THE above illustration shows one of our Standard Type of Telephones for Rural Party Line Service. Our Telephones are the clearest-talking and loudest-ringing telephones on the market.

They are made in Canada, and have many exclusive features—many improvements that add to their efficiency. They are the result of careful study, by our expert engineers, of Canadian telephone requirements. Given the severest tests and examined part by part, by men of wide experience in telephone construction, they have been pronounced the highest-class, the most efficient, telephones yet constructed.
