DAIRY INDUSTRY OUTLOOK

Mr. J. C. Ruddick Says the Home Consumption Is Steadily Increasing.

A despatch from Stratford says: Some very encouraging facts were laid before the Western Dairy-men's Convention, held here last week, by Mr. J. C. Ruddick, Dairy Commissioner, in regard to the outlook for the industry. For the fiscal year ending with March next our dairy exports are estimated at only \$25,230,000, as compared with \$31,687,561 in 1903. Meantime, however, the home consumption is believed to have increased by \$25,000,000, so that the production for the year about ending will really be \$3,582,439 greater than in 1903. For the year ending with March next the production seems to have increased more rapidly than in the year immediately preceding, because, while the home consumption is still growing, our exports of dairy products for the current fiscal year will be \$2,000,000 ahead of those of 1910. For the expansion that has taken place in the year near closing the partial opening of the American market to our dairy products is largely responsible. In the month of August, 1909, as a result of the reduction of the United States duty on cream from five cents per pound to five cents per gallon, we exported 1,650 gallons of cream to the American market. In November of the same year this increased to 70,000 gallons. For October last the amount was 327,064 gallons. It is believed that the value of our exports of dairy products to the United States for the year ending March next will be \$3,000,000 as against less than a quarter of a million the year before, and practically nothing prior to the change in the American duty. The total value of the milk production of Canada was placed at \$100,000,000, and it was said that an addition of 500 lbs. of milk per cow to the average production, something easily possible, would add \$10,000,000 to this. The prediction was made that much more than this will be done; that in a few years a larger proportion of the two million odd cows in the Dominion will be made to increase their milk flow by fifty per cent. Even with this increase, Mr. Ruddick contended, there need be no fear of over-production. If the production remains stationary, the home market, if the expansion continues at the present rate, will absorb the entire output of the dairy industry ten years hence. In addition to this, there is the American market. Although the United States is the largest producer in dairy lines in the world, that country imported nearly \$7,000,000 worth of butter and cheese in the calendar year of 1909, and will import larger quantities in future.

NEWS OF THE DAY IN A PARAGRAPH

HAPPENINGS FROM ALL OVER THE GLOBE IN A NUTSHELL.

Canada, the Empire and the World in General Before Your Eyes.

CANADA.
It is estimated that 300,000 immigrants arrived in Canada last year. The Ontario Government proposes to sell certain pulpwood concessions.
Mr. Clark and his daughter, Mrs. Robert Young, were robbed by highwaymen near Hamilton.
The Lord's Day Alliance finds that conflict of laws prevents proper enforcement in Quebec.
Cases of malicious damage to the Hydro-electric transmission line have been reported at London.
Sir Wilfrid Laurier has given notice of a resolution for the renewal of the Pacific steamship subsidies

of £25,000 annually.
Norman McMillan, the young son of J. W. McMillan, was struck and instantly killed by a Grand Trunk express train at Stratford, on Thursday.

GREAT BRITAIN.
The British Parliament will be opened by the King on February 9.

Mr. A. J. Balfour says the fiscal controversy retains its old place on the Unionist programme.
A bull dog kept a dozen London policemen at bay when they tried to enter the room in which its master had committed suicide.

UNITED STATES.
Canada has scored a diplomatic victory on the fisheries question.
The American section of the International Waterways Commission favors Government control of Long Sault Rapids power development.

GENERAL.
The Kaiser's speech at the opening of the Diet offended the Democrats and Liberals.
It is officially denied that Persia appealed to the American people against Britain and Russia.

CORONATION PROGRAMME

Elaborate Tentative Arrangements Have Been Completed.

A despatch from London says: The executive committee having in charge the plans in connection with the coronation of King George, met on Thursday and completed tentative arrangements, which will, if anything, be on a more extensive scale than at the time of King Edward's coronation.
The route of the procession to Westminster Abbey on June 22 will be the same as on the last occasion, and the royal progress through the capital after the ceremony, which was postponed in Edward's time, owing to the King's delicate health, will occur on June 23. Still another royal procession to the guild hall for the coronation entertainment has been arranged for a subsequent day.
The coronation festivities will extend from June 19 to June 30, and will include a naval review at Spithead, at which the King will be present, probably a military review and a royal reception in honor of the colonial and foreign envoys.

Awarded highest honors at all Expositions.

LIVE STOCK MARKETS.

Montreal, Jan. 17.—Choice steers sold at 6½ to 6¾¢, good at 6 to 6¼¢, fairly good at 5½ to 5¾¢, and the lower grades at 4 to 4½¢ per lb. The demand for hogs was active, with sales of selected lots at \$8.25 to \$8.60 per 100 lbs., weighed off cars. Supplies of sheep coming forward are small, for which the demand is good and sales were made at 4½ to 4¾¢ per lb. Lambs were firm under a good demand at 6½ to 6¾¢ per lb. A fairly good trade was done in calves, at prices ranging from \$3 to \$12 each, as to quality.

Toronto, Jan. 17.—Some of the choicest butcher heifers and steers sold in the neighborhood of \$5.50 to \$5.90. Lambs were considerably higher. Sheep were steady to firm. One dealer paid as high as \$5.85 per cwt. Hogs show indications of easing off.

TROOPS KILLED ELEVEN.

Clots in Bombay Between Sunnites and the Shiah.

A despatch from Bombay says: Troops called out on Thursday to quell a riot fired several volleys into the crowd, killing eleven and wounding fourteen persons. Each year riots mark the celebration of the Muharram, the first month of the Mohammedan year, when trouble is bound to arise between the Sunnites, or orthodox section, and the Shiah, the second great division of Mohammedans. A great procession was arranged for Thursday to mark the close of the Muharram festival, but this was prohibited by the police. Rioting began and mobs gathered in large force. The police were stoned and found themselves unable to stop the fighting. Then troops were rushed to the scene of the fiercest rioting and orders were given to fire on the mob. It is probable that many received minor wounds in addition to the fourteen accounted for. The bodies of the killed lay in the streets for a considerable time after the rioters were dispersed.

LEVEL CROSSING FATALITY.

Daniel Watt Killed, and His Wife Injured.

A despatch from Arnprior says: At noon on Thursday the community was thrown into gloom over the terrible accident by which Mr. Daniel Watt of McNab township lost his life and his wife received serious injuries. They were coming to town, driving along Daniel street, and while attempting to cross the G. T. R. tracks their sleigh was struck by the noon way freight from the east. Mr. Watt's death was instantaneous. His left leg was pulled out at the thigh and his right foot severely crushed. Mrs. Watt received serious wounds, and was unconscious for over an hour and a half. The horses were not hurt.

MOONSHINE WHISKEY.

Two Men Lose Their Lives Near Ste. Agathe, Quebec.

A despatch from Montreal says: Illegally manufactured whiskey, with poisonous elements in it, has caused the death of two men near Ste. Agathe, where "moonshine" liquor flooding the whole district. After taking the raw liquor the men were found unconscious, and never recovered. An autopsy on Gilbert Legare, one victim, proved that he had died from the effects of potash, mixed with the liquor to give it the flavor of matured spirits.

FORTY PER CENT. DIE.

Plague Situation at Harbin, Manchuria, Very Serious.

A despatch from Washington says: Official reports to the State Department indicate that the plague situation at Harbin, Manchuria, is very serious. During the last fifteen days a total of 600 deaths have been reported. New cases have occurred at the rate of 100 daily, with a mortality of 40 per cent.

PULP INDUSTRY OF CANADA

Quebec Province Leads All the Dominion in Production.

A despatch from Ottawa says: According to statistics collected by the Forestry Branch of the Department of the Interior, there were 622,129 cords of pulpwood used in Canada during the year 1909. Of this the total value at the mill was \$3,464,080. In spite of a decline in the price of pulpwood the value of the wood consumed increased more than \$550,000 over that used in 1908, the quantity used being more than thirty per cent. in advance of that used in the previous years. There are some sixty pulp mills in the Dominion, and of these reports were received from fifty. Half of these mills are in Quebec, one-fifth in Ontario, and the rest are located in New Brunswick, Nova Scotia and British Columbia. The Province of Quebec furnished over half the pulpwood, Ontario gave one-third, while the rest was obtained from New Brunswick, Nova Scotia and British Columbia. Spruce and balsam, furnished ninety-nine per cent. of the wood used in the making of pulp. Poplar, hemlock and jack pine were also used. Three-fifths of the pulpwood cut in Canada during 1909 was exported to the United States for manufacture. Nearly all this wood went from Quebec. The average price received for it was only forty-five cents more than was paid at the Quebec mills. The pulpwood shipped from Canada in 1909 furnished 464-10 per cent. of the raw material used by the ninety pulp mills of the State of New York, and an appreciable portion of that used by the mills of New England and Pennsylvania. The manufacture of the pulpwood exported in 1909 kept 69 of the 251 pulp mills of the United States running at full capacity for the year. Had it been manufactured in Quebec it would have kept running 71 mills of the same size as those running in Quebec.

CAPITAL AND IMMIGRATION

Mr. White, Vice-President of C.P.R., Speaks of the Prosperity of the West.

A despatch from Montreal says: Mr. William Whyte, Vice-President of the C. P. R. at Winnipeg, who is here conferring with Sir Thomas Shaughnessy, is enthusiastic over the prospects of the west. In speaking of the building of the new lines he said: "During the summer there have been constructed 609 miles of railway, including 56 miles of double track. We are now engaged on the programme for this year, and it is probable that as much construction work will be done in 1911 as was done in 1910. Labor for railway building was never so scarce as in 1910, and wages were never so high. "During the year a determined effort was continued to turn back

FIGHT WITH HIGHWAYMEN.

Detective Sayers Fatally Wounded in British Columbia.

A despatch from Victoria, B. C., says: G. C. Sayers, said to be a detective, was brought here on Wednesday in a dying condition from Alberni, where he on Tuesday night had a desperate fight with two men wanted in Saskatchewan for highway robbery there and for breaking open box-cars on the Grand Trunk at Yorkton, Sask. The story is that he trailed the two men from the latter place and caught up with them in a camp near Alberni. He posted one of his men outside, while he himself entered the camp to make the arrest. A desperate fight ensued, in which Sayers was shot in three places, but with what strength he had left he backed up against a wall and there fought till he fell from loss of blood. The comrades he had posted outside, however, succeeded in arresting the men, who are held at Alberni. Sayers recently made several arrests single-handed in Edson.

FIVE MEN KILLED.

Mr. John Bowman and Assistants Meet Death at Prince Rupert.

A despatch from Prince Rupert, B. C., says: John Bowman of Kenora, Ont., and four foreigners were killed by an explosion on the G. T. P. grading work on the harbor front, all being blown into the water, on Wednesday. Mr. Bowman has a brother farming in Manitoba.

A CRIME TO SELL BAD EGGS

Boards of Trade of Montreal and Toronto to Ask Legislation.

A despatch from Montreal says: As the result of united efforts on the part of the Montreal Produce Merchants' Association, the Montreal Board of Trade and the Toronto Board of Trade and the Toronto Produce Merchants' Association, it is made to secure legislation making it criminal to offer for sale bad eggs. At a meeting of the Montreal Produce Merchants' Association on Wednesday, the matter was brought up and President Gunn stated that figures prepared by the association showed that during last year 17,000,000 dozen of eggs in Canada were rendered unfit for consumption by late marketing. The loss by this was estimated at \$3,400,000. Out of a total production of 120,000,000 dozen of eggs a year in Canada, it was estimated that fully seventeen per cent. was spoiled by delay in marketing. President Gunn announced that efforts were being made to secure a system of standardizing eggs and also to have it made a criminal offence to sell bad eggs.
