PARISIAN SAGE

The Scalp Cleanser Sold in Canada on Money-Back Plan

Tried them all and failed, thousands of people will say.
Try the real Parisian Sage and succeed as thousands have done.
In Paris Dr. Sangerboud discovered the dandruff microbe and the way to kill it.
In Paris women have most beautiful, beautiful, lustrous and wavy hair. They know about hair—and its diseases in Paris, far more than in this country. They have institutions where the study of the hair is made a specialty.
Parisian Sage is the only certain destroyer of the dandruff microbe which is the cause of 97 per cent. of hair troubles.
Parisian Sage is such an extraordinary and quick-acting rejuvenator that all druggists, who are the agents in St. John, guarantee it to cure dandruff, stop falling hair and itching scalp in two weeks or money back. It makes women's hair lustrous and luxuriant and drives away foul odors in summer.
You can obtain a large 50-cent bottle of Parisian Sage at all druggists and at leading druggists all over Canada. "The Girl with the Auburn Hair" is on every package.

WOMAN STOWAWAY
Boarded Liner by Hiding in Big Laundry Basket

New York, July 22—After the liner Niagara from Havre had been in port for several days here, the crew found a woman stowaway in the hold, securely hidden. The woman, the first stowaway of her sex ever known to have come to the port of New York, had been waiting for days for a chance to ally from the ship unnoticed.
She is a middle-aged Frenchwoman, who had a handkerchief to her face, but had no money. She refused to tell the captain how she got on board, but it is believed that she hid herself in one of the big baskets of freshly laundered linen which the ship took on board at Havre.

MOONLIGHT EXCURSION

The moonlight excursion held by the Brotherhood of Railway Employees on the river last night was enjoyed by a large number. The City Cornet Band was in attendance and played during the entire evening. A little excitement was added to the occasion when one of the party slipped from the gang plank on leaving the boat at Indiantown. He was soon rescued and suffered nothing more than a slight drenching.

The excursion was very successful and much of the success is due to the efforts of the committees having the matter in hand. The managing committee was composed of the following: Wm. Howard, president; Thomas Donovan, Walter Shaw, C. Nichols, Thos. Dean, Fred McCarthy, and J. Murphy, while the ribbon committee had the following: Edgar Murphy, Hugh McCormick, Wesley Daley, and Wm. Smith.

FIFTY GIRLS BURNED ALIVE IN FACTORY FIRE

Flames Sweep Through Building Cutting Off 125 Employees—Many Fatally Injured in Frantic Efforts to Escape

Binghamton, N. Y., July 22—Fifty persons were killed, according to late estimates and as many injured, a dozen of them mortally, in a fire which swept the four-story factory building of the Binghamton Clothing Company this afternoon. The victims were chiefly women and girls.

Early tonight twenty-two bodies have been recovered. In the city hospital and in private institutions are thirty injured. Some two score persons are known to have escaped, as by a miracle, from the building, which burst into flames like a tinder box and became a roaring furnace almost immediately after the first alarm was sounded. About 125 persons were in the factory when the fire broke out. The unaccounted for, or most of them, are believed to be still in the red hot ruins of the structure.

When the firemen came in response to the telephone alarm they were unable to get within 200 feet of the burning building and the ends of the streams from their hose were turned into steam, having no more effect on the fire than a spray of vapor upon the walls of a volcano in action. Life nets and the extension ladders of the firemen were useless. There was no chance for those caught on the upper floors, except the chance of escape by jumping, and this many took, while others fell, shrivelled their heads and did their best to rescue the imperilled women.

Scarcely one of the survivors was able to give a connected account of what occurred on the upper floors, except that when the employees there, mostly women and girls, realized that the fire call was no false alarm, and that a scene of indescribable confusion occurred. Some of the men employees seemed to have kept their heads and did their best to rescue the imperilled women.

The fire escapes were not big enough to hold all who rushed mainly to the exits and there was a rush for the windows, the girls screaming with pain as the flames swept upon them from behind and seared their bodies. Then from windows and fire escapes bodies began dropping. They fell thick and fast. The building was four stories high and many who jumped, even from the topmost floor, escaped with their lives, although most of them were badly maimed. It was on the fourth floor that most of the women operators were working and it was among these that the loss of life and injury was greatest.

SIR THOMAS SHAUGHNESSY
OPTIMISTIC REGARDING BUSINESS IN CANADA

Montreal, July 22—Sir Thos. Shaughnessy, president of the C. P. R., in an interview today asserted that the present economic situation in the dominion is by no means such as to give cause for anxiety and that he fully expects conditions to be quite normal again in the late fall.
Sir Thomas made it clear that there is no need to anticipate anything in the nature of an economic crisis in Canada. That the banks and other interests concerned had the situation well in hand, and expressed the belief that the fact that his company had recently decided to spend \$100,000,000 in extensions and new construction work during the next and ensuing years was calculated to increase confidence and have a steady effect.

WHAT HAS BECOME OF THE YOUNG GIRL?

A Plea For The Return of Miss Innocence, Quoted From Pictorial Review For August

"This is a straight-from-the-shoulder talk to the fathers of young girls. We hope mothers will read it also, but we want them to pass it on to their husbands without fail. The American father needs a jolt. And this is a jolt handed from one father to another. We are not given to deploring the passing of 'the good old days.' We believe that many decayed and useless customs have been cast aside, and that today carries much to admire and rejoice over. But we have made a mistake in letting our girls grow up too fast. There is neither meekness nor shadow in the eyes of Miss Sixteen today. Neither is she 'smart' and amusing, but she does not bring a tremulous smile to the lips of old age nor fill the hearts of men, young and old, with the fine old desire to protect and screen her from all that might hurt or contaminate. Her eyes are lively and challenge. Her bearing announces an independence that is too assertive. There is nothing reluctant about her feet. Rather they press eagerly toward the dress, manners, customs and pleasures designed for those who have plucked ripe fruit from the Tree of Knowledge.

We men are proud of this new girl's spirit, of her achievements in the classroom, of her resourcefulness and adaptability when economic conditions force her into our factories, stores and offices. We smile at her good-humoredly, and say 'Go to bed, girl!' when she elbows her way into the crowded lunch-room or trolley. But we miss the shadow in her eyes, the lily in her hand, and we do not like to think of her as the wife for our son. If we stop to analyze her position in the general scheme of life we think vaguely that she belongs in a class of her own, the class that must hold its own in the stern work-a-day world. Perhaps in preparing their daughters for the grinding, pitiless contact with those who toil, parents have taught girls at once too much and too little—too much of how to protect themselves from evil in others, too little of how to flee the evil in self. And so, flaunting her preparedness, this type throws off the mysterious veil of maidenhood, melting into womanhood.

We are sorry for this girl, sorry for her parents and we are glad to ourselves that we are not as this poor, world-worn little creature. That is because we really do not know our own daughters. We have not time to follow our girls into what we fondly believe to be a sheltered, refined life. Suppose some of you fathers put market prices into the background and for a few hours walk the sheltered path which you imagine your hard earned dollars provides for your daughters."

UNSIGHTLY PIMPLES CAME ON FACE

Sores Spread Until Face Was Covered. So Itchy Could Not Resist Scratching. Cured Entirely In About Two Weeks by Cuticura Soap and Ointment.

Clachan, Ontario.—"My trouble started with sores breaking out on the face. They came as pimples and were unsightly. These sores seemed to keep spreading until my face was covered. They were so itchy that at times I could not resist scratching them. After trying many different salves which did not stop the sores breaking out, I used a cake of Cuticura Soap also Cuticura Ointment. I believe that they cured me entirely of the sores in about two weeks." (Signed) Fred E. May, Feb. 12, 1912.

LEGS BURNED AND ITCHED

Souris, West, P. E. Island.—"My little girl, aged four years, was troubled with a painful rash on her legs. It began in a dry rash very hot and itchy and after a few days it looked like little pimples with a white top on them. Her legs burned and itched very much and she was very restless and was also cross and fretful. She used to scratch and make sores when I was not watching her. I had to leave her stockings off her as they would irritate her legs. I used to bathe her legs with warm water and use the Cuticura Soap freely, then dry her legs and rub on the Cuticura Ointment and she was cured in one week." (Signed) Mrs. P. J. Mulhally, Aug. 1, 1912.
