Arrange for Sports.

The last Saturday in June was fixed as the date for the sports to be held under the direction of the Playground Association at a meeting of the association held on Thursday, and as the new grounds at Rockwood Park probably will not be ready by that date, it was decided to hold them on the East End grounds. MACDONALD'S CUT BRIER

MACDONALD'S "BRIER" has become a Canadian institution. Smoked by the men who made history. In the bush, on the trail, in mining camps, prospectors' huts, factory yards, on trains, steamships, in the luxurious homes and downtown clubs of our Canadian cities—Macdonald's has always been recognized as the smoke.

MACDONALD'S CUT "BRIER"—the same tobacco but in new form—maintains every Macdonald tradition since 1858, and gives to smokers—more tobacco for the money.

it was 8 o'clock before the fire was finally extinguished. F. E. Sayer said that his loss would run well into the thousands and the company carried about \$6,000 insurance. G. H. McCormack, of McCormack & Zatsman, said that his company's loss would be about \$12,000 partly insured.

An alarm rung in from box 215, called out the west side fire department at 1:30 o'clock yesterday morning. A disused blacksmith shop, attached to the rear of the C. P. O. S. winter offices, corner St. John and Union streets, had caught on the outside but was quickly extinguished by the firemen. The damage was slight.

An alarm from box 116 gave the west side firemen a run to Wiggin's wharf about 2 o'clock on Thursday afternoon. The blaze was at the end of the wharf and was easily extinguished, very little damage resulting. If it had not been discovered early, however, it might have proved very serious, as a large quantity of lumber is stored in the vicinity.

A BOARDER'S PLEA.

To the Editor of The Times.

Sir,—In view of the appreciable reduction in the price of foodstuffs generally, may I use your valuable space to draw the attention of boarding house owners to the necessity of reducing the price of board to a correspondingly proportionate decrease
