

DOMINION FAIR IN FULL SWING

BICENTENARY CONGRESS IS GREAT SUCCESS

Crowds Hear Fine Preachers At Halifax Discourse On Relation Of Canadian Church To Motherland.

SUNDAY COLLECTION AMOUNTED TO \$11,200

Special to The Standard. Halifax, N. S., Sept. 6.—The Bicentenary congress opened its dual meetings again today, a session being assembled in St. Paul's hall, for the discussion of our relations with the church of the Motherland, the chairman being Bishop Hamilton, of Ottawa, and the speakers Rev. Prebendary Storrs of London, Rev. Canon Phair, of Winnipeg and others.

The second day of the great congress showed that the keen interest of the opening day had not been in the least diminished by the dull heavy weather. The crowd of ecclesiastics and lay visitors began early to congregate in the Masonic Hall to hear the speakers.

The Right-Rev. William Reeve, D. D. assistant Bishop of Toronto, presided over the first half of the morning's programme.

Evangelizing The World. Prof. Rhinelandt, professor of Missions in the Cambridge Theological College School, Mass., was the first speaker. His subject was "The Evangelization of the World." The phrase he said, is strong because of its breadth, not its depth, the stress falls on the world, not on the gift to be given to it.

There was an interesting discussion on "Practical Problems of the Canadian Church." The chairman was Rev. Charles Hamilton, Archbishop of Ottawa, who called the meeting to order. The chairman referred to the importance of the subject, and said we in Canada had yet to learn to love the church.

Large Thank Offering. At the afternoon session of section B, Bishop Worrell announced, amid applause, that the thank offering for the cathedral fund had at last been counted and found to amount to \$11,000. His Lordship also stated that it was his act with the assistance of clergy and laity, to make the minimum stipend for Nova Scotia \$1000.

The Bishop of London, the Bishop of Glasgow, the Bishop of Tennessee, Bishop Brent of the Philippines Islands and Archdeacon Cody of Toronto, were the speakers at the missionary meeting in the evening. They all contended that the principal work of the church must be the evangelization of the world.

NO DOUBT OF HER IDENTITY

London, Sept. 6.—Three sensations marked the beginning today in the Bow street police court of the trial of Dr. Hawley H. Crippen for the murder of his actress wife, Belle Elmore. The first was the changing of the charge of murder against Ethel Clare LeNeve, Crippen's typist, to that of accessory after the fact; the second announcement by the prosecuting attorney that a large quantity of hyoscin, a liquid poison, had been found in the body unearthed in Crippen's cellar which the crown hopes to prove is that of Crippen's wife, and the third, the testimony of Mrs. Paul Martineau concerning the scar she had seen on Mrs. Crippen's body and the announcement that the doctors had found a similar scar on the body in Crippen's cellar. The court room was crowded with auditors who leaned forward in their seats to catch every word uttered. Crippen throughout the proceedings bore an air of indifference even when Francis Humphreys, the public prosecutor, outlined the crown's case against him. Miss LeNeve was heavily veiled and not once in the day was her face visible to the court room. After the crown's case had been recited a few witnesses were heard and adjournment was taken until next Thursday.

8 DROWNED IN TEXAS FLOODS

Comanche, Tex., Sept. 6.—Eight persons were drowned near Gustine as the result of a flood in the south Leon river last night, following a downpour of rain estimated at ten inches.

KING'S MESSAGE MARKS OPENING

INTERIOR OF ST. JAMES' CATHEDRAL WHERE CONGRESS IS HELD.

Special to The Standard. Montreal, Sept. 6.—The formal opening of the 21st International Eucharistic congress, and the first ever held in the new world, took place here this evening at eight o'clock in St. James' cathedral amid extraordinary pomp and display probably never before seen in any Catholic centre of this continent.

Archbishop Bruchesi made many sacrifices to obtain this signal honor for the Canadian church and for his diocese, but his triumph this evening was sufficiently magnificent to repay this brilliant prelate in future probable prince of the church for all he has done. The legate in his opening address declared that in future these congresses would probably alternate between the old and new world.

Greeting From King. Another important feature was the telegram to the King and his Majesty's reply as follows:

To His Majesty King George, London, England. The Catholics of the Empire, Bishops, Priests and laity present at the International Eucharistic Congress in Montreal wish your Majesty to accept their respectful homage of unwavering loyalty, and their expression of profound gratitude for the modification made in the Royal declaration. Those assembled with the other visiting members of the congress hailing from all parts of the world with your Majesty and the Royal family continued happiness and prosperity.

Signed, VINCENZO VANNUTELLI. This is the reply:— Balmoral, Sept. 5, 1910. To His Eminence the Cardinal Vannutelli, Montreal, Que.

I sincerely thank your eminence and all who are present at the international eucharistic congress in Montreal for the expressions of loyalty and good wishes contained in the telegram which I have received today with much pleasure and satisfaction. (Sgn) GEORGE R. I. From Merry Del Val. In answer to a telegram to the holy father, the cardinal secretary of state sent the following:

ROBS TRAIN AND DOES MURDER

St. Louis, Mo., Sept. 6.—A robber tonight entered the rear Pullman of Burlington train No. 15, which left the Union station at 9 p. m., and after shooting the flagman, T. N. Wiro, of Clarence, Mo., robbed the four passengers on the car and made his escape.

INT. HARVESTER CO. CLASSED AS TRUST

Jefferson City, Mo., Sept. 6.—Special Commissioner Theodore Brace, filed his report in the Ouster suit against the International Harvester Company of America this afternoon and sustained the quo warranto information of the attorney general. He found that the company is a trust in violation of the anti-trust laws of Missouri and that its charter should be forfeited.

THOS. CONNOLLY CHARGED WITH MANSLAUGHTER

Albert Grand Jury Change Indictment From Murder And Trial Proceeds—Likely To Be Short.

FOUR WITNESSES EXAMINED YESTERDAY

Special to The Standard. Hopewell Cape, N. B., Sept. 6.—The case of Thomas Connolly of Moncton, charged with the murder of James Power at McDonald Farm, Coverdale, was before the circuit court which opened here this morning, Judge McKeown presiding in place of Judge Landry, who is attending the Eucharistic Congress in Montreal.

There was a charge of murder in the indictment placed before the Grand Jury, but the judge instructed the jury that they could find a bill for manslaughter if they could not find for murder.

After the hearing of the evidence, the Grand Jury reported a true bill for manslaughter, and in accordance with instructions from court, an indictment for manslaughter was prepared and duly brought in by the Grand Jury at 3:24 o'clock.

The Solicitor General then moved for trial and the prisoner was brought into court and sat beside his counsel at the request of Mr. Fowler. The selection of the jury occupied twenty minutes. The Crown stood aside then and the defence peremptorily challenged two.

Jurymen Chosen. The jury selected was as follows:—George H. Cochrane, Coverdale; Wetmore Steeves, Coverdale; L. Everett Snider, Alma; Amos A. Tingley, Harvey; Harvey B. Steeves, Wilmet; E. Cochrane, Walter W. Steeves, Hillsboro; Harvey J. Stevens, Hillsboro; Oliver C. Steeves, Elgin; John F. McLatchey, Hillsboro; Rhos. Dixon, Eugene Woodworth, Hopewell.

The Solicitor General opened briefly to the jury at 4:20 o'clock, outlining the case. Witnesses called by the Crown this afternoon were: Chief Rideout, who laid information, and Doctors Harris and Price and Coroner Kirby, who were examined briefly, the evidence being substantially the same as at preliminary examination. Court adjourned till 10 o'clock tomorrow morning.

TRIP WORTH WORKING FOR

It is requested of the contestants and their friends that when preparing the clipped coupons for voting, these should be securely tied in small bundles or enclosed in envelopes, with name of candidate and number of votes written thereon, as it entails considerable work to collect the ballots when they are voted loosely.

We are sure that the letter of Miss Ollie Sanders, of Utica, a charming "hello girl" of the Bell Telephone Company's Utica Central, who was loyally supported for the Bermuda Islands trip, offered by the Utica Observer, and won out in district 3, largely assisted by all the employees of the telephone company, will appeal with special interest to the contestants and their many friends who are interested in the similar contest now being conducted by The Standard and New Star, Miss Sanders writes entertainingly as follows:

"It is with much pleasure that I write you to tell of my experience on the most delightful trip I have ever taken. There were fourteen in our party, ten being contest winners in the Utica Observer contest. On our arrival Continued on page 3.

CRUSHED TO DEATH UNDER AUTOMOBILE

Durham, Conn., Sept. 6.—William H. Andrews and his sister-in-law, Mrs. Nicholson Nelson, of Portland, the former at one time an attorney of Brooklyn, New York, were instantly killed here tonight when the automobile in which they were riding ran off a stone retaining wall, turning over and crushing them underneath. Mrs. Nelson's chest was crushed and there was but slight bruise on Mr. Andrews' forehead, death probably having been caused by the shock. The accident, it is thought, was caused by Mr. Andrews losing control of the machine while turning out for an approaching automobile. Mr. Andrews lived in Brooklyn up to three years ago where he was an attorney. He was prominent in New York State masonic circles, at one time being an officer of the grand lodge. He was sixty years old and leaves a wife, Mrs. Nelson was about 50 years old.

Second Day of Big Show Finds All the Exhibits Completed and Program Carried Out to Letter

Threatening Weather Had Effect on Attendance but Arrival of Out-of-Town Crowds Today Expected to Break All Records—Judging in Various Classes in Progress—Fine Art Show—Attractive Agricultural Display.

Again the weather man was unkind to the Dominion Exhibition yesterday. During the morning it seemed as if the day would be ideal but later it clouded over and during the evening a shower had a dampening effect figuratively as well as literally. This affected the attendance and interfered somewhat with the outdoor programmes. In the evening the fireworks display was interfered with from this cause and some of the spectacles were not shown. The principal set piece was the battle of the Dreadnoughts in which two were vessels of the latest type, meet in combat, which ends with the burning of one. This was well presented and judging from last evening there is a rich pyrotechnical treat in store for visitors when the weather conditions permit of the programme being carried out in its entirety. The outdoor attractions in front of the grandstand were presented yesterday afternoon but last evening the wet weather made it impossible. The shows in the amusement halls were carried out as usual and crowds which saw them were again delighted. The Pike also was a great drawing card. The big fair is now in complete running order and from today until the finish it is expected that the attendance will be very large. Judging was commenced in some of the classes yesterday and by night the work was well under way. A good start was made on the cattle, horse and poultry classes, while grains and field roots were finished. The showing of the stock and horses in the show ring was a feature of the morning and the animals were most creditable to their owners. There is great interest in the cattle exhibits. The accommodations for the cattle are such as to call forth expressions of admiration from all the visitors and the display of dairy cattle is a very fine one. In beef cattle there is not so much competition in the various classes, but the animals shown are all good specimens. The poultry show is also a feature this year and the sheds were crowded yesterday with enthusiasts. All the booths in the main buildings were well patronized and particularly those where some souvenir of the fair was given away or a guessing contest carried on. In every case there were expressions of surprise and satisfaction at the care and discrimination which had been shown in their arrangement. The musical programme yesterday was good. In the band stand in the main building the ladies orchestra again discoursed choice programmes and the St. Mary's band was on the grounds while the Caledonia Pipe band was in front of the amusement halls. Today the programme will be much the same as yesterday with all the features in full blast. The Art Show. The art show is by all odds the best which has ever been shown in this city. In awards there are many creditable articles entered for competition there is this year a loan exhibition which contains some very fine paintings in oil and water colors as well as a number of splendid miniatures. Yesterday the display was augmented by the English paintings which reached the city on Monday and were hung yesterday morning. These contain the gems of the collection and were the centre of attraction all day. The St. John Art Club under whose auspices the exhibition was held has been untiring in its efforts to make the showing a representative one and it has admirably succeeded, for a finer display of really good paintings it would be hard to secure outside of the recognized art centres. Undoubtedly the finest work in the gallery is the large canvas "Joseph Sold to the Egyptians." This is from the brush of H. R. Mileham of London, who also shows three other biblical pictures. The particular feature of Mr. Mileham's work is the richness of coloring and the breadth of expression shown in his conceptions. In the largest of his pictures Joseph Sold, the grouping of the figures is most realistic. Joseph is in captivity and his resentment is depicted in every line of the tense figure. The robes of his captors are also in warm colors and are historically correct in depiction. Another canvas by the same artist depicting the crossing of the Red Sea is admirably done while his rare gift of expression is again seen to advantage in his smaller canvas Rachael at the Well. Fine Landscapes. In landscapes there are a number of splendid representations. A herd of Buffalo, by F. A. Varner, of the A. R. C. A. is among the best shown. This beautiful work is remarkable for its fine figure posing as well as the softness of the light effects. Sunrise Over the Sea, by a Canadian artist, A. M. Fleming, of Chatham, Ont., is a beautiful picture done in a peculiar half-light. The artist has caught the early dawn effect and in the foreground just a fragment of the rising sun's gleam is caught on the roof of a farmhouse and shows an exquisite feast of color judiciously applied. The whole theme of the painting is quiet and pastoral and in this line it ranks with the best ever seen here. The Return of the Flock, is another striking landscape with life. In this the evening tints are caught and the effect of approaching night is well worked out. The perspective in this work is particularly fine. J. C. Miles, of this city, has never shown a finer specimen of his skill in depicting the scenery of New Brunswick than in the canvas which so well represents his work. This picture which was loaned for the exhibition by L. Col. Meavily, represents a scene on Pickwicket mountain in Albert county and the artist was never seen in happier mood. Another picture by the same owner is Tidal Water in Albert County. In both these pictures the distance and light effects are exceptionally good and in one the artist has caught a fleeting gleam of sunshine on the meadows. This adds a brilliant bit of color to the picture which renders the cloud effects and the reflected light on the hills even more pleasing. Alexander Watson, another well known artist, is represented by a landscape representing a scene on the Kennebecasis river. Mr. Watson is at his best in his depictions of the scenic beauties of scenes which have possibly become so familiar to some of us that their charm is not readily recognized until they are depicted by an artist on canvas. In this gem the water shadows are exquisite and the whole charmingly restful. An ideal glimpse of a Venetian scene is contributed by John Hammond in his picture Venice, No. 101 in the catalogue. In both these pictures the beautiful rich colors and shadow effects of the Mediterranean, which are at once the delight and the despair of many artists. The canvas is entirely soulful and atmospheric and is a veritable gem. Miss Marion Jack who has recently returned from Paris shows several beautiful canvases of European scenes. Probably the finest of these is No. 103, The Cathedral at Bourges. In this the colors are subdued and the sacred character of the subject is particularly well brought out. The perspective as in the other works by the same artist is particularly striking. In marine pictures one of the very best is No. 48, Morning in Halifax Harbor. This is a charming misty picture where the effect is spoiled by the fact that the picture has been hung next to a character picture in light color. Portrait Work. In portrait work one of the best shown is a portrait of an old lady, No. 31. This is by Ernest Fosbery, of Buffalo, and is reflective in its content. Continued on page 2.

FIND HEALTH CONDITIONS ARE NOT GOOD

Chairmen And Secretary Of Provincial Board of Health Will Report Campbellton Dogfish Factory.

Special to The Standard. Moncton, Sept. 6.—Dr. E. O. Steeves, of Moncton, chairman of the provincial board of health and Dr. Fisher, of Marysville, secretary, returned today from a trip of inspection to the town of Campbellton, and also the dogfish factory at Campbellton. They found conditions at Campbellton as good as could be expected under the circumstances. Doubtless there will be much hardship, but they consider the people are doing wonders with the means at their disposal. The conditions found at the dogfish factory are such that it is deemed necessary to report them to the provincial board.

POLITICS ARE WARMING UP

White River Junction, Vt., Sept. 6.—The Republican carried Vermont in the state election today electing the entire state ticket both members of congress and a legislature which will probably re-elect United States Senator Carroll S. Page for a second term. The following state of congress were shown: Gov. J. H. Mead, of Rutland; Lt. Gov. B. H. Stack, of St. Johnsbury; Secy. of state, Guy B. Bailey, of Essex; Treas., Edward H. Dewitt, of Montpelier; auditor, Horace E. Graham, of Craftsbury; Attorney general, John G. Sargent, of Ludlow; Republican congressman re-elected first district, David Foster, of Burlington; second district, Frank Plumley, of Northfield. Progressive Victory. Concord, N. H., Sept. 6.—Returns from the primaries in 180 election districts out of 290 in the state in the Republican contest for governor nomination give Bass, progressive, 12,486; Ellis, regular, 6787. LaFollette in Wisconsin. Political managers generally conceded LaFollette's nomination. Twenty-seven precincts in the state outside of Milwaukee give Fairchild, anti-LaFollette Republican, 966; McGovern, LaFollette Republican 652, and Lewis county option 255.

Are You a Visitor? If so you are invited to register your name at The Standard-New Star booth (Main Building, above orchestra) and have the paper containing the news of your arrival mailed gratis to your friends.

Today's Programme

- Morning. 9 a. m.—Doors thrown open. 10 a. m.—Machinery in motion. 10 a. m.—Pike shows opened; also parades of cattle and general exercising of the live stock. 10.30 a. m.—Judging fine arts, etc., and cattle, poultry, horses, swine. Afternoon. 2.30 p. m.—Concert by Boston Ladies' Orchestra of twenty-five players under leadership of Madame Belle Yeaton Renfrew. 3.30 p. m.—Performance in big amusement hall. 3.00 p. m.—Open-air programme of amusements in front of the Grandstand; Mile. Bergerat in thrilling "Swing of Death;" Grenada & Fedora, Spanish high-wire wonders. During the programme band music will be discoursed. 4.00 p. m.—Performance in small amusement hall. Evening. 7.30 p. m.—Concert by the Boston Orchestra in main building. 7.30 p. m.—Performances in both amusement halls. 8.00 p. m.—Grand open-air programme. 8.30 p. m.—Grand programme of amusement features in front of the grandstand, concluding with the magnificent display of fireworks. 9.00 p. m.—Performance in both amusement halls. The attendance to date this year is ahead of previous records. It is as follows:— Saturday . . . . . 3,682 Monday . . . . . 14,808 Tuesday . . . . . 5,713 27,383

Decision Will Be Known Today

The Hague, Sept. 6.—The decision of the international court of arbitration in the Newfoundland fisheries case, which for many years has been an issue between Great Britain and the United States, will be announced tomorrow afternoon. It is believed that the decision will be a compromise but the counsel of the United States expect to gain a preponderance of the points they have argued for. Several American diplomats have arrived here to attend the proceedings.

Big Deal Arranged in Tug Boats

Boston, Sept. 6.—The stockholders of the Boston Tow Boat Co. at a special meeting today, ratified the decision of the board of directors to sell the property of the company to the New England Gas and Coke Company for \$1,000,000. At the same time, the stockholders voted also to dissolve the existing corporation. The New England Gas and Coke Company by the purchase acquires a fleet of nearly a score of tug boats, a number of lighters and floats, and considerable waterfront property.
