### GREENWOOD MINER SINGS BESCO PRAISE

Testifies He and Other Workmen Have no Complaint of Treatment

HALIFAX, Dec. 22.—A new note in the proceedings of the Royal Commission investigating the coal industry of Nova Scotia was sounded today when Robert Kirkwood, a miner from Independent Greenwood colliery, testified that he and his fellow workmen had absolutely no complaint to make against the management of their company.

"We have our troubles," said the witness, "but they are invariably settled in a satisfactory manner. I think it only fair to the officials of our company to emphasize this."

### WILL TREAT TARS

Ladies' Auxiliary to Entertain Sailors in Port—Expect 500 to Attend

Everything is well in hand in the arrangements for the Christmas treat for the sailors in port over the holidays. The treat is being planned by the Ladies' Auxiliary of the Seamen's Institute, under the leadership of the president, Mrs. Mary Seymour, and will take place on the evening of Dec. 28 in the institute. The members of the Auxiliary are preparing the refreshments and the treat of good things to eat. The concert program for the evening is being arranged by Wallace Brindle, manager of the Institute. Every sailor in port is invited. It is expected that there will be between 500 and 600 seamen at the entertainment.

The members of the Auxiliary reported yesterday that they had met with a prompt and generous response when soliciting contributions of provisions for the treat and they thought that there would be a bountiful supply.

In other years comfort bags with special Christmas delicacies have been distributed. These filled bags have been sent to every sailor in port so that those who were not free to attend the entertainment in the Institute did not miss out in the matter of a comfort bag. The work of getting the bags and the expense of buying the articles to fill them have been increasingly difficult problems and this year it was decided to have the treat instead.

It takes but 30 seconds to turn out a perfect baseball bat.

### Verdict of Suicide in Atholville Case

CAMPBELLTON, Dec. 22.—The inquest into the death of the late Jacob Johnson, of Atholville, a village about three miles above here, was held at Atholville today before Coroner L. E. Gorman.

From the evidence it was learned the late Mr. Johnson had been found dead in his bedroom on Sunday morning. Nearby was a revolver. The coroner, the evidence showed, had discovered that a bullet had been fired by the deceased through the mouth and entering his head, causing death almost immediately.

A verdict of suicide was returned.

### BRITISH FLYING ACE DIES

PEORIA, Dec. 22.—Eric Jenoure, 27 years, a British flying ace, died at the state hospital here yesterday.

### SALES GRAIN SHIPPED VIA CHEAPEST ROUTE

Pool Official Declares More Vessels Draw Greater Tonnage to U. S. Ports

### SAINT JOHN CALLED GOOD WINTER PORT

Halifax Will Attract More Tramps in Time, Winnipeg Man Asserts

WINNIPEG, Dec. 22.—"It has already been stated in the Grain Trade News that the discussion of the shipping of grain from Canadian ports is being conducted from the wrong end, was the reply of D. L. Smith, sales manager for the Central Selling Agency of the Wheat Pool to a question as to the attitude of the pools on this matter, and the statement of Sir Henry Thornton that the route was entirely at the shipper's discretion."

"Both the statements are true," said Mr. Smith. "The desirability of shipping via Canadian ports is recognized as much or more by the pools than any other shipper, since they handle a bigger volume of grain and can do more, perhaps, to make the route they want. Grain, however, is always shipped by the cheapest route, and what is desirable gives place to what is economic. The shipper can choose his route, with this consideration.

"The reason why the American route is so largely used is not because the overland rates are lower than Canadian, but because the tonnage mostly comes to American ports. Practically 80 per cent. of the crop is shipped in liner space, the remainder being tramp space. While the pools make all the use they can of Canadian ports, they can only do so when liner space is available, or, if tramps, they can be induced to touch Canadian ports.

"Saint John is a good winter port, Halifax is a fine port with a new elevator which will undoubtedly attract tramp tonnage in time. More than 3,000,000 of this year's pool wheat has gone out through Quebec. On the whole, more than 50 per cent. of pool grain goes by Canadian ports and still more will do so when there is tonnage to take it out. Liner space is so much of Canadian ports, they are scarce but the tramps are free lances of the sea and are generally chartered right from London, so must be attracted by an economic offer. In a strange port without cargo they also cut their rates."

### CHEAP RATE COUNTS

D. Macrae, manager of the Saskatchewan wheat pool in Winnipeg declared, in discussing Sir Henry Thornton's statement, that his pool was compelled in the interests of its members to ship its grain by the cheapest route.

"That is the whole matter in a nutshell," he said. "Otherwise, we would gladly send our grain out by an all-Canadian route, but owing to the long haul, the rate is not low enough to compete with the other route."

### FARMER DECAPITATED

STANLEY, N. Y., Dec. 22.—Charles Nelson, a farmer, was decapitated by a piece of a broken buzz saw, whirling through the air.

### AGED MINER BADLY HURT AT SPRINGHILL

SPRINGHILL, N. S., Dec. 22.—William Allen, a middle-aged miner, who has resided here for two years, met with a bad accident this afternoon in No. 2 mine when he had his back hurt and several ribs broken by a fall of coal in the long wall section.

Medical aid was at once summoned and the injured man was conveyed to All Saints' Hospital, where he is resting as well as can be expected. Mr. Allen is a married man with five children.

### FORMER MINISTER SENT UP FOR TRIAL

EDMONTON, Dec. 22.—George P. Smith, former Minister of Education for Alberta, was today committed for trial at the conclusion of the preliminary hearing before Magistrate P. C. H. Primrose, of a charge of theft of the sum of \$5,820 from the Province of Alberta. The original bonds of \$10,000 by himself, and two other securities of \$5,000 each—will stand. The next criminal court sessions will open the week of January 18 when Chief Justice Simmons will preside.

### Turned Back Here By U. S. Officials

SHELDON, Dec. 22.—A number of Westernland county residents including several from this vicinity, who for weeks have been contemplating with more or less enthusiasm, reunions with relatives in the United States during the holiday season, found their hopes shipwrecked when they reached Saint John, and they will spend Christmas at their own residences.

The United States immigration officials decided that the qualifications of some of the vacationists did not measure up to the demands of the Washington laws.

MUTT AND JEFF—ACCORDING TO BARNUM, JEFF HAS A CHANCE

"MUTT WAS A SUCKER TO PAY \$72.00 FOR A YEAR'S LEASE ON THIS TINY PLOT OF GROUND BUT EVERYBODY TALKS MONEY IN BOX CAR FIGURES DOWN HERE IN FLORIDA AND I GUESS I'LL GO."

"TAKE MY ADVICE AND CLOSE UP. EVERY DAY YOU RUN THIS JOINT YOU'LL LOSE 200 BARRIES, OR 6000 SNACKERS A MONTH! THINK IT OVER."

"I WAS THERE AN HOUR AND I DIDN'T SELL ONE GLASS OF ORANGEADE."

"OOHAW! I KNEW MUTT WAS WRONG! I'LL PHONE HIM!"

"HELLO, YOU CREPE HANGER! I JUST PHONED TO TELL YOU I'M GONNA CLEAN UP WITH MY ORANGEADE STAND."

"IT CAN'T BE DONE!"

"BUT IT CAN BE DONE! ALL I GOTTA DO IS FIND A BIGGER SUCKER THAN MYSELF AND SELL HIM MY LEASE AT A TWELVE THOUSAND DOLLAR PROFIT."

### DISCUSS PLANS FOR SCHOOL EQUIPMENT

Vocational Committees of Woodworking and Machine Shops Over Matter

The advisory committees for the woodworking and machine shop departments of the Saint John Vocational School met last night in the school trustees building and considered the proposed layouts of the departments and discussed equipment. Fletcher Peacock, director of the school, W. B. Main, of the provincial department of vocational education, and George P. Hennessey, inspector of the construction of the school on behalf of the school board, were present at both committee meetings. Mr. Peacock presided.

The machine shop advisory committee arranged to meet at the vocational school this afternoon to look over the location of the department and will hold a later meeting to complete its work. Those present were F. G. Wilcox, of the department, and Mr. McAvity and Sons, Ltd.; J. W. Myers, W. F. Lewis, of William Lewis and Son; R. A. King, of the Atlantic Sugar Refineries, and Leonard Marshall, of the Saint John Iron Works.

### OTHER COMMITTEE

The woodworking department advisory committee members present last night were Charles S. Christie, of the Christie Wood Working Co., Ltd.; D. Webster, Alexander Wilson, member of the vocational committee and representative of the Wilson Box Co., Ltd.; W. R. Fiske, of Haley Brothers, Limited; L. W. Simms, of the T. S. Simms Co., Ltd.; J
