Queensland is essentially a land of fruit, and, taking the official annual figures, we find that the yield under this heading is given as having a value of \$380,000. Bananas formed the largest item, 4647 acres, yielding fruit to the value of \$137,597. Next comes pineapples 2171 acres, giving 286,794 dozen fruit, worth \$24,829. The third in order was oranges, 2072 acres, re-

**Wall Street Notes**

New York, May 18.—London Americans about parity. No feature.

Anthracite miners expected to reach a note late today, and it is believed they will ratify the committee's agreements.

Idle can decrease 8783 last fortnight.

At the Steel Manufacturers' meeting yesterday Judge Gary made a very optimistic speech.

Trouble in Chicago with freight handlers may result in a general strike there.

The real London is mixed, with Steel off 5 1/2, Reading up 1 1/2 and C. P. R. down 2 1/2.

Business outlook maintains its favorable features with the iron and steel trade doing a tremendous business.

D. G. Reid will not go abroad until July.

The amount of stocks floating in the street is larger than for some time past.

Many people think that several large lines of stocks have been liquidated during the last few weeks.

The market today is likely to show some improvement in a few stocks. B. R. T. I am told, will sell in the twenties next week. Information is bullish on Great Northern ores. The coppers are in line for better prices wherever the people who are interested are ready to put them up.

The metal situation does not seem to be strong.

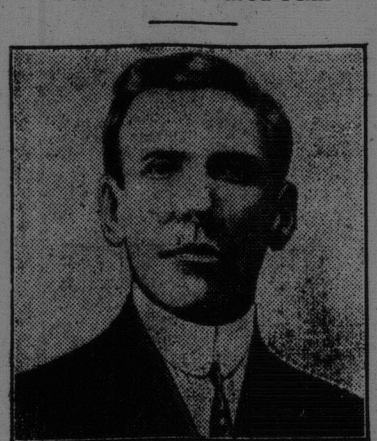

A large line of Reading stock that was sold early in the week has stopped in strong hands. Seems to be in a trading position now. The Erie stocks have been dormant for some time. Prospects for crops are good in their territory.

SHEARSON HANMILL & CO.

**FISH AT NORTHPORT.**  
Sackville Post.—The Report comes from Northport, N. S., that the herring catch this year is beyond all records. For the past few weeks the waters along the shore have been teeming with fish and the packers have made a rich haul. Over 5,000 bbls have already been prepared for market. The only complaint heard from fishermen is to the effect that the nets were too full and the catch too large.

**FEARED HE HAD CONSUMPTION**

"Fruit-a-tives" Cured Him

Hugh McKenna, Esq.

St. Stephen, N. B., Jan. 17th, 1911  
"Fruit-a-tives" have done for me. For years, I was a martyr to Chronic Constipation and Stomach Trouble. I was greatly run down and my friends feared I had Consumption. I tried numerous doctors and all kinds of medicines, but received no relief until advised to try "Fruit-a-tives" by Mr. McCrory.

St. Stephen, and am pleased to say that I now enjoy excellent health. "Fruit-a-tives" are the best medicine, mild and strongly advise my friends to use them."

HUGH MCKENNA.  
"Fruit-a-tives" is the only medicine that will positively and completely cure Constipation. This wonderful compound of fruit juices acts directly on the liver, causing this organ to extract more bile from the blood, and to give up more bile to move the bowels regularly and naturally.

Box a box, 6 for \$2.50, trial size, 25c. At all dealers or sent on receipt of price by Fruit-a-tives, Limited, Ottawa.

**D. A. FOX HAS CLOSE CALL**

Bench He Was Sitting on Splintered as Walking Beam of Steamer Breaks

The steamer D. J. Purdy met with an accident in Grand Bay this morning. The walking beam broke and the pieces crashed through the wood work and parts went through to the engine floor. The tug boat "Admiral" was sent from Indian town in response to a call for help and towed her from Ketejeb to Indian town. Repairs will be made at once, but meanwhile the "Admiral" will be sent to the Washedemoak to take her place. She will leave this evening after her arrival from Fredericton, but it will probably be after six o'clock before she can make a start.

D. Arnold Fox had a narrow escape from serious injury if not death. He was seated on the lee side of the wheel house when the crash came he just had time to throw himself to the ground. The other men on his position to safety. The bench he was sitting on was struck and splintered.

**CHANGE IN THE CALENDAR TO BE CONSIDERED**

Rev. Dr. Raymond Brings Home News of Plan Proposed by Sir Sanford Fleming

After having attended the sessions of the Royal Society in Ottawa, Rev. Dr. W. O. Raymond returned to the city at noon today. The meeting was very representative, he said, and well attended. Some of the most learned scholars and scientists were present, and every province was represented, while the Duke and Duchess of Cornwall and Princess Patricia honored the meeting with their presence at the lecture given by Colonel Lowther. The other maritime province delegates were Doctor Bailey of Fredericton, and Doctor McKay of Halifax.

Several recommendations were passed to be brought before the dominion government for consideration. Amongst these might be mentioned a matter brought forward by Sir Sanford Fleming to have an amendment made in the calendar so that New Year's Day would stand by itself, there would be an extra month between July and August, each month would consist of four weeks, and every day would fall on the same date in succeeding years.

**ACCUSED BARON PLEADS**

Rome, May 18.—The trial of Baron Vincenzo Paterno, a former cavalry lieutenant in the Italian army, was continued today in Camera. The public were excluded. In answer to the charge that he had strangled, stabbed and then shot Princess Giulia Trigoire Sant'Elia, lady in waiting to Queen Helena, and afterwards attempted to commit suicide, Paterno declared that the crime originated from his jealousy. He said he had intended to commit suicide, but in a moment of aberration unconsciously killed the princess.

**MR. FISHER HOME.**  
W. Shivers Fisher returned to the city today having made a trip across the continent to Vancouver, visiting many cities throughout and establishing business and opening new territory for his firm. He said this afternoon that he was greatly pleased, at almost every city in which he sojourned, to hear talk of St. John, and old residents of this city with whom he conversed showed eager interest and satisfaction in knowing that St. John was forging to the front. Authorities in the matter reposed much confidence in local real estate.

**RENFORTH A. AND O. ASSOCIATION.**  
The adjourned annual meeting of the Renforth A. and O. Association will be held at the club house on Tuesday evening May 21 for the election of officers for the ensuing year.

**MEN AND WOMEN**

A play of uncommon interest, with all the features that go to make up a delightful society drama, "Men and Women" will be presented in the Opera House on Monday and Tuesday evenings, May 27 and 28, by a strong cast of local amateurs, under the auspices of the I. L. & B. Society.

Rehearsals have been going on for several weeks under the direction of J. R. McCloskey, Jr., and the amateur players are now smoothing the rough edges of their production, which promises to surpass the best amateur theatricals seen here in years. Bright musical specialties, introducing the latest New York hits, are now being rehearsed under the direction of M. F. Kelly.

**WITNESS WINS.**

In a law case, one of the witnesses for the defense irritated the plaintiff's counsel by apparently attempting to evade giving direct answers.

"Sir," said the lawyer, "you need not state your impressions. We want the facts. We are competent to form our own impressions. Now sir, answer me categorically."

"From that time on he could get little more than 'yes' and 'no' out of the witness. Presently the lawyer said: 'You say you live next door to the defendant?'"

"Yes."

"To the north of him?"

"No."

"To the south?"

"No."

"Well, to the west, then?"

"No."

"How is that, sir?" the astonished counsel asked. "You say you live next door to him. Yet he lives neither to the north, south, east nor west of you. What do you mean by that sir?"

"I thought perhaps you were competent to form the impression that we live in a flat," said the witness, calmly, "but I see I must inform you that he lives next door above me."

**Lumbermen Optimistic**

Rangor Commercial—Lumber markets of the state report a spirit of optimism throughout the trade. Interviews with prominent lumber dealers disclose the fact that the demand for all kinds of lumber is really in excess of the supply. Prices in the lumber market were not yet firmly established for the coming season, according to some dealers, but were certain to be equally as firm as last year's and likely to be higher. Reports from outlying districts show that the ice in many of the rivers and streams has not yet broken up, and consequently any correct estimate of the quantity of raw lumber that will come down to the mills is impossible. It is known beyond dispute, however, that the cut will be in excess of last year's. Maine is experiencing this year no competition from southern or western lumber markets beyond what has been usual, and in fact most of the varieties of lumber that come into the Boston market from these sources are such as are not obtainable in Maine. Traffic in pulp wood is not at present lively, and the price per cord remains practically unchanged.

**"THE PINES"**

Digby, July 14th, 1903.  
I have been using Dearborn's Perfect Baking Powder ever since this hotel opened, and consider it strictly first-class. It is returned home last week.

Fredrickson Mail—J. D. Black, who, for the last few weeks, has been visiting in the west, returned home today. Mr. Black went through to the Pacific coast. L. O'Leary, of the Royal Bank of Canada at Richibucto, has been transferred to the bank's branch in Fredericton.

**A NEW WAY.**

A way to collect old debts has been hit upon by a small shopkeeper in a Lancashire town. When an account is long overdue he sends a letter to that effect, and ends it with a thrilling phrase—"If your account is not paid by such-and-such a date I shall be compelled to put the new act into force." No debtor has yet ven to ask him what "the new act" is, but he says that no one has braved its unknown terrors since he invented it.

Today the earth's population is estimated at 1,500,000,000. One-half of this population is females. Experience tables show that there are three generations in every century. Eminent authorities have arrived at the conclusion that a total of 72,000,000,000 have been born since the year in which the first pair of human beings appeared on earth.

**RECENT DEATHS**

The death of James F. Harris took place yesterday at his home, 40 Celebration street. Mr. Harris, who was in his 70th year, is survived by his wife and two sons, George and Albert J. Harris, both of this city.

The funeral will take place on Sunday afternoon at 3:30 o'clock from his late residence, 40 Celebration street.

The death of Levi Moore, of Temperance Vale, occurred on Saturday last. His wife, two sons and three daughters survived.

The death of Alvin P. Freeman occurred in the Montreal hospital on Thursday morning. Mr. Freeman, who had resided in Moncton with his family for the last two years was formerly for five or six years for the Robinson Wright Lumber Company at Shules, N. S. He was thirty-six years of age and a native of Lunenburg, N. S.

**Provincial Personals**

St. George's—Miss Genevieve Dever, of St. John, is visiting for a week or two with her uncle, Rev. Father Carson. Her sister, Miss Alice, and Miss Kelly returned home last week.

Fredrickson Mail—J. D. Black, who, for the last few weeks, has been visiting in the west, returned home today. Mr. Black went through to the Pacific coast. L. O'Leary, of the Royal Bank of Canada at Richibucto, has been transferred to the bank's branch in Fredericton.

Miss May Ryan, of Newcastle, came to St. John Tuesday to spend a couple of months with her aunt, Mrs. E. R. Cursey.

Mrs. Hugh Sheagreen and her little daughter, Alma, who have been for some time visiting her mother, Mrs. P. Elston, Bathurst, left on Tuesday for Sackatoon to join Mr. Sheagreen, who has made a home there.

Moncton Transcript—Mr. and Mrs. F. W. Emerson, announce the engagement of their daughter, Emma, to Charles A. MacLaren.

**PRICE OF POTATOES**

Fredrickson Mail—Lanc March yesterday brought 200 barrels of potatoes to the city by rail and disposed of them for \$2.20 a barrel.

**Just Hold the GILLETTE Naturally**

Shaving with the GILLETTE is not a fine art, nor does it require skilled labor. You may be "no good with tools," yet you can shave yourself easily and well with the Gillette Safety Razor.

Hold it lightly, as illustrated, and it falls naturally into the right shaving position, blade edge just touching the skin. Then draw it across the face, not hoe fashion, but with the Angle Stroke shown, and the keen GILLETTE blade will cut smoothly in any direction—with the grain, across it, or against it.

If you want a light shave, or if your skin is tender, screw the handle tight.

If you want a close shave, loosen the handle about a quarter turn. This allows the blade to spring away from the guard a little and take more hold. Buy a GILLETTE and forget your shaving troubles.

Standard Set, \$5.00. Pocket Editions, \$5.00 to \$6.00. Combination Sets, \$6.50 up.  
At your Druggist's, Jeweler's or Hardware Dealer's.

**GILLETTE SAFETY RAZOR CO. OF CANADA, LIMITED,**  
Office and Factory—The New Gillette Bldg.,  
ST. ALEXANDER STREET, MONTREAL.
