CAPE BRETON NEWS.

The Nova Scotia Steel and Coal Co. is rapidly pushing forward the work on their new pier with the intention of having it completed early in the spring and thus accommodate the large number of steamers which have been chartered for the carrying of ore next season.

The Port Hood, C. B. Greetings is agitating for the incorporation of the town of Port Hood and says the need of town government is becoming more apparent every day.

The Cape Breton Red Granite Co. operating at Long Island is rapidly increasing its output of crushed stone. It is expected that the daily output will shortly be 300 tons. It is being used by the Cape Breton towns for street purposes and the Cape Breton Electric Co. may require a quantity to ballast its road.

During the first week of November over 10,000 tons of washed slack were shipped from Louisburg beside a quantity of round coal shipped by rail. Slack coal can be shipped very rapidly at Louisburg, as much as 6,000 tons having been loaded in ten hours.

T. B. Kidner, director of the manual training school for Nova Scotia, was in North Sydney on Wednesday, making the arrangements for opening manual training departments in connection with the schools at North Sydney and Sydney Mines. The school at Glace Bay was opened this week. That at Sydney will be ready at the beginning of the new year. The North Sydney School Board will set aside a room in the new school building for the use of a department of manual training.

One hundred and sixteen dollars have been subscribed at Sydney Mines for the endowment of a manual training department in the public schools. Four hundred dollars is the required sum.

In addition to the sinking of the shaft at Dom. mine, No. 2, North Sydney, the rock is being excavated around the pit bottom and large concrete pedestals are being put in for the purpose of resting the heavy iron beams to support the roof at the pit bottom. Away from the bottom concrete pillars are also put in on each side for resting beams, also to support the roof.

It is possible that the Dominion Coal Co. may re-open the Hub Colliery at Glace Bay. There is a large quantity of coal to the rise, and it is thought

that this may be taken out to advantage.

The Nova Scotia Steel and Coal Co. has decided to accede to the request of the miners at Sydney Mines for a ten per cent. increase.

MORE PEOPLE FOR CANADA.

Another Lot of Welshmen—Also Several Hundred Poles.

MONTREAL, Nov. 11. The settlement of the Welshmen from Patagonia in the Northwest has been so successful that a committee of leading citizens of Wales have recently been particularly active raising more funds to transport the entire colony, and it is now but a matter of little time when the entire colony shall have made its way into Canada.

Alexander Kinneyoz has arrived from Rio de Janeiro, as the delegate of 200 families of Polish Catholics, who were sent to that country ten years ago, on whose behalf he will interview the C. P. R. authorities, the dominion and the provincial governments. "The people whom I represent," he said today, "are fine, sturdy colonists. They are practical farmers, and given a fair chance would soon prosper on any fertile area. The land they were given to cultivate in Brazil was entirely unsuited for cereals or any money-making crops."

The deep steel grey broadcloths are fashionable for skirts and suits, and what looks better than this material when it is properly made up? On sale at Dykeman's at 68c. and 75c. per yard.

FISH ARE SCARCE.

The supply of fish in the local market is still small, though sufficient for the demand. Cod and haddock are in fair supply, mackerel and halibut are difficult to get at all, and herring are scarce. Reports state that the catches are small and that there is no immediate prospect of a relief.

SHUFFLEBOARD TOURNAMENT.

The Y. M. C. A. shuffleboard tournament opens tonight, when Cassidy and Carless play Drake and Duval; Drake and Duval play Brown and Clark and the latter team again play Brennan and Dean. The contest will continue every night until Dec. 2. Each competing team will play with every other.

St. John, November 19, 1902.

MEN'S OVERCOATS.

- \$6.00 will buy a neat dark grey frieze overcoat, made in the new long style, at Harvey's.
- \$8.75 will buy a dark grey beaver, a blue beaver, or a grey vicuna overcoat, with black Italian lining and mohair sleeve lining at Harvey's.
- \$10.00 will get you more overcoat value and style at Harvey's than you can get elsewhere for twelve—try it and see. Blue or black beaver, grey frieze or vicuna to select from. Other overcoat prices \$4 to \$16.50.

J. N. HARVEY, Men's and Boys' Clothier,
199 Union Street, Opera House Block

NEST OF CRIMINALS

Arrested on Charges of Murder and Robbery.

BUFFALO, N. Y., Nov. 19.—The police have arrested two men named Martino said to be wanted in New York city for the murder of a man named Cochini. A third man escaped. A watch chain said to have been worn by the murdered man was taken from the prisoners. They were locked up on an open charge. Mary Sarmello and Rosie Robart were also arrested, the former being charged with stealing \$60 from the murdered man and the latter with deserting her child in New York city.

They were captured at a boarding house conducted by Mabel Williams and Lena Edwards, both colored. These women were arrested also and charged with having assisted the men to escape.

THE STRIKE COMMISSION.

Mitchell Holds Out for the Weighing System.

SCHANTON, Pa., Nov. 19.—The anthracite strike commission resumed its hearing today with the usual large crowd in the court room.

Before W. W. Ross, counsel for the Delaware, Lackawanna and Western road, resumed his cross-examination of President Mitchell, chairman Gray, for the commission, again asked counsel to assist in adopting the weighing system. He said the commission was loath to interfere, but they hoped that Mr. Mitchell would not be asked to give his opinion of matters of which he had no personal knowledge.

Mr. Mitchell, answering questions by Mr. Ross, said that an increase in wages without adopting the weighing system would not meet the demands of the miners. An eight hour day would increase the annual income of the men.

NEW YORK POLITICS.

A Deputy Attacked and His Skull Fractured.

NEW YORK, N. Y., Nov. 18.—Lester Bennett, a deputy superintendent of election, was assaulted on the Bowery today by several men. He was knocked down, but managed to enter a shooting gallery near. Seizing a rifle he held his assailants at bay. A policeman came to the rescue, but too late to arrest the men, who escaped in a large crowd which had collected. Bennett was taken to a hospital, where a physician said his skull was probably fractured and his condition was critical. During the first campaign of Perry Belmont for congress, Bennett arrested an advertiser for alleged election irregularities.

PROSPEROUS NEWSPAPER.

NEW YORK, Nov. 19.—The corner stone of the new nine story building of the Brooklyn Daily Eagle was laid today. It adjoins the present home of the Eagle, and adds more than double the space of the present building. When completed it will give the Eagle one of the largest newspaper plants in the country.

THE DEATH ROLL.

SAN FRANCISCO, Nov. 19.—Juan B. Wandesford, an artist, with an international reputation, is dead in this city. He suffered the loss of many valuable pieces of his handiwork by the destruction of his home at 215-wards by fire several years ago. He was a native of England, aged 55 years.

THE WEATHER.

TORONTO, Nov. 19.—Maritime.—Fresh easterly winds, unsettled and showery this evening and Thursday.

WASHINGTON, Nov. 19.—Forecast.—Eastern states and northern New York.—Partly cloudy tonight and Thursday; light northwest winds, becoming variable.

DR. PARKER DYING.

LONDON, Nov. 19.—The condition of Dr. Parker, minister of the City Temple, is now considered hopeless. Dropsy set in Friday, since when oxygen has been administered to him. Dr. Parker himself wrote a bulletin which was read in the City Temple Sunday, remarking that it was the last thing he would ever write.

AFTER GIBSON PROPERTY.

Representatives of Nova Scotia Syndicate in City, Consulting With Local Men Interested.

John F. Stairs of Halifax, president of the Nova Scotia Steel Co., and W. Max Aiken of Halifax are in St. John on business in connection with the proposed transfer of Gibson Railway and Manufacturing Co. to a Nova Scotian syndicate. They were closeted all this morning in conference with Lt. Col. H. H. McLean, who represents one of the interests involved. Nothing would be given out regarding the results of the conference, but it is understood that nothing definite has yet been arranged regarding the transfer. It is considered certain that the change will finally be made, but there is considerable difficulty in arranging terms. Alex. Gibson of Marysville was also in consultation.

CHRYSANTHEMUMS.

The chrysanthemum season is now in full swing, and florists report an ever-increasing demand for these flowers. Some very pretty displays are made in the city establishments, and among the specimens shown are several new varieties. These are the Vivian Morrell, Ivories, Novis — no relation to the one of the same name — and Queens. The latter are especially pretty, being large shaggy white blooms with the ends of the petals turned in.

THAT BOYCOTT.

Trades Assembly Held a Very Stormy Meeting.

Action Deferred Until the Meeting to be Held Nov. 26th.

SCHENECTADY, N. Y., Nov. 10.—The boycott against the Schenectady Railroad Co. will continue.

The Trades Assembly held a long and stormy meeting last night, at which a resolution was offered to reconsider the resolution ordering the boycott, but a forgotten clause in the constitution to the effect that any action taken at a regular meeting could not be reconsidered at a special meeting was produced, and so no action whatever was taken. At the conclusion of the meeting, which lasted about two hours, the press committee refused to give out any information, but it was learned that the meeting was almost a riot.

It was evident that a large majority favored calling the boycott off, but any attempt at argument was met with hisses and yells of disapproval from the radical element. Cries of "traitor" and "scab" greeted every conservative speech, while the advocates of continuance drowned each other's voices in their efforts to be heard. Finally it was proposed to take a vote, and then the leaders of the boycott produced a clause in the constitution that no action taken at a regular meeting could be reconsidered at any but a subsequent regular meeting, and President Jackson declared the resolution to reconsider out of order.

Some one moved to adjourn, and in the tumult it was declared carried. The next regular meeting will be held Wednesday, Nov. 26. The leaders say they know organized labor is not in sympathy with either the expulsion of Potter or the boycott, and that it is necessary to form a new body to rid themselves of the leaders who have put them into this position. The Typographical and other unions state that they will denounce the boycott at their next meeting.

The boycott is only nominally in effect. Union men, especially those whose representatives opposed the boycott, rode on the cars today as freely as ever, and there was no attempt made to spot or warn them, while the failure of the business men to regard it was general.

SCENECTADY, N. Y., Nov. 19.—The third day of the boycott by the trades assembly of this city finds the effort possessing practically no support at all. There is no diminution of traffic, and all of the cars are running, as on other days, with their full quota of passengers. The officials of the trades assembly, which resulted in the matter of calling off the boycott remaining in abeyance, declared that eight per cent of the members of local unions would not use the cars today. However, this claim has not been met by the facts in the case.

SUIT POSTPONED.

Cordage Company's Claim Against the Government will be Considered Later.

The case of the King v. the Consumers' Cordage Co., scheduled to come up in the exchequer court today, has been postponed, his lordship Justice Burdidge, not attending.

A telegram from the registrar at Ottawa to R. O. Stockton last evening stated that the trial of the King v. the Consumers' Cordage Co. had been postponed to a day to be hereafter fixed upon terms that the defendants' costs of day be paid by the crown and that the defendants be permitted to examine de bene esse before Mr. Stockton, acting registrar, as witnesses in attendance for the trial as fixed for today, 19th instant.

It was decided today that the expert witnesses in attendance will not be examined now, but will be asked to return when the court again meets, which will probably be in January.

Messrs. James E. Dolan, of Roxbury, Boston, and Richard McLean, of Plymouth, Mass., will testify for the government. Among the witnesses on the other side are Moses H. Day, manager of the Consumers' Cordage Co. at Montreal; James Daley, an expert from New York, and the superintendent of the Dartmouth, N. S., ropewalk.

The case is a suit brought by the cordage combination against the government for \$125,000 for two acres of land expropriated for part of the new rifle range. For the land, which is rocky, the government offered \$125 an acre—in all \$250. No appraisalment of the value of the part of the building taken was made. The Consumers' Cordage Company refused to accept the \$250, and put in a claim for \$125,000.

ADMIRALTY COURT.

In the admiralty court this morning the action begun by Joseph Michado against the ship Hattie and Lottie, and against Manuel F. Vilela, co-ownership and for an accounting, for possession and for an accounting was continued. The plaintiff claims the right to possession as representing the majority of owners in interest, and asks for an accounting from the master of the vessel, Mr. Silva, the master, claims the right to possession under an alleged decree of a court of competent jurisdiction, he having held a bottomry bond against the vessel. More witnesses and arguments of counsel on technicalities were heard. The case is postponed for a few days to allow C. J. Coster, K. C., counsel for defendants, to look into the matter of an amendment asked for by A. A. Stockton, K. C., for plaintiff and granted yesterday.

A FATAL RIOT.

RIO JANEIRO, Nov. 19.—A riotous demonstration yesterday marked the departure from this city of the retiring president, Dr. Campos Sales. Crowds of people hooted the ex-president and stoned newspaper offices. Troops charged the rioters. At least one man was killed, a number of persons were injured and numerous arrests were made.

THE PRICE OF POTATOES.

Country firms and farmers appear to be holding their potatoes for higher prices. A city dealer who offered \$1.40 per barrel for a round lot this week was unable to get them, the owner declaring he would hold for more. There does not appear to be a shortage in the province, but a desire on the part of holders to boost prices. Some of the potatoes offered are not of very good quality.

BRUSSELS, Nov. 18.—Generals Delarey and Botha have decided to abandon their proposed tour to the United States. Gen. Delarey in an interview published here says they intend to return to South Africa to meet Colonial Secretary Chamberlain at Pretoria.

MASKED ROBBERS

Foiled in an Attempt to Rob a Train—One Was Shot.

TRINIDAD, Colo., Nov. 19.—Masked robbers held up a passenger train on the Colorado and Southern road, twelve miles south of here, last night. One of the robbers was shot by express messenger Sherwick, of Fort Worth, Texas. The robbers flagged the train. As it slowed up they ran alongside the engine and covered the crew with revolvers. They then compelled the engineer to alight, and after placing a stick filled with dynamite under the baggage car and attaching a fuse, ordered the engineer to ignite the fuse. He attempted to do so several times, but the fuse would not burn. During this proceeding the robbers kept up a fusillade of shots in the direction of the train to intimidate the passengers. While preparations were being made to fix the fuse messenger Sherwick extinguished the lights in his car, quickly opened a side door and fired at the nearest robber. The latter fell in his tracks. His startled companions picked him up and fled. A posse is now in pursuit.

REMARKABLE CASE.

Young Woman in State of Coma for 23 Days.

NEW YORK, Nov. 19.—Della Mulligan, who came from Ireland in October and secured work as a servant here, has lain in a state of coma at the J. Hood Wright hospital for the past twenty-three days. Her case is almost as puzzling and interesting to the doctors as that of Nellie Corcoran, who died after her three weeks' trance in St. Vincent's Hospital. Only twice in the whole period has the girl spoken, and then it was to mutter a few words which showed that she was delirious. The girl was taken to the hospital suffering from partial asphyxia, due to blowing out the gas. The usual means of resuscitation were used. The only effect was to restore the patient's appetite. Her pulse and temperature became normal. The state of coma has, however, resisted the doctors' best efforts, and they have given up hope of restoring her to consciousness.

ANOTHER PRINCESS.

And Italy Still Awaits an Heir to the Throne.

ROME, Nov. 19.—Queen Helena was accouched of a daughter this morning. The mother and child are announced to be doing well. The new princess will be named Mafalda.

The child born to the King and Queen of Italy today is the second daughter. The first, Princess Yolande Margherita, having been born at Rome on June 1, 1901. Had a male child and heir to the throne been born, he would have been proclaimed Prince of Rome.

The accouchement occurred a month earlier than expected. The king yesterday was shooting on the island of Monte Christo, when he was suddenly summoned home. He immediately bearded a yacht and was landed on the beach in the neighborhood of Rome. As there were no embarkation conveniences his majesty's companions had him carried ashore on the backs of sailors. A motor car was in waiting and the king soon reached the palace. The birth of another princess instead of an heir to the throne is a great public disappointment.

AN INSANE LOVER.

Committed Suicide in Presence of the Woman He Loved.

NEW YORK, Nov. 19.—William C. Mahony, 23 years old, said to be a member of a wealthy Boston family, and a graduate of Harvard, has committed suicide in this city because a woman who had refused to marry him and had caused his arrest twice recently for persisting in his attentions, had declared her purpose of marrying another. The woman, whose home is said to be in Paris, was employed in this city as a designer. Mahony called upon her, entered a violent protest against her intended marriage, and then poisoned himself in her presence.

BOSTON, Mass., Nov. 19.—William C. Mahoney, referred to as having committed suicide in New York, was known by many in the Back Bay district of Boston. He was the son of John Mahoney, of Waverley, N. Y., owner of a leather manufacturing establishment at that place, with offices in New York city. His mother has apartments in this city. According to Mahoney's relatives here, he had been paying attention for two years to a young French woman, engaged in costume designing in New York city.

A FATAL RIOT.

RIO JANEIRO, Nov. 19.—A riotous demonstration yesterday marked the departure from this city of the retiring president, Dr. Campos Sales. Crowds of people hooted the ex-president and stoned newspaper offices. Troops charged the rioters. At least one man was killed, a number of persons were injured and numerous arrests were made.

(Pitman System) GIVEN BY MISS F. BURNHAM,
For terms, &c., apply any evening at 98 PRINCESS STREET, ST. JOHN.

POLICE COURT.

Charged With Stealing Rubbers From Mr. Komlensky.

A man by the name of Joseph Carr was arrested last evening on the charge of stealing a pair of rubbers from D. Komlensky's store on Mill street. Mr. Komlensky says that "last evening a citizen put into my shop his head and asked me if I was giving away Jose rubbers. I say no. Why? 'Because,' said he, 'I see a man take a pair just now and go away with them. So I run out and see a man going with my rubbers. I run after him and he turned round and pulled out a knife. He said, 'You come on here and into you this knife I will stick.' I did not go. Then he made a run for me with his knife and I carefully returned back as quickly as I could, but he got away with my rubbers."

Carr was this morning remanded until Friday.

Andy Ervine, for being drunk on Prince William street, was fined four dollars or ten days.

THE ABATTOIR.

With regard to the action taken by the teachers of the Aberdeen school concerning the abattoir, the Star today asked several members of the school board if any complaint had come before them. They replied in the negative. They would not discuss the question or express opinions until the matter was formally brought before them, although two of them remarked that they saw no serious objection to the location of a modern abattoir, properly conducted, in the old shipyard. It would not be close to any dwellings and none could be built close to it.

Visiting the grave of his child in the Church of England cemetery this morning, J. E. Earle found daisies blooming there, in defiance of the winds of November.
