

# TILLSONBURG'S DEPARTMENTAL STORE

---

**I**N EXTENDING a cordial greeting to the boys and girls of other days, it is our desire to indicate the fact that our business methods have kept in touch with progress, and a passing of the years has contributed to the development of our trade which has increased from small beginnings to Modern Departmental Store, where special managers in charge of the various branches are prepared to provide the finest line of Groceries procurable, all the latest Table Delicacies.

A complete outfit from Boots and Shoes to an up-to-date Suit, and all the new natty styles in Hats, Caps and Ties. An unapproachable range of Dress Goods, and in fact everything in Dry Goods, Carpets, Crockery, Glassware and Silverware, all carefully selected and well bought. As a link between the past and present we are here to cheerfully welcome you all.
