Why Bleachodent Is Safest Way To Whiten Dark Teeth

Bleachodent Combination whitens dark, dingy, spotted, stained teeth in an entirely new safe way. Contains mild liquid and emollient paste. Liquid is highly scientific and embodies certain harmless ingredients which soften surface stain, without affecting enamel in any way. Paste gently removes these softened stains. Perfected by two prominent dentists, who used it on their own teeth and their patients' teeth for four years, before offering it to the public. Its safety is proven. Stained teeth soon appear clean, cause tooth decay and bad breath. Get Bleachodent COMBINATION today, for small cost. Beware of cheap liquid imitations. At all good dealers, such as E. B. Glendon, Brown, E. W. Hawker & Sons, W. Hawker & Sons, Royal Pharmacy, Ross Drug Co., A. Chisholm & Smith & Co. Ltd.

THE PLAYGROUNDS

At the St. John playgrounds, now open for the 1924 season, the attendance thus far has been excellent, according to Miss Emma I. Heffer, general superintendent, at the monthly meeting yesterday. It was decided that members of the Playgrounds Association would visit the playgrounds on July 23. The committee decided to purchase no street car passes this year for playground leaders except for the West Side if they lived in the city, and for Miss Heffer. Miss Alice Dever denied that school chairs were taken from the assembly hall of the St. George school last year by the children. She declared that the only time the chairs were on the grounds was on the closing day when they were brought out for the visitors. The committee expressed pleasure that more experienced children will take part in a physical exhibition before the grand stand at the St. John Exhibition this fall. Captain Mulahy said that he had supplied fifty Union Jacks for the West Side children to use for their drills, and added that he had others in reserve if needed.

FOR ORPHAN SCHOOL.

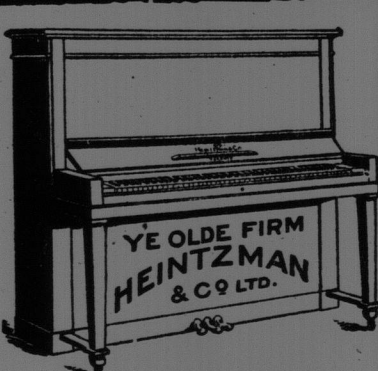

Plans and specifications for a new school building in Manawagonish road are to be drawn up by Garnet W. Wilson for the orphanage building, according to a decision of the building committee of the New Brunswick Protestant Orphan's Home. It is planned that the building be ready for use by November. Tenders are to be for either brick or wood construction. The committee will decide whether there will be sufficient funds for the brick construction. The new building will contain three class-rooms downstairs and one class-room upstairs in addition to the large auditorium. The site chosen is on the left side of the main building.

Grass Stains.

Grass stains may be removed from white goods by spraying with ammonia water. For silks, alcohol or chloroform is better.

Drawnwork Popular.

Lines of drawnwork decorate volles, crepes and silks and are one of the most popular forms of trimmings.

Unbreakable Myers Tubes

Unless you deliberately try to break a Myers Tube, nothing that happens to it in ordinary use can hurt it. Myers Tubes stand the hardest wartime usage on portable sets—proves their power to give volume and clarity in receiving long-distance broadcast because the design is right.

Practically Unbreakable

Two types for dry and storage batteries. Complete, no extra equipment needed. Demand Myers Tubes from reliable dealers. Otherwise send price and be supplied postpaid.

E. B. Myers & Co. Ltd. MONTREAL

To The Patrons of The Late Week-End Car to West St. John

The special late car to West St. John, leaving head of King Street at 12.30 A. M. Sunday will be discontinued until further notice.

Should conditions warrant, we shall be glad to again re-instate this service in the late Fall and Winter months.

We thank you for your patronage. New Brunswick Power Co. 7-7

LOCAL RIFLE TEAM DEFEATS HALIFAX

Sussex, N. B., July 4.—That considering its limited duration, Camp Sussex had been the most successful held since the war, was the opinion expressed by Lieut. Col H. C. Sparling, D. S. O., Camp Commandant, after the examinations and the final conferences were held this afternoon and preparations begun for breaking camp tomorrow and returning home.

Rifle Shoot.

The rifle shoot resulted in a win for the team representing the N. B. Permanent Force Association in St. John over that of the Demonstration Platoon from Halifax. The score was 545 to 484.

HOME-COMING OF CANADIANS

Says the Halifax Echo: "The boom which for a time drew Canadians over the border to the United States, seems to be on the verge of collapse. It has been shrinking for some time and is now apparently petering out. The Federal Reserve Board of the United States is responsible for the report that the production of basic commodities and factory employment both showed marked decline in May, and were considerably below the level of a year ago. This accounts for the return of many Canadians. The reported busy times and high wages are no more."

For Sore Feet—Minard's Liniment. GIVEN 3 MONTHS BY NEWCASTLE JUDGE

Newcastle, N. B., July 4.—In the police court this afternoon Basil May was found guilty of assault and occasioning actual bodily harm to George Bennett at Verdun on June 22. He was sentenced by Magistrate Demers to three months in the county jail.

AGAINST PROPOSED WAGES REDUCTION

The Trades and Labor Council went on record last evening as being opposed to any plan to lower wages for electric work. The council endorsed the idea of carrying out public works to relieve the unemployment situation, but passed a resolution condemning wages reduction and went on record as refusing to accept any reduction. F. A. Campbell.

Semi-Trimmed Wallpapers In Exclusive Patterns

For Windows.

Windows and mirrors may be washed with newspapers squeezed dry out of cold water containing a little ammonia, and wiped with dry newspapers crumpled until soft.

H.P. SAUCE

always a welcome addition to the meal—supreme with bacon, cold meats, fish, sandwiches and chicken.

A quicker job - A better job

WHETHER you employ the paperhanger or whether you do the job yourself, you can now redecorate your rooms quicker, better and at less cost than formerly.

Staunton Semi-Trimmed Wallpaper simplifies the job throughout. Its advantages over the old-fashioned papers are obvious at a glance.

Semi-trimming eliminates all the old, troublesome and uncertain methods of trimming. No scissors, knife, or straightedge are required. You simply give the ends of the roll a rap on table or floor, and the selvage falls off, leaving the paper perfectly trimmed to a thousandth part of an inch. Think of the time and trouble saved—of the litter and muss you avoid—of how semi-trimmed wallpaper reduces the paperhanger's time and cost.

And above all, think of the perfect job that results. No white edges, no imperfect seams—just a beautiful design which looks like one piece on the wall.

Ask your dealer to show you the patterns.

EDISON'S SON HAS MONEY TROUBLES

Newark, N. J., July 4.—Thomas A. Edison, Jr., attempting to follow in the footsteps of his father has met with financial reverses which have resulted in a company formed to exploit two of his inventions going into the hands of receivers. Failure of the inventions to become commercial successes resulted in the Economizer Manufacturing Company, of Orange, finding itself in the hands of a receiver. The company manufactured the economizer, a gas-line saving device, and a period timer for Ford automobiles. The younger Edison, Beatrice M. Edison and E. D. Woodward were the incorporators. Liabilities are said to be \$10,000 and assets \$18,831, inclusive of a \$10,034 patent value. This amount of assets could not be realized at a forced sale, it was stated.

BANK PRESIDENT DIES IN TORONTO

Toronto, July 4.—Arthur Wellington Francis, K. C., president of the Standard Bank of Canada, well known barrister and financial man of Toronto, passed away at his home here this morning, after a lingering illness. Mr. Francis was born in Toronto in 1848.
