**Mr. and Mrs. James Myles Observe Golden Wedding Today**

**Family Gathering at Home in Wright Street in Honor of Event.**

Telegrams and messages by letter and cards are pouring in to Mr. and Mrs. James Myles, who are today celebrating their golden wedding at their home at 173 Wright street. They have, the pleasure of the company of their whole family for the occasion, two married daughters, Mrs. Ernest R. Tennant, of Cranbrook, B. C., both being guests of their parents. Mrs. Kinghorn is accompanied by her small daughter, Miss Eleanor. Mrs. Tennant's two children are at home with their father and with little Miss Eleanor. The guests of the occasion are Mr. and Mrs. Myles. Mrs. W. L. Beville, another daughter, resides in Saint John, an aide Miss Blanch Myles of the Saint John High School teaching staff and Miss Laura Myles of the Winter street school.

**GROOMSMAN IS LIVING.**

Mrs. Myles was formerly Miss Eleanor Albin, daughter of the late Mr. and Mrs. James Albin, of Saint John. Mr. Myles came from County Fermanagh, Ireland, when a boy of 17 years and early in his twenties married Miss Albin. The ceremony was performed at home by the late Rev. Edwin Evans, D. D., an honored member of the former N. B. and P. E. I. Methodist Conference, at that time pastor of the Exmouth street church, of which the bride and groom were both members. Miss Annie Ring, who was bridesmaid, died some years ago. The best man was a prominent young specialist in the city, Dr. G. R. J. Crawford, of 34 Sydney street, who is still active and a familiar figure in his profession. Not many of the wedding party, which was quite large, are living, but those who remain have sent messages of good wishes and gifts to their friends of 50 years ago.

It was a pleasure to see the home made lovely with flowers this morning and everything in readiness for the reception which is being held this afternoon and evening. The beautiful day is making possible the calling of many of their older friends, as well as the younger members of the community, with a large contingent from Exmouth street United church, where Mr. and Mrs. Myles were married. Activities outside their home since Mr. Myles retired from his business as a contractor and builder, two years ago. It was cause for congratulation, one member of the family said, that the parents were so well and able to enjoy without any reservation the celebration of such a notable event.

**Shower is Given as Welcome to New Pastor of St. Phillip's.**

Members of the Helping Hand Society and of the Willing Workers' Society of St. Phillip's Church, together with other friends, called at the parsonage of the church last evening and gave the new pastor, Rev. C. M. Morgan, a bounteous shower of groceries as a welcome to the pastorate. Mrs. J. H. Graves made the presentation on behalf of the company and in a neat speech expressed the purpose of all to co-operate in the work of the church under the new leadership. Rev. Mr. Morgan expressed his pleasant surprise at the presentation and spoke words of appreciation on behalf of himself and Mrs. Morgan and told of his desire to continue the good work so well begun and carried on by his predecessors. A happy social hour followed.

Rev. Mr. Morgan, who is the presiding elder of the A. M. E. church in the Maritimes, came to Saint John from Halifax to assume the pastorate at St. Phillip's.

**CAN IT BE REMEDIED?**

Complaint was heard in the Union Depot today because passengers arriving on the C. P. R. Express at 12.33 were forced to wait the full length of the platform on the outer track to a point just outside the building in order to get around the C. N. R. train soon to depart. The close proximity of these mid-day trains and the nearness of their arrival and departure, it was said, was often confusing to strangers.

A. leaders in Colorado last year, and at that gathering he was appointed to make this far Eastern Canadian tour.

**IS MENTIONED FOR CANDIDACY HERE**

**Dr. W. W. White Has Been Four Times Mayor of Saint John.**

Among the names of prominent Conservatives mentioned as possible choice of the party in the forthcoming federal contest is that of Dr. Walter W. White. Aside from his prominent place in the professional councils of the city, province and the Dominion, Dr. White has been closely identified with civic affairs, public school management, military and social life, and as an industrialist in the milling and lumbering interests.

In 1895 Dr. White was elected alderman for Queens ward. In 1902 he was elected Mayor. Next year he was returned to the chief magistracy by acclamation. In 1903 he defeated Edward Sears for the Mayor's chair, and a fourth year as Mayor was once more by acclamation. Dr. White has also filled the position of warden of the municipality.

In such industries as the Saint John Iron Works, as additional to his lumber interests, Dr. White has been an executive. He has been a director for the Bank of Nova Scotia, and then the Bank of Nova Scotia. He has been chairman of the finance committee of the Board of the Canadian Artillery. For years he has been surgeon of the Military Hospital. Dr. White's last activity in politics was in support of R. W. Wignome's candidature in the Union Government party during wartime.

**GETTING READY FOR MEET IN WINNIPEG**

**Saint John Board of Trade Hears Good Reports of Maritime Preparations.**

The Saint John Board of Trade has been asked to exert every effort to secure as many representatives as possible from the various boards throughout the Maritime Provinces to the National Economic Conference, to be held at Winnipeg on November 16, 17 and 18. There are 16 Boards of Trade in the Maritimes and it is hoped that as many as possible will have representatives at the conference.

Matters to be submitted with respect to the eastern provinces are already in the course of preparation and will be looked into at the meeting of the Maritime Board of Trade in Charlottetown on November 4, preparatory to being submitted to the Winnipeg conference. Considerable progress has already been made, it was said today, and the Boards of Trade of the three lower provinces have been working jointly in respect to these matters, which have to do largely with Maritime rights.

**N. B. GOVERNMENT PROVIDES ITS SHARE**

**Financing of Preparation of Maritimes' Case in Freight Rates Matter.**

F. Macdure Scuders, commissioner of the Saint John Board of Trade, announced this morning that the New Brunswick Government had already authorized the granting of its share of the cost of the transportation expert in connection with Maritime freight rates. New Brunswick's part of the cost, amounting to \$4000, has already been placed in the bank for this special purpose, and Hon. L. P. Tilley, M. L. A., and A. P. Paterson have been authorized to issue checks against this fund for the purposes for which it has been provided.

It is expected that similar arrangements will be made by the governments of Nova Scotia and Prince Edward Island in regard to their share in carrying for the expense entailed in preparing the Maritime freight rate case.

**SAY RUM RUNNERS ON KENNEBECASIS**

**Reports of Activities in Landing Cargoes at Renforth District Are Heard.**

Reports of alleged activities of rum runners along the shores of the Kennebecasis River, especially in the vicinity of Renforth, are current. During the last two months motor boats, it was said, had landed cargoes of liquor, and the wet goods were speedily loaded into automobiles, which headed in the direction of the city on some occasions and on others up the line.

Residents in the locality have often heard motor boats in the early hours of the morning, and heavily laden automobiles were seen passing a short time later. Lights are reported to have been seen on Long Island, and these are alleged to have been caused by rum runners, who are said to have caches there at times. Thus far, it is said, the authorities have not been able to curtail the activities.
