Barrie, June. 23/23.
Hon. Arthur Meighen,

Dear Sir:

You will remember me as one of the McLenzies residing in Manitoba son of Adam McKenzie. I am writing you re. some trouble I am likely to have re my father's property. My father's memory has not been sound for a few years and he gave me his general power of attorney some years ago to look after all his business. Now my sisters are questioning this right I believe which may lead to some trouble. As there is considerable involved I would ask if I might have your services to defend me should any action be taken, if you would not be able in a position to take care could you recommend some able lawyer in such cases. I would wish to have the case come up in Manitoba
