It is not necessary that a boy who learns a trade is compelled to follow it all his life. Large numbers of men of prominence now living, have risen from humble life by dint of industry, without which talent is as useless as gold coin on a barren island. Work alone depend on the kind of work you have to do, wether you rise or not. It depends on how you do it.

Why is a tight shoe like the summer ?-It makes the corn grow.
