

Canadian Pacific Hotels

While the perfect sleeping and dining car service of the Canadian Pacific Railway furnishes every comfort and luxury for travellers making the continuous overland through trip, it has been found necessary to provide places at the principal points of interest among the mountains where tourists and others might explore and enjoy the magnificent scenery.

The Company has erected at convenient points hotels, which, by their special excellence, add another to the many elements of superiority for which the Railway is famous.

ALGONQUIN HOTEL,

at St. Andrews-by-the-Sea, the popular Atlantic Seaside Resort, is situated on a peninsula five miles long, extending into Passamaquoddy Bay, which is seventeen miles long by six miles wide. Good deep sea and fresh water fishing may be enjoyed; the roads are perfect, making driving and cycling most enjoyable. The facilities for yachting and boating cannot be surpassed and there are golf links that have no superior in Canada. The attractiveness of St. Andrews-by-the-Sea bring people seeking rest and relaxation from different parts of the Continent.

The Algonquin Hotel, on which a large expenditure has recently been made in improvements, offers every modern accommodation for tourists.

The hotel rates are from \$3.00 per day upwards. Special rates to those making prolonged visits.

McADAM HOTEL

is situated at McAdam Junc., N.B., and offers the visitor in search of sport a choice of routes through the whole province. It gives him, too, an outing at a summer retreat, free from the heat and crowds of the fashionable resorts, whence the hunting and fishing grounds are easily accessible.

The rates are from \$2.50 per day upwards.

THE CHATEAU FRONTENAC,

at Quebec, the quaintest and historically the most interesting city in America, is one of the finest hotels on the continent. It is fireproof, and occupies a commanding position overlooking the St. Lawrence, its site being, perhaps, the grandest in the world. The Chateau Frontenac was erected at a cost of over a million of dollars. Great taste marks the furnishing, fitting and decorating of this imposing structure, in which comfort and elegance are combined to an unequalled extent.

Rates, \$3.50 per day and upwards, with special arrangements for large parties and those making prolonged visits.

For view of Chateau Frontenac, see page 11.

THE PLACE VIGER,

at Montreal, is a handsome new structure in which are combined a hotel and station. The building which faces Place Viger is most elaborately furnished and modernly appointed, the general style and elegance characterizing the Chateau Frontenac, at Quebec, being followed.

Rates, \$3.00 per day and upwards, with special arrangements for large parties or those making a prolonged stay.

THE KAMINISTIKWIA,

at Fort William, the western terminus of the Lake Route and of the Eastern Division of the C.P.R., is an excellent, well-appointed hotel in every respect, which offers many unique attractions as a vacation home for those in pursuit of rest and recreation in the picturesque region at the head of Lake Superior.

The hotel rates are from \$2.50 per day upwards, with special rates to large parties or those making an extended visit.

MOOSE JAW HOTEL,

a new hotel erected at Moose Jaw, in the Canadian North-West, at the junction of the Soo-Pacific road with the main line of the C.P.R. The hotel is modernly appointed and elegantly furnished.

Rates, \$3.00 per day, with reductions to those making prolonged visits.

BANFF SPRINGS HOTEL,

at Banff, in the Canadian National Park, on the eastern slope of the Rocky Mountains, is placed on a high mountain promontory 4,500 feet above the sea level, at the confluence of the Bow and Spray rivers, and is a large and handsome structure, with every convenience that modern ingenuity can suggest, and costing over half a million of dollars. While it is not intended to be a sanitarium, in the usual sense, the needs and comforts of invalids are fully provided for. The Hot Sulphur Springs, with which the region abound, vary in temperature from 80 to 121 degrees, and bathing facilities are provided by the hotel. The springs are much like those of Arkansas, and the apparently greater curative properties of the water are no doubt due to the cool, dry air of the mountains.

Game is plentiful, and Lake Minnewanka, not far away, a mile or two in width and fifteen miles long, affords excellent sport in deep trolling for trout.

Swiss Guides are stationed here and at the Lake Louise Chalet, Field and Great Glacier House to accompany tourists to points of attraction.

The hotel rates are from \$3.50 per day upwards, according to the rooms. Special rates to those making prolonged visits.
