## ACCORDING TO THE LAW

### Dr. Talmage on the Interposition of the Almighty in Human Affairs.

Washington, Nov. 12.—The idea that things in this world are at loose ends and going at haphazard is in this discourse combated by Dr. Talmage. The text is Psalms cix, 89, "Forever, O Lord, thy word is settled in heaven."

This world has been in process of change ever since it was created. Mountains, hills, mountains, dyings, and they have both cradled and grave. Once this planet was all fluid, and no being such as you or I have ever seen could have lived on it a minute. Our hemisphere turns its face to the sun and then turns its back. The axis of the earth's revolution has shifted. The earth's center of gravity is changed. Once flowers grew in the arctic and there was snow in the tropics. There has been a redistribution of land and sea, the land crumbling into the sea, the sea swallowing the land. Ice and fire have fought for the possession of this planet. The chemical composition of it is different now from what it was once. Volcanoes erupt, terribly alive are dead, not one throb of fiery pulse, not one breath of vapor—the ocean changing its amount of saline qualities. The internal fires of the earth are gradually eating their way to the surface—upheaval and evidence of vast realms of continent.

Moravians in Greenland have removed their boat poles because the advancing sea submerged them. Linnaeus records that in 87 years a great stone near 100 feet nearer to water than where he wrote. Forests have been buried by the sea, and land that was cultivated by farmer's hoe can be touched only by sailor's anchor. Loch Nevis of Scotland and Dingle Bay of Ireland and the fjords of Norway, where pleasure boats now float, were once valleys and glens. Many of the islands of the sea are the tops of sunken mountains. Six thousand miles of the Pacific Ocean are sinking. The diameter of the earth, according to scientific announcement, is 189 miles less than it was. The entire configuration of the earth is altered. Hills are denuded of their forests. The frosts of its own, not a vegetable life or the assault. The so-called "everlasting hills" do not last. Many railroad companies cease to build iron bridges because the iron has a life of its own, not a vegetable life or an animal life, but a metallic life, and when that dies the bridge goes down. Oxidation of minerals is only another term for describing their death. Mosquitoes and sea-slugs help destroy the rocks they decorate.

The changes of the inanimate earth only symbolize the moral changes. Society ever becomes different for better or worse. Boundary lines between nations are settled until the next war unsettles them. Uncertainty strikes through laws and customs and legislation. The characteristic of this world is that nothing in it is settled. At a time when we hoped that the armistice planned last summer would settle the world, the Hague, Holland, would forever sheathe the sword and spike the gun and dismantle the fortress the world has on hand two wars which are digging graves for the flower of English and American soldiery. From the presence of such geological and social and national and international unrest we turn with thanksgiving and exultation to my text and find that there are things forever settled in higher latitudes than we have ever trod. "Forever, O Lord, thy word is settled in heaven."

High up in the palace of the sun at least five things are settled—that nations which go continuously and persistently wrong perish; that happiness is the result of spiritual condition and not of earthly environment; that this world is a schoolhouse for splendid or disgraceful gradation; that with or without us the world is to be over into a scene of arborescence and purity; that all who are adjointed to the unparalleled One of Bethlehem and Nazareth and Golgotha will be the subjects of a supernatural felicity without any taking off us.

Do you doubt my first proposition—that nations which go wrong perish? We have in this American nation all the elements of permanence and destruction. We need not borrow from other men's troubles, building or torches for demolition. Elements of ruin—nihilism, infidelity, agnosticism, Sabbath desecration, inebriety, sensuality, extravagance, fraud; they are all here. Elements of safety—God worshipping men and women by the scores of millions, honesty, benevolence, truthfulness, self sacrifice, industry, sobriety and more religion than has characterized any nation that has ever existed; they are all here. The only question is as to which of the forces will gain dominancy—the one class ascendant, and this United States Government, I think, will continue as long as the world exists; the other class ascendant, and the United States goes into such small pieces that other governments would hardly think them worth picking up.

Work on in the cemetery of nations and see the long lines of tombs—Thames and Tyne and Egypt and Babylon and Medo-Persian and Macedonian and Roman and Saxon heptarchy, great nations, small nations that lived 500 years.

Our own nation will be judged by the same moral laws by which all other nations have been judged. The judgment day for individuals will probably come far on in the future. Judgment day for nations is every day, every day weighed, every day approved or every day condemned. Never before in the history of this

Oh, that coming day of the world's perfection! The earth will be so changed that the sermonology will be changed. There will be no more calls to repentance, for all will have repented; no more gathering of alms for the poor, for the poor will have been enriched; no hospital Sunday, for disjunct bones will have been set and the wounds all healed, and the incurable diseases of other times will have been overcome by a materia medica and a pharmacy and a dentistry and a therapeutics that have conquered everything that afflicted nerve or lung or tooth or eye or limb—healthful; complete and universal. The poultry and the distasteful and the panacea and the cathartic and the surgeon's knife and the dentist's forceps and the scientist's X ray will have fulfilled their mission. The social life of the world will be perfected. In that millennial age I imagine ourselves standing in front of a house lighted for love, gladness and talking good sense and rallying each other in pleasantness and in every possible way forwarding good neighborhood; no looking askance, no whispered backbiting, no strain of pretension, no oblivion of some one's presence because you do not want to know him; each one happy, determined on making some one else happy; words of honest appreciation instead of hollow flattery; the words are just as happy as those who have an income of \$500,000 a year. Sometimes happiness is seated on a stool and sometimes misery on a throne. All the gold of earth in one chunk cannot purchase five minutes of complete satisfaction. Worldly success is an atmosphere that breeds the maggots of envy and jealousy and hate. There are those who will never forgive you if you have more emoluments or honor or ease than they have. To take you down is the dominant wish of most of those who are not as high as you are. They will spend hours and days and tears to entrap you. They will hover around newspaper offices to get one mean line printed and then they will say, "Your heaven is their hell."

A dying president of the United States said many years ago in regard to his lifetime of experience, "It doesn't pay." The leading statesman of America "in letters of advice warn young men to keep out of politics. Many of the most successful have tried in vain to drown their trouble in strong drink. On the other hand, there are millions of people who on departing this life have nothing to leave but a good name and a life insurance whose illumined faces are indices of illumined souls. They wish everybody well. When the first ring of midnight to see if it is their store that it is on fire, for they never owned a store, and when the September equinox is abroad they do not worry about their ships foundered at sea, for they never owned a ship, and when the nominations are made for high political office, they are not fearful that their name will be overlooked. There is so much to be glad and freedom from care in their laughter that when you hear it you are compelled to laugh in sympathy, although you know not what they are laughing about.

When the children of that family assemble in the sitting room of the old homestead to hear the father's will read, they are not fearful of being cut out with a million and a half dollars, for the old man never owned anything more than the farm of seventy-five acres, which yielded only enough pithily to support the household. They have more happiness in one month than many have in one year. They would to God I had the capacity to explain to you on how little a man can be happy and on how much he may be wretched! Get your heart right and all is right. Keep your heart wrong, and it is wrong. That is a principle settled in heaven.

Some have wondered why graduation day in college is called "commencement day" when it is the last day of college exercises, but graduation days are properly "commencement day." To all the graduated it is the commencement of active life, and our graduation day from earth will be to us commencement of our civil life, our larger life, our more tremendous life, our more abundant life. But what a day commencement day on earth is! The student never sees any day like it. At any rate, I never did. Old Niblo's Theatre in New York to the old man, the gown and tasseled hat professors behind us, and our kindred and friends before and above us, and the air redolent with garlands to be thrown to us. What a commencement day it was for all wrong above to graduate! But mightier day will it be when we graduate from this world. Will it be hisses of condemnation or handclapping of approval? Will there be flung to us nettles or wreaths? Will it be a resounding "Come!" or a reverberating "Depart?"

Another thing decided in the high places of the universe is that this world, with or without us, will be made over into a scene of arborescence and purity. Do not think that such a consummation depends upon our personal fidelity. It will be done anyhow. God's cause does not go begging. If all the soldiers of Jesus Christ now living should become deserters and go over to the enemy, that would not defeat the cause. A large part of the Bible is taken up with telling us what the world will be. There is a large army, human and angelic, now in the field, but God's reserve forces are more numerous and more mighty than those now at the front, and if he could in Gideon's time rout the Midianites with a crash of crockery, and if he could in Samson's time overcome a host with an ox goad, and if in Samson's time he could defeat an army with a bleached jawbone, and if the walls of Jericho went down under a blast of performance, and if in Christ's day blind eyes were cured byointment of spittle, then God can do anything he says he will do. As yet he has taken only one sword out of a whole armory of weapons. Do not get nervous, as if the Lord were going to be defeated.

captivity. Then will come a feast in which the chalice will be filled with the new wine of the kingdom." Under arches commemorative of all the battles in which the bannered armies of the church militant through thousands of years of struggle have at last won the day Jesus will ride. Conqueror of earth and hell and heaven. Those armies, disbanded, will take palaces and thrones. "And they shall come from the east and the west and the north and the south and sit down in the kingdom of God." And may you and I, through the pardoning and sanctifying grace of Christ, be guests at that royal banquet!

**A Trying Experience.**

A NOVA SCOTIA FARMER SUFFERED FOR FIFTEEN YEARS.

Consulted Four Doctors, but the Only Relief They Gave Him was Throat Injections of Morphine—Dr. Williams' Pink Pills Restored Him to Health and Activity.

From the News, Truro, N. S.

Mr. Robert Wright, of Alton, Colchester Co., N. S., is now one of the hardest and hardest working farmers in the county. Mr. Wright was not always blessed with perfect health, as a matter of fact, for some fifteen years he was a martyr to what appeared to be an incurable trouble. In conversation lately with a New reporter, Mr. Wright said:—"I am indeed grateful that the trouble which bothered me for so many years is gone, and I am quite willing to give you the particulars for publication. It is a good many years since my trouble first began, slight at first, but later intensely severe pains in the back. Usually the pains started when I was working or lifting, but often when not at work at all. With every attack the pains seemed to grow worse, until finally I was confined to my house, and there for five long months was bed-ridden, and much of this time could not move without help. My wife required to stay with me constantly, and became nearly exhausted.

During the time I was suffering thus I was attended by four different doctors. Some of them pronounced my trouble lumbago, others sciatica, but they did not cure me, nor did they give me any relief, save by the injection of morphine. For years I suffered thus, sometimes confined to bed, at other times able to go about to work, but always suffering from the pain, until about three years ago when I received a new lease of life, and a freedom from the pains that had so long tormented me. It was at this time that Dr. Williams' Pink Pills for Pale People were brought to my attention and I got two boxes. The effect seemed marvellous and I got six boxes more, and before the medicine was all used I was again a healthy man and free from pain. It is about three years since I was cured, and during that time I have never had an attack of the old trouble, and I can therefore strongly testify to the sterling quality of Dr. Williams' Pink Pills. Since they did such good work for me I have recommended them to several people for various ailments, and the pills have always been successful.

Dr. Williams' Pink Pills cure by going to the root of the disease. They renew and build up the blood, and strengthen the nerves, thus driving disease from the system. Avoid imitation by insisting that every box you buy be marked with a wrapper bearing the full trade mark, Dr. Williams' Pink Pills for Pale People.

**MONTREAL AGAIN.**

This Time it is Rheumatism That Dodd's Kidney Pills Have Cured.

Rheumatism is Kidney Disease—The Reason That Dodd's Kidney Pills Cure It—And Why Other M. cures Don't.

Montreal Nov. 17.—There are few people in Montreal who do not understand that Rheumatism is Kidney Disease. That uric acid in the blood is rheumatism has been proven beyond dispute in this city for years.

At one time it used to be considered a disease of the joints and bones. This error, idea, however, has long been exploded. The reason why rheumatism is felt in the joints is because the uric acid left in the blood by disordered kidneys generally lodges and accumulates in the joints.

Dodd's Kidney Pills by curing the kidneys trouble cuts away the roots of rheumatism. The kidneys once healthy strain the uric acid out of the system, and rheumatism is cured. The reason other medicines cannot cure rheumatism is that Dodd's Kidney Pills is the only medicine that works at the kidneys.

Mr. M. Mullin, of 4 Elgin St., Montreal, says:—"I have had rheumatism for some time and could get nothing to cure me until I used Dodd's Kidney Pills. I have now taken three boxes, and am cured."

Dodd's Kidney Pills are 50 cents a box, six boxes for \$2.50, or will be sent, on receipt of price, by The Dodd's Medicine Co., Limited, Toronto, Ont.
