## Do You Want to Save \$62 a Year?

You must pay the washerwomen fifteen cents an hour.

It is hard-earned money at that. If you do your own washing or have the servant do it, this steaming, back-breaking, hand-chapping, cold-catching, temper-destroying work will cost you more than 15 cents an hour in the end.

It takes eight hours' hard labor to do the average family wash.

Eight hours, at 15 cents, cost you \$1.20 per week for washing.

This means \$62.40 per year, without reckoning fuel for fires, or wear on clothes.

We will save you half of that—or No Pay.

We will send any reliable person our "1900 Gravity" Washer on a full month's free trial.

We don't want a cent of your money, nor a note, when we ship you the Washer on trial. We even pay all the freight out of our own pockets, so that you may test the machine as much as you like before you agree to buy it.

Use it a full month at our expense. If you don't find it does better washing, in half the time—send it back to the railway station, with our address on it—that's all.

We will then pay the freight back, too, without a murmur. But, if the month's test convinces you that our "1900 Gravity" Washer actually does 8 hours' washing in 4 hours' time does it twice as easy—far better, without wearing the clothes, breaking a button or tearing of lace, then you write and tell us so.

From that time on you pay us, every week, part of what our machine saves you, say 50 cents per week, till the Washer is paid for.

Each "1900 Gravity" Washer lasts at least five years, yet a very few months, at 50 cents per week, makes it entirely your own, out of what it saves you on each washing.

Every year our Washer will save you about \$62.00. Yet the "1900 Gravity" Washer won't cost you a cent, under our plan, because we let it pay for itself. You need not take our word for that. We let you prove all we say, at our expense, before you decide to buy it on these terms.

Could we risk the freight both ways with thousands of people if we did not know our "1900 Gravity" Washer would do all we claim for it?

It costs you only the two-cent stamp on a letter to us to bring this quick and easy Washer to your door on a month's trial.

That month's free use of it will save you about \$2.00. You thus risk nothing but the postage stamp to prove our claims, and we practically pay you \$2.00 to try it.

This offer may be withdrawn any time if it crowds our factory. Therefore WRITE TO-DAY, while the offer is open, and while you think of it. A post card will do.

Address me personally for this offer, viz: F. A. Y. BACH, Manager The "1900" Washer Company, 357 Yonge Street, Toronto, Ont. 1913

The above offer is not good in Toronto or Montreal and suburbs—special arrangements are made for these districts.

### GOSSIP.

Aberdeen-Angus sales in the north of Scotland last month were quite successful, 153 head being sold at an average of \$160. At Banks, from Mr. Beddie's herd, 56 head were sold for an average of \$120, the top price being 62 guineas, or about \$325. At the disposal of a draft from the herd of Mr. Adamson, Careston, as well as a few belonging to Mr. Chalmers, the former obtained an average of \$210 for 32 head, and the latter \$220 for five head. Some of the best of these sold for \$365 to \$470.

The catalogue of the clearing sale of high-grade Holstein cows, the property of D. Campbell, Harrietsville, Ont., to take place on Wednesday, Oct. 20th, should attract the attention of farmers and dairymen desiring to improve the production of their herds, as this sale offers one of the best opportunities for securing heavy-milking cows likely to occur this fall. The factory record of the herd, which will be made known on day of sale, it is stated, will show over 1,200 lbs. per head per month for the season. At the head of the herd is the choice young registered bull, Carl Duke 7030, by Snowball 3288, by Mavourney's Paul De Kol, dam Lillian Abbecker De Kol. Specimen cows are Sunshine, No. 2 in catalogue, stated to have given 73 lbs. milk in one day; Nos. 3 and 4 are twins, aged 4 years, that have given over 100 lbs. in a day, and their dam was a 60-lb. cow on grass; No. 21, two years old, has calved since catalogue was issued, a fine heifer calf, and gives great promise as a milker. Her half-sister, No. 22, will also be due to calve before the sale, and looks like making an extra-good producer. Horses, hogs, grain and hay, implements, etc., will also be sold same day. Sale at 1 p. m., rain or shine.

### WILLOWDALE BERKSHIRES.

The high-class character of Willowdale Berkshires, the property of J. J. Wilson, of Milton, Ont., is a fact well known to Berkshire breeders throughout the Dominion. The phenomenal success scored by this herd at the Toronto Exhibition in 1908, when they literally swept the boards, stamped the herd as one of the very best in Canada. There is no better judge of pigs in this country than Mr. Wilson, and he keeps no culls in his herd. His baker's dozen of brood sows, nearly all of which are either directly imported, or imported in dam, are a choice, big lot, and all in prime condition. Polgate Desire 4th, and Polgate Desire 8th, full sisters, imported in dam, sired by Polgate Duty 2nd (imp.), and out of Polgate Desire (imp.), are a big, choice pair, smooth, even, and quality all over; both are suckling litters, the one lot by Diamond-cutter 2nd (imp.), the other by Prairie Prince, a hog that, at 7 months' of age, weighed 500 lbs. Polgate Dahlia 4th (imp. in dam), is another grand, big sow, carrying a litter to Prairie Prince. Stratton Princess (imp.), has a litter by the same sire, and out of her are three exceptionally-choice sows of breeding age, sired by Imp. Lord Monmouth. A grand young sow of breeding age is out of Green Grace Jennie, whose sire and dam were both imported. Other young things are a lot of both sexes, sired by Imp. Diamond-cutter, and out of Polgate Dahlia 4th. These are only a few of the many young things on hand for sale of both sexes. In making the rounds, we were shown what we consider one of the best young boars in the country, Artful Joe, by Willowdale Doctor. Owing to his exceptionally-choice type and quality, he is being kept for use on the herd, or a portion of them, not related. Willowdale farm is only about one mile south of Milton Station, O. P. R. and G. T. R., and is connected with long distance phone.

An alien wanted to be naturalized as a citizen of the United States and was required to fill out a blank. The first three lines of the blank had the following questions: "Name," "Born," and "Business." He answered: "Name: Michael Levinsky," "Born: Yes," "Business: Rotten."

The ordinary lamp wherever used spoils all lighting effects by its downward shadow. Replace it with

## The Angle Lamp

and the improvement will surpass belief. "No under-shadow" is a great feature. But for the quality of its light alone it is superseding gas and electricity in city and country homes. Its light has all of their power with none of their glare and unsteadiness—soft, mellow, eye resting, and absolutely none of the smoking and offensive odors of ordinary lamps, either. There is nothing like it for convenience. It lights and extinguishes like gas, without removing globe—one lighting burns 16 to 23 hours, costing about 18 cents a month for oil. Compare that with the monthly gas and electric bills, or even the cost of that troublesome, smoky, smelly lamp you are using. For quality of the light, economy and satisfaction for all lighting purposes, there can be no comparison. It is the cheapest and the best kind of illumination.

Dr. Osler's jest still recoils upon him. At Oxford, on occasion of his sixty-first birthday, an undergraduate poem ran:

Brothers, I am sixty-one,  
And my work on earth is done,  
Peace should follow after storm,  
Reach me down the chloroform!

## GANANOQUE MAN OUT OF TROUBLE.

Had Rheumatism, but Dodd's Kidney Pills Cured it.

Hugh Abernethy on His Feet Again  
Cure is Easy, Simple, Natural and Permanent.

Gananoque, Ont., Oct. 11.—(Special).—That rheumatism can be cured surely, simply and permanently, is the good news that Hugh Abernethy, a well-known resident of King street, is spreading among his neighbors.

"I had suffered from rheumatism and stiffness of the joints," Mr. Abernethy states. "My muscles would cramp. I could not sleep, and I had terrible headaches. I took many different medicines, but nothing did me any good till I tried Dodd's Kidney Pills. Six boxes put me on my feet again."

Others who have taken Mr. Abernethy's advice and used Dodd's Kidney Pills are also loud in their praises of the old reliable Canadian kidney remedy. For Dodd's Kidney Pills cure rheumatism and other blood diseases by curing the kidneys. Sound kidneys keep the blood free from impurities. And with no impurities, such as uric acid in the blood, you cannot have such painful and dangerous diseases as pain in the back, rheumatism, lumbago, neuralgia, and heart disease.

Keep your kidneys strong and well with Dodd's Kidney Pills, and you can face the cold, wet days of fall without a fear of rheumatism.
