The Committee wish to place on record their appreciation of the addresses given and their thanks to all the speakers who have done so much to make successful the various meetings held during the year.

The Committee also desire to express their thanks to Col. E. Kitson Clark who on various occasions during the year has provided hospitality for those speakers who, except by travelling on the Saturday, were unable to reach Leeds in time for the Monday's meeting.

During the latter part of the year the Club has been deprived of the services of its Hon. Treasurer—Mr. A. Dawson—who for reasons of health has been compelled to spend the trying part of the winter in the South. In addition to recording their

recognition of the value of his services for the last 12 years they wish to express the hope of a permanent restoration to health. The Committee wish to thank Mr. F. Smith of the Midland Bank for efficiently carrying on the duties of Treasurer during Mr. Dawson's absence.

The Committee wish to record their pleasure at the high ecclesiastical honour conferred on its member, Rev. Bernard O. F. Heywood, Vicar of Leeds, in his appointment as Bishop of Southwell. They remember with gratitude the valuable service he has rendered as a member of the Club and of its Committee and wish him God speed in his future great work.

The Committee record with regret the death of the following members during the year—

Mr. Samuel Denison.
Mr. George Harry Rogers.
Mr. James Wardle.

All of these, since their election to the Club, had been very active members and assiduously regular in attendance at its meetings. Each of them had taken an active part in the life of the City, and the Club and the City alike are poorer by their deaths.

On the issue of the University appeal fund the Committee felt that the long, intimate, and valued association of the Club with that institution should be marked by a practical appreciation of its work and aims. They, therefore, recommended that a subscription of 100 guineas be given from the Club funds towards the appeal fund. At the meeting held on Monday, 27th October, this recommendation was unanimously and cordially accepted by the members.

In the latter part of the year the Committee has considered the question of installation of loud speakers in the Club Room. Enquiries are being made and the Committee hope to report again on the scheme.
