To
Senator Arthur Meighen, Esq.,
Senate Chamber,
Ottawa, Ont.

Dear Sir:-

At a general meeting of this Association held very recently the following motion was passed unanimously, viz.:-

"That a congratulatory letter be forwarded to Senator Arthur Meighen at once concerning his spirited efforts during the present sitting of the Senate to spur the Liberal Administration to greater and more definite effort in Canada's contribution to the common cause".

Your efforts in the Senate are being keenly followed through the medium of the press and radio despatches, and are warmly appreciated by the Association as a whole.

We sincerely hope you will lose no opportunity to use your well known abilities towards injecting some sign of patriotic action and effort in our time of trouble into the present administration. Most certainly, to the man on the street, and to all outward physical appearances, Messrs. King, Lapointe, Dandurand, etc., are sadly lacking in those qualities needed to demonstrate to ourselves, if not to the Mother country, that we trying to pull our weight let alone actually doing it.

Yours very truly,

Donald J. Hopkins
H. G. Reeves
