Digby, N. S., March 2.—The death oc curred here early yesterday of Charles Eben, the 13-year-old son of H. A. Mer ritt, proprietor of the Digby bakery. The deceased was taken suddenly ill with in-flammation of the bowels. The funeral took place at 10 o'clock this morning from Bangor, Me., March 2-Seldom have his late home, Queen street. The remaine were interred at Smith's Cove, the ser vices being conducted by Rev. F. H. Beals, pastor of the Digby Baptist church. The snow is five feet deep and it is practically impossible for houses to move through it. In many camps the provisions ment with a beautiful king's color—a very Toronto, March 3—(Special)—W. J. M.

Charlottetown, March 3—(Special)—Robler of the Provincial Aylor, acting manager of the Provincial Charlottetown, March 3—(Special)—Robler F. Whiston has resigned the pastorate of the Central Christian church here. He of the Central Christian church here. He of the Central Christian church here. He came here from the United States as an evangelist and received a call and built a beautiful church, now nearly paid for.

The western section of the railway has came here from the United States as an evangelist and received a cail and built a beautiful church, now nearly paid for. The western section of the railway has been blocked for two days. A train left the city early Friday morning and did not reach Tignish till Saturday night. Trains were running Sunday to convey mails and passengers. Trains are running on the eastern section as in summer. spruce boughs to eat for three days past naturally did not expect to see a march "Conditions north of here," said a pro-Ottawa, March 3—(Special)—George
Mercer Dawson, director of the geological
survey, died here last evening, after 48
hours illness with bronchitis. He was the
eddest surviving son of Sir J. W. Dawson
and was born in Pictou, N. S., August 1,
1849. In 1873 he was appointed botamist
and H. M. with American boundary commissingers engaged in fiving the boundary of that it is impossible for horses to walk on
it. Within a short time many operators
in the barrack square. Ottawa, March 3-(Special)-George snow to the depth of five feet or more, and so soft has it been made by the action of the sun and the recent that the recent that the recent that it is impossible for horses to walk on it. Within a short time many operators have been obliged to stop hatting from their yards to the landings, and now instead of worrying about their logs, they are wondering if they will be able to get their horses out of the woods alive.

"Of course in many localities this different to the other (and to countries beyond the empire, too), were more accustomed to the freedom of the prairie or the veldt than the restricted movements in the barrack square. The king then ordered the regiment to be formed into a hollow square that he might address the officers and men before proceeding further. I heard him ask for Lord Stathcona, who, by the missioners, engaged in fixing the boundary line from the Lake of the Woods to the Rocky Mountains, and in 1875, was appointed to the staff of the survey. He became assistant director in 1883, and director and deputy head in 1895. His principal work was in British Columbia "Of course, in many localities this difficulty is not to be met with and things are progressing in the usual manner. Un-less something happens during the next few days, however, it is likely that nuimerous operators will be obliged to shoot

Acute and Chronic Rheumatism.

Talked About.

A medicine that is talked about---that is frequently the theme of general conversation--- is a medicine that cures. That is why it is talked about. Commonplace medicines are not discussed; it is merit that compels attention.

No other medicine in the world has been so much much talked about as Dr. Williams' Pink Pills. Neighbors discuss it at their friendly gatherings. The person who has been benefitted by the use of this medicine recommends it to ailing friends.

You may not have thought of it before, but, if you will recall the fact now, you have doubtless heard "Pink Pills" talked about on scores of occasions--- and always in terms of the warmest praise. This is because Dr. Williams' Pink Pills cure.

There is not a nook or corner in the whole civilized world where some sufferer has not been benefitted by the use of this medicine. There is scarcely a place of importance where Dr. Williams' Pink Pills have not effected remarkable cures. When doctors have said "we can do no more;" frequently after the best hospital treatment has failed, Dr. Williams' Pink Pills have restored sufferers to healthy, happy activity.

READ THE PROOF.

Mr. John McDonald, a well known merchant at Cape North, N.S., was for many years a sufferer from spinal trouble, which eventually resulted in paralysis. Mr. McDonald's story is given as follows in-his own words:—"Almost thirteen years I caught a bad cold' which lodged in my back, producing a terrible pain. Liniments were at first resorted to, but they had no effect, and the trouble became so bad that I could hardly walk. Medical treatment did me no good. I tried six different doctors, but the result was always the same, with the spin of 1895 my lower limbs would scarcely support me. In June of that year I went to the Victoria General Hospital, Halifax, where I remained for two months under the treatment of the best specialists, but when I returned home I was actually worse than when I entered the hospital. This strongly discouraged me, and I gave up all hope of ever getting better. I continued to grow worse until strongly discouraged me, and I gave up all hope of ever getting better. I continued to grow worse until strongly discouraged me, and I gave up all hope of ever getting better. I continued to grow worse until strongly discouraged me, and I gave up all hope of ever getting better. I continued to grow worse until strongly discouraged me, and I gave up all hope of ever getting better. I continued to grow worse until strongly discouraged me to incomplete the following April, Pick sticks under me. My only means of locomotion was crutches, and my legs dragged after me like useless pieces of timber. I could not raise them one inch from the floor. About the first of the following April, Rev. Mr. McLead strongly urged me to try Dr Williams' Pink Pills. I had tried so many things without benefit that I tiid not think the pills could help me, but nevertheless I decided to give them a trial. After using six boxes I could see that there was a slight improvement, and 'I continued using the pills until I had taken thirty boxes, and by that time new hife and vigor had returned to my legs, and I have since been able to again enjoy in this world.

My restoration has caused a great wonderment in this section, and as a result I have sold many gross of Dr. Williams' Pink Pills in my store, and many of those who have bought them from me tell me they have

But remember you must get the genuine, with the full name "Dr. Williams' Pink Pills for Pale People" on the wrapper around every box. If in doubt, send direct to the Dr. Williams' Medicine Co., Brockville, Ont., and the pills will be mailed, post paid, at 50 cents a box or six boxes for \$2.50.
