TOWNSHIP COUNCIL

RALEIGH COUNCIL.

The above council met pursuant to the call of the Reeve on the 12th day of November with all members present. Reeve Purser, of Dover, addressed the council in reference to the flooding of the low lands of Raleigh, T. L. and Dover by the river and asked that the various municipalities interested appoint a deputation to procure assistance from the Ontario Government to either embank the river or to make a cut-off above Chatham to divert the waters to the lake. The Reeve was appointed to look after the interests of Raleigh. T. Montgomery wanted the Chinnick ditch under the D. & W. C. repaired or diverted and the council to do the township's portion. A notice was received from Chas. Doyle for the council to repair the

township's part of the Lowney ditch. An application was received from Ward Stanworth, solicitor for the Symmes & Coste Gas Co. to lay pipe lines along the highways in Raleigh. A petition was received from John Sewell and others for the council to take action to compel the railway companies to repair the approaches to their railway crossings the highway in this township. James Blythe applied for a permit to erect and keep a slaughter house on lot 22, concession 2, E. B. Grant. E. W. Seal presented a petition from Andrew J. Crow and others for the council to repeal the local option by-law. Moved by Wellwood and Sykes, that a by-law now in force be submitted to the electors at the next municipal elections and the Reeve and Clerk are hereby instructed to take the necessary proceedings to submit the same. On motion of Mr. Sykes, the by-law was given its first and second

readings and provisionally adopted. The report of A. McDonnell, C. E., for proposed construction of the Lumbe drain was read and considered. Thos. Brown, Mrs. Wm. Shaw and Mrs. J. H. Fields withdrew their names from the petition, which left it in a minority, and the proposed work was abandoned. The report of A. Baird, C. E., for the improvement of the R. & T. town line north of Jeannette's Creek and the Pike and Dauphin drainage schemes was received and read. After the matter was considered by those present the report was adopted on motion of Sykes and Wellwood. Engineer's account re the same of \$218 and \$17 for assistance in survey was ordered paid. Moved by Wellwood and Sykes, that the commissioner of No. 1 drainage be instructed to repair the drains and report. Moved by Sykes and Shreeve, that the Clerk notify Messrs. Symmes & Coste that the council will not accept

clause six of the agreement as drafted by their solicitor. Moved by Sykes and Shreeve, that the Reeve be authorized to take the necessary legal steps to compel the railway companies to repair their crossings at highways. A by-law appointing deputy returning officers was passed. A number of accounts were ordered passed.

A. E. ROBINSON,
Clerk.

FATAL BLOOD POISONING.
Frequently follows the use of cheap corn salves and plasters. The safest is the best and that's "Putnam's," which has a record of fifty years' success. Refuse substitutes for "Putnam's," which costs 25c. in every drug store.

If some people had their way everybody else would get out of it. Minard's Liniment Cures Garget in Cows.
