

"It Is Simply Invaluable"

That is Mr. Stewart's Opinion of Douglas' Egyptian Liniment

Mr. Israel Stewart, of Desmond, Ont., has given Douglas' Egyptian Liniment a very thorough test, and this is what he says about it.

"After using and making some remarkable and speedy cures with Douglas' Egyptian Liniment, I must say that I believe it to be the most wonderful remedy for man and beast I have ever used. We had a horse badly injured in the pasture field and before we were aware of it the wound was in a very bad condition, but Egyptian Liniment soon dislodged everything nasty and a rapid cure was made. In the house it is simply invaluable in all cases of Rheumatism, Sciatica, Neuralgia, Burns, Sprains or Bruises. It is a boon to humanity."

You owe it to your family, and your stock to keep a bottle of Douglas' Egyptian Liniment always on hand, ready for instant use. It stops bleeding at once. It heals cuts and wounds without inflammation or proud flesh. It quickly takes the pain and swelling out of sprains and bruises of all kinds. In fact it is simply splendid for every trouble of man or beast which a liniment can cure.

them on account of dyspepsia or any other cause, is very simple. Cover them with a very large allowance of powdered sugar and then squeeze over them the juice of one or more lemons, which brings out the strawberry flavor more than anything else, and its acidity is counteracted by the large quantity of sugar. The lemon juice should be in the same proportion as the cream would be in the place of which it is used.

SUMMER DRINKS.

Iced Tea.—Allow 1 teaspoonful of tea for each person. Add cold water (a cupful for each teaspoonful of tea) and let stand 4 hours. Strain and serve in glasses with a slice of lemon, and ice and sugar to suit the taste of each person.

Gingerade.—Dissolve 3 pounds of loaf sugar in 2 gallons of water; then add the well-beaten whites of 3 eggs, and 2 ounces of ground Jamaica ginger; it is well to moisten the ginger before adding it to the whole with just a little water. Now place this over the fire in a porcelain kettle, bring slowly to the boiling point, skim and stand aside to settle: when cold add the juice of 1 large lemon and 1/2 of a yeast cake, dissolved in 2 tablespoonfuls of warm water: mix thoroughly and strain. Fill into bottles, cork tightly and tie the corks, and stand at once in a cool place. It will be ready to use in about 2 days.

Orange Drink.—Use ripe, thin-skinned oranges. Squeeze the juice through a sieve. To every pint of juice add 1 1/2 lbs. sugar. Boil and skim as long as scum arises, then take it off and bottle. A little of this in a glass of ice-water makes a delicious, wholesome drink.

Iced Strawberry Shrub.—Sprinkle over 20 lbs. of ripe berries 30 cents worth of tartaric acid, cover the berries with cold water, and let the whole stand for 24 hours, then strain. If a very rich shrub be desired, this juice should be poured over 20 lbs. more of fresh berries, and allowed to stand for from 12 to 24 hours; then strain again and add a pound of sugar for every pint of juice. Boil rapidly for 5 minutes, then simmer a while, cool and bottle. For a pleasant and healthful beverage use 1-3 shrub to 2-3 water, and serve in glasses with a lump of ice in each.

The Scrap Bag.

A successful way to clean white yokes and cuffs without removing them from a waist or dress is to cover them with a mixture of two parts white cornmeal and one part powdered borax. Leave this on over night, then brush it off thoroughly.

To prevent accidents with bottles of poison, buy a dozen tiny bells, and every time a bottle of poison is brought into the house, tie a bell to the neck. Even in the dark the bell will tinkle its warning and save many serious accidents.

To keep slender vases from tipping over when filled with flowers, put shot or heavy pebbles in the bottom.

When shelling peas it is worth while to keep the pods, wash them, boil separately, and rub through a sieve; the puree will make excellent pea soup with or even without the addition of some fresh peas.

Do not forget that cupboards and wardrobes where clothes are kept need frequent airing. On a sunny day open the doors and leave them open for several hours. Never put away a dress bodice without first airing it. Attention to little details like this, which keep one's clothes fresh and sweet, is well worth while.

There is nothing like soap bark to remove grease and dirt from clothing. Get ten cents' worth from the drug store, steep a few pieces in hot water for a few minutes, then rub the soiled places thoroughly with it, having a linen towel folded under the soiled spot to absorb the grease. Rub till nearly dry, and the spot is clean.
