TENANTS' DEFENCE LEAGUE.

Full Text of the Official Rules and Regulations. (House Report.)

London, July 25.—The Irish Parliamentary party held a meeting, in which the new Tenant's Defence League was formally constituted. The following are the rules and regulations, as approved by Sir Charles Russell and other eminent lawyers.

1. The Irish Tenant's Defence League is formed to assert and maintain the rights of the tenant farmers of Ireland, now attacked or threatened by aggressive combinations of Irish landlords, to protect their legal and equitable interests in their holdings by defensive combination among themselves.

2. The object of the league is to counteract by legal means all combination of landlords used to extort arrears, or to impose inequitable terms of purchase, or to stimulate eviction or in any way to destroy or imperil the security of tenants in their holdings.

3. In order to effect this purpose, tenants throughout Ireland are invited to contribute to the tenant's defence fund in fixed proportion to the poor law valuation of their holdings.

4. Tenants on any one or more estates combining to form the league, will subscribe to the tenant's defence fund, will be entitled to the help of the league in case of need.

5. Branches of the league will not be formed, but such a body of tenants combining to maintain the league, will communicate with a meeting held annually for the purpose, and shall send and remit their contributions and secretaries to the league whenever occasion may arise.

6. In an event of an emergency the council of the league may vote the collection of a special levy from the associated tenants in such amount as may be deemed necessary for the purpose.

7. The league will exert every effort to inform the public, especially in Great Britain, of the proceedings and aims of the combination of landlords in Ireland, and will devote particular care to counteract any attempt to give legal advice to tenants in connection with any proceedings instituted, or threatened, by landlords, or by any landlord who is engaged in or connected with such proceedings as a result of such proceedings, the league to the full extent of its power, provided the council is satisfied that persons are willing to refer to arbitration the questions in dispute between them.
