ter what else they do out in Manitoba besides drinking rags. I am afraid we are a trifle behind the times here. We do chew the rag occasionally but have not got as far as drinking it yet.

A Farmer's Daughter.

Sir.—I have been a subscriber to your paper, the Western Home Monthly, for almost two years, and I like it better all the time. It is very interesting all through, and the only fault with it is that it doesn't come often enough. I am a farmer's daughter, and homesteading is very lonesome, and I feel sorry for the poor bachelors who have to keep house for themselves this hot weather. My present occupation is hoeing, and there's lots of it to do. I am 5ft. 5½ in. tall, have blue eyes and brown hair, and am very fond of driving and can manage any kind of a horse. I am very fond of music, and can sing like a blue jay. I am a good shot with the rifle, but no chores for me. The man that gets me must be able to do the outside work. I am a good cook, and can sew very well. I can make a dollar go as far as anybody, so if any of the bachelors think my description would suit, why, write and send your photo and I will consider it. As to my age, why, that's your next guess. I will close for this time.

Kind Words for the W.H.M.

Invermay, Sask., June 17, 1910.

Sir.—It is with pleasure that the W.H.M. is brought into our home, and among the many periodicals published

Point du Bois Falls, where the City of Winnipeg is building a big power plant.

to-day I think that it stands in the front line, and my toast is, "May it ever." I do not think a person need want for any good things in the line of literature, for have we not information on any subject written by men who know. Of the W.H.M., the parts I enjoy and profit by are "The Philosopher," "What the World is Saying," "The Young Man and His Problem," "The Farm," and last, but not least by any means, the correspondence columns. Among the above named, "The Young Man and His Problem" is the subject which I think every young man should read, for here is where Rev. J. L. Gordon gives the young men a few very useful tips. The correspondence page is where we all turn to, if not first, then last, and here is where we obtain our advice along the matrimonial line. Here in one letter some spinster maiden aunt runs down the western bachelors—poor souls, while following, some pretty buxom maiden praises the bachelors. I am very fond of music, and play the flute. I enjoy a good book and am fond of all outdoor games. I am 21 years of age, 5ft. 10in. in height, weigh 145 lbs., and am dark. If some nice girls of about 18 or 19 would care to write I should be delighted to hear from them.

"Robin Hood."

From the Candy Kid.

Southey, Sask., June 19, 1910.

Sir.—I have been an interested reader of your correspondence column for almost a year, and have found some rather interesting descriptions of some of the

writers, and if any care to know what I look like here it is:

I am not too short,
And not too tall;
Am not too large,
Nor yet too small.
Have two good eyes,
And hair light blue;
Have a good understanding,
'Twill fit a twelve shoe.

However, if you care for a true likeness just take a look at the new moon in the almanac. I am fond of all outdoor sports; am a great lover of most things in fact. My mother says I would make a good hand in a bake shop as she is sure that none of the pastries would ever spoil. I am a pretty good hand at baking cakes myself, but it is pancakes. I am fond of music, and can play a little. In case any wish to hear more of my wonderful accomplishments they will find my address with the Editor, or will please have him forward their address to "The Candy Kid."

Have a Good Opinion of Themselves.

Saskatoon, Sask., July 28, 1910.

Sir.—We are interested readers of the correspondence column in the Western Home Monthly and would like to exchange letters with some of the best looking boys who are interested in this column. We are two exceptionally fine looking young ladies, and would certainly make a good impression on any of the opposite sex who have an eye to beauty alone and not those accomplishments such as milking cows, etc., which so many of our fair correspondents can boast of. We are just the right age and complexion, a more detailed description
