

Hallock's Success Anti-Clog Weeder

More than 40,000 of our Weeders now in use. Does this mean anything? We expect our sales in the year 1900 alone to crowd these figures. Why? Listen, please: Material used in manufacture of implements has advanced fully 100 per cent. Your dealer will ask you largely advanced prices for all implements. If you doubt this, call on him.

LET US REPEAT.—It is an absolute fact that the price of all implements has advanced from 25 per cent. to 50 per cent., but Hallock's celebrated Success Weeder will be sold at the old prices. Trade always follows where our Weeder is introduced; therefore, to get this trade, we will quote Special Price to first purchaser. Remember, we are the Weeder people, and have the price that sells.

TAKE NOTICE—Hallock's Success Weeder will be sold at the same old prices—not one cent advance.

More than 7,000,000 farmers in the United States, every one of which will own a Weeder in the next few years. Practically every one of them would buy in the year 1900 if they knew as much about the value of our Weeder as the 40,000 who now own one. We have decided that we may just as well have practically all of the "Weeder trade." To secure it, we have decided on prices that are bound to bring it. Just write and see if you do not think so.

WE SOUND A NOTE OF WARNING.

UNDER U. S. patent No. 600,782, issued on March 15, 1898, we have the exclusive right to make a Weeder having teeth substantially round at lower end and a flat spring yielding upper portion. This style of tooth gives our Weeder great superiority over all round-tooth weeders, and has caused it to become immensely popular. Farmers demanded of their dealers a weeder having such teeth, and the dealer in turn demanded them of the manufacturer. This led different manufacturers to assume the risk of using a similar tooth. Therefore, we hereby notify manufacturers, dealers and farmers that we have already brought suit against several, and will promptly and vigorously prosecute all similar offenders.

3-INCH CHAMPION.

We Make the Best Grinder on Earth.

Don't take our word, but read what customers say:

DEAR SIR:—Please find enclosed settlement in full for 12-inch Champion Model '99 Grinder (Sectional Plate Grinder). I am perfectly satisfied with it, and consider it worth its cost twice over, more than any solid plate mill which I have used for five years. I have ground one thousand bags before sharpening the plates and five hundred since, and they are doing well yet. Will let you know their limit when worn out. (Signed) J. S. Zehn.
