Second Class " 120
Third Class Female Teachers 90
First Class Female Teachers 110

Third Class " 70
Class-room Assistants regularly employed four hours per day are to receive one half of the above amounts, according to the class of License held.
Teachers and Class-room Assistants employed in Districts are to receive for the following school year, at the rate of one-third more than the grants above named.
In all cases one-half of the Provincial Grants are to be paid to the Provincial Grants are to be paid to the Trachers and licensed assistants semi-annually, or rateably according to the number of prescribed teaching days the School shall have been satisfactorily taught.
(2) From the School Fund provided by the County Assessment, to be apportioned by the (hief Superintendent to The Tausters of the School Districts within each County, as follows:

(a) At the rate of \$20 for the school year, to TRES of the School Districts within each County, as follows:—

(a.) At the rate of \$30 for the school year, in consideration of each licensed Teached employed: of whatever class.

(b.) The balance, by an equal rate per pupil according to the average number of pupils in attendance at >chool, and the number of teaching days the School has been open. The Trustees of Districts recognized as poor Districts in any year, to receive, in this latter apportionment, special aid not exceeding one third more per pupil than the Trustees of other Districts within the County.

One-half of the County fund is to be appor-tioned and paid semi annually. One-halt of the County fund is to be apportioned and paid semi annually.

No public moneys will be received by Districts which fail to establish Schools under the Act. It will be observed that the amount of Provincial and County moneys to be expended in any District in aid of Schools will depend almost exclusively upon local exertion, or the direct efforts made by the reople of the several Districts in maintaining their own Schools. The sum to be received by the Teacher from the Province is definite, but the exact amount that will be received by the Trustees from the County Fund on account of the average attendance of pupils, cannot be known at the time of the School meeting. The meeting should, therefore, be careful in voting its estimates to authorize a sum amply sufficient to enable the Trustees to meet the liabilities of the School year. Any balance remaining in the hands of the Trustees, is, of course, to be carried to the credit of the next School year, while any deficit arising from an authorized expenditure may be carried forward and provided for in the estimates of the following year.

The first disbursement of the County Fund will be apportioned on the School attendance made between January 15th and April 30th, inclusive.
