## GASOLINE OR GAS ENGINE

ENGLISH MADE

"THE LISTER"

THIS engine is, without doubt, the best made, lightest and simplest running on the market.

For simplicity, quality and finish it has no equal, and for low cost of running and up-keep there is nothing like it in the world.

It is made for, and to do, all work on the farm, mechanics' shop, sawing, grinding, pumping, operating cream separators, sheep shearing and dynamo driving, etc.

An engine that cannot be put to wrong use within its power, and which is so simple that it can be operated by anyone capable of reading an instruction.

It is not a low-priced engine, but the cheapest when you require value for your money.

It can be seen working on the premises, Toronto and Winnipeg.
