

An application was also made by the Rev. J. W. Weeks of New Dublin for aid in the erection of a new Church at Broad Cove in his Mission, towards which the people of the settlement had already contributed so well that it had been boarded in and shingled. The sum of £25 was also granted on this application.

The Committee have also felt much pleasure in being enabled to appropriate a small sum in aid of the beautifully situated and remarkably neat Chapel lately erected at the Three Mile House near Bedford Basin. The Committee feel that great credit is due to the earnest and persevering exertions of the Rev. R. F. Uniacke in providing the accommodation thus afforded to the inhabitants around for the worship of God according to the services of the Church of England, and readily endeavoured to lighten the burden of expense which he had thus incurred by contributing the sum of £25.

#### MISCELLANEOUS.

An application was made during the Summer by the Rev. A. Gray, stating the circumstances in which the death of Mr. Boyes, some time teacher of the colored school at Hammond's Plains, had left his widow and children. They appear to have been left not only in a state of destitution, but also encumbered with debt; and the exertions made by the widow to keep up the School in the settlement, and her anxiety to do all she could both to satisfy the claims upon her late husband, and to support her numerous family, engaged the sympathy of the Committee, and seemed to call for their aid. They felt warranted therefore in placing the sum of £15 in the hands of the Rev. A. Gray, to aid Mrs. Boyes, and encourage her in the endeavour to keep up the school, which is so much needed for the settlement.

An opportunity has also been afforded the Committee of contributing to one of the objects had in view at the formation of this Society and justly deemed of great importance.
