cases of Lumbago, and he advised me to try them."

"I commenced a treatment, and in a short time all the pain left my back, and I became as strong and spry as ever."

"Wonderful to say, I have had no return of the terrible lumbago since I was cured, and I have said nothing about it, for I was afraid it would come back, and that I would have to keep on using the Pills in order to be well."

"It is now some years since I was cured, and I believe Dodd's Kidney Pills will cure any case of Lumbago or Lame Back, which he helped me out, and nobody could have done more for me than I had."

These water colors are the recent work of Mr. W. Joseph Wadhwa, president of the South Australian Society of Artists, and Mr. A. Sinclair, ex-vice-president of the same society. The collection includes 40 pictures of the highest grade of water color art, and should attract the attention of admirers of the paintings.

On view Thursday and Friday, May 8th and 9th. CHAS. M. HENDERSON, Auctioneer. MR. EDWARD O'BRIEN, Manager.
