special notice of the landscape gardening being done under the supervision of Mr. W. S. Brooke, member of the I. C. E. M. & C. E. and R. S. I. of Great Britain. Mr. Brooke has achieved some very notable successes in landscape gardening in England, and those who know, say his work in laying out

is second to nothing of its kind in Canada. In fact few cities on the continent can boast of a district of such natural as well as artificial beauty. We ask motorists especially to notice this district as it is the one perfect location for a colony of automobile owners.

"Oakwood" ON THE HILL

Take the car to "Oakwood" for the "24th." It would be a good outing anyway and if you are looking for a spot to locate your new home or for a land investment, why it will prove a very profitable outing.

St. Clair Avenue runs along the northern end of "Oakwood" and Ossington Avenue makes the eastern boundary. The land is high and dry and is beautifully wooded. "Oakwood" is putting money in the bank at an enormous interest. The price of land will have doubled in a few years.

MAJORITY AGAINST AMYOT

Sixteen Council Members Opposed--Canvass a Warm One.

"There are 16 of the 25 members of the city council who have committed themselves against the appointment of Dr. Amyot as city medical health officer."

This is the statement made by one who is closely in touch with the situation. Whether the assertion is well based or not, will not be determined until the return of Mayor Geary, who is being circled by friends and several weeks. No action is to be taken in the meantime.

It is said that the canvass for the position is with a parallel in city history. Letters by the score in behalf of Dr. Amyot, Dr. Acheson, Dr. Goodchild, Dr. Noble and Dr. McCullough are being circled by friends and telephone calls at any and all hours are the order. An elaborate booklet setting forth Dr. Goodchild's qualifications is another evidence of the strenuousness of the struggle, in which lodge influence is prominent.

An anonymous circular letter, urging that Dr. Amyot be made M. H. O. before the mayor's return caused a flutter at yesterday's council meeting, when the matter was discussed. A newspaper reference to it. Whether the mysterious communication was inspired by friend or foe is unknown.

The letter, which enclosed a memo of arguments for and against Dr. Amyot, "which should be of the greatest assistance to you in coming to a right conclusion," says in part: "If you take advantage of the opportunity presented, and bring forward his name, you will place yourself right with all sections of the community whose influence you wish to retain. You will make a reputation for yourself as a far-sighted and keen politician. There are one or two matters by requiring immediate attention of one well qualified if the public generally become aware of these conditions, there will be an outburst which no member can withstand. Neither the public nor the press will tolerate the appointment of an inferior man. If you adopt the other course and fall to take advantage of the chance of making yourself solid, you will be slated to almost certain defeat. The writer is aware that this course has been determined on by not only the Knights of Columbus, but also by the medical profession and the university people generally, and most of whom, by the way, are Conservatives. You will also remember that if you do not make the move before Mayor Geary returns, that he will find a position which will make your vote then come too late. The statement has already been whispered to almost every Catholic in the city that he has committed himself to some Orange Lodge. It is to be hoped you will see the advantage there is for yourself in taking a reasonable course."

Realty and Building

It is reported that Hobbler Bros. & Co. have already leased the three properties on the east side of Yonge-street immediately south of Richmond, which will be incorporated in the new building scheme. The corner store, with a frontage of 20 feet on Yonge and a depth of 68 feet on Richmond, has been leased for \$12,000 a year. The adjoining property, 18 by 68 feet, has been leased for \$9,000, and the third, 12 by 68 feet, for \$3,000. The leases are to run 10 years.

Oakville has been attracting public attention as a suitable location for summer homes, and certainly it has many claims to consideration in this respect, chief among which perhaps is its proximity to the city. Riverview Park, Oakville, is one of the properties now on the market, which commands itself to the investor, on account of its natural advantages as regards location and beauty of surroundings. On another page you will find further description of the property. Read it, it will interest you.

ROYALTIES AT LARGE

Half-a-Dozen Kings Took Informal Stroll in the Park.

LONDON, May 23--Defying anarchists and disregarding their advisors' protests, the Kaiser and half a dozen other royalties, including King Frederick of Denmark and King George of Greece, to-day strolled like private citizens in the park at Buckingham. The group of rulers walking leisurely thru the crowded paths, doing their share of gazing at places of interest attracted the passers-by, who, however, were compelled by etiquette to pretend to take no especial notice. King Manuel of Portugal, however, remained in seclusion, as he has since his arrival. On account of the assassination of his father, King Carlos, and of his brother, the boy has a wholesome fear of a similar fate.
