

A GOOD MEDICINE FOR THE SPRING

Do Not Use Harsh Purgatives—A Tonic is All You Need

Not exactly sick—but not feeling quite well. That's the way most people feel in the spring. Easily tired, appetite fickle, sometimes headaches and a feeling of depression. Pimples or eruptions may appear on the skin, or there may be twinges of rheumatism or neuralgia. Any of these indicate that the blood is out of order; that the indoor life of winter has left its mark upon you and may easily develop into more serious trouble.

Don't dose yourself with purgatives as so many people do in the hope that you can put your blood right. Purgatives gallop through the system and weaken instead of giving strength. Any doctor will tell you this is true. What you need in the spring is a tonic that will make new blood and build up the nerves. Dr. Williams' Pink Pills is the only medicine that can do this speedily, safely and surely. Every dose of this medicine helps to make new blood, which clears the skin, strengthens the appetite, and makes tired, depressed men, women and children bright, active and strong. Mr. B. Martin, Deux Rivieres, Que., says: "About a year ago I was all run-down. I was pale, weak, and had but little appetite. I also suffered from a severe pain in the back, and though I tried several medicines nothing helped me until I began the use of Dr. Williams' Pink Pills, and these soon fully restored my health. I can strongly recommend these pills to every weak person."

AWAY OVER THE SEA.

Items of Interest From the Other Side of the World.

Japan is increasing its imports of Australian wool and frozen meats. The people are rapidly adopting Western clothing and a meat diet.

Both Austria and Germany are improving their steamship services to China.

The Malay States and Sumatra are being rapidly developed commercially, reports the commercial agent at Singapore of the Department of Agriculture of the State of Victoria, Australia.

Japanese banking facilities in China are good now, but are to be made larger and still better. In anticipation the older banking interests are doubling their capital and embarking in new banking lines.

Cotton mills in India are making no profits, but heavy losses owing to the high price of cotton. Fourteen closed in January and six in February, throwing 30,000 people out of work. The jute mills in Calcutta are working only five days a week.

In the last nine months of 1910 India's imports amounted to \$283,800,000, and the exports to \$499,600,000, increases of \$22,000,000 and \$74,000,000. Customs receipts were \$26,000,000, a gain of nearly \$6,000,000.

Nickel mining is quite active in New Caledonia. European firms are investing largely in it and other mining. Some fair gold discoveries have been made recently.

BABIES WHO SUFFER FROM CONSTIPATION

The little ones who suffer from constipation, colic, indigestion, or any of the many ills that afflict children, will find prompt relief in Baby's Own Tablets—a medicine that is guaranteed absolutely safe and free from all injurious drugs—in fact the only medicine for babies sold under the guarantee of a government analyst to contain no opiate, narcotic or other "soothing" stuff. Concerning them Mrs. Ernest Plamondon, Ste. Julie Station, Que., writes: "It is a pleasure for me to let you know what your Baby's Own Tablets have done for my children. My baby suffered terribly from constipation and although we had a doctor, there was no change in his condition till I began to give him Baby's Own Tablets since then he is enjoying good health." The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

Henderson—"Ever met with any serious accident while travelling?" Henpeck—"Did I? I met my wife while travelling abroad."

There may be other corn cures, but Holloway's Corn Cure stands at the head of the list so far as results are concerned.

The more a man butts in the of- fense he gets kicked out.

BY CONTRARIES.

An old Irish gardener, meeting his master, after the prolonged absence of the latter from the estate, touched his finger to the tip of his cap, and said:

"Good-morning, yer honor. Glad am I to see yer. Oi had a fine drama of ye last night."

"Indeed, Michael!" remarked the employer. "What was the drama?"

"Oi dramed that ye gave me a fine box o' tobacco, an' that her ladyship, yer honored wife, gave me humble Biddy a little caddy o' th' best tay."

"Ah, Michael, but you know dreams always go by contraries."

"Then," said Michael, "maybe ye'll be after givin' me the tobacco, an' her ladyship'll give me th' tay."

THE SUPREME TEST.

Most youngsters have their own ideas of greatness, as they have of everything else that comes within their reach. To a boy's mind, a battle is all sound and fury; the hero of the fight is the one who has inspired most fear among the enemy. Among the stories told by

Wolsley, who is fond of children, was once introduced to a boy four years old. The child gazed at the general with an expression half- incredulous, and then said:

"Are you the Wolsley that fought in the battles?"

"Yes, I was in a good many battles," said the noble lord.

The youngster looked at him in wondering silence, and then said, "Let's hear you holler!"

RELIEF READY.

Doctor—"Have you any aches or pains this morning?"

Patient—"Yes, doctor; it hurts me to breathe; in fact, th' only trouble now seems to be with my breath."

Doctor—"All right. I'll give you something that will soon stop that."

New Accidental Discovery Gives Startling Results—Puts Flesh on Thin People and Rounds Out Imperfect Figures.

Simple Prescription Given.

For women—and men, too, for that matter—who can never appear to have anything they wear, because of abnormal thinness and angularity, this remarkable prescription is destined to solve the problem. As a beauty maker for the face, it is simply the best. The blood and nerves distribute over the body all the nourishment or flesh building elements obtained from the food.

ONE LOOK WAS ENOUGH.

The pedlar rapped timidly at the kitchen entrance. Mrs. Kelly, angry at being interrupted in her washing, flung open the door and gazed at him.

"Did you wish to see me?" she demanded in threatening tones.

"Well, if I did," he assured her, with an apologetic grin. "I got my wish, thank you."

ONE FOR THE WIFE.

It was the same old story of a man who refused to tell his wife the outcome of a business transaction in which, naturally, she took a deep interest.

"No," he sneered, "I won't tell you. If I did, you'd repeat it. You women can never keep a secret."

"John," said the woman quickly, "have I ever told the secret about the solitary engagement-ring you gave me eighteen years ago being panned?"

Whether the disease takes the form of Backache, Lumbago, Rheumatism, Urinary Trouble or Bright's Disease, it is all the same to Dodd's Kidney Pills. They always cure it.

"Well, my little man," inquired a visitor pleasantly, "who are you?"

"I'm the baby's brother!" was the ingenious reply.

ICE MAN WILL BE NO MORE

The electrical ice box is on its way and the time is surely coming when the pressure of a finger will furnish low temperatures for the refrigerator or the ice chest. The new ice plant for the home looks like an ordinary refrigerator, being about the same size and shape. But instead of the ice man dropping huge chunks of ice into its interior, at so much a hunk, a small electric motor will drive a small ammonia ice plant and circulate a "cooling liquid" through a series of refrigerating pipes.

HAD TO KNOW THE TIME

Magistrate—"I am led to understand you stole the watch of the doctor who had just written a prescription for you. What have you to say to this charge?"

Well, I found myself in a desperate quandry. His prescription said "a spoonful every hour," and I had no timepiece."

Shiloh's Cure

Hotel Clerk—"We have only one room left, sir, and the bed is only big enough for one." Foreign Guest—"Well, I suppose we had to take it; but I hate to let my wife sleep on her floor."

Customer—"Yes, this suit fits me well. It is a credit to you." Tailor—"Credit! No fear! My terms are cash."

SPECULATING AND GAMBLING

"Congratulations, old man. I hear you have been speculating successfully."

"No; I lost money."

"Well, you ought to know better than to gamble."

Tramp—"Have you a copper, sir. I'm so hungry, I haven't had food for a week." Gent—"Oh, how do you exist without food?" Tramp—"Well, sir, it's like this. When I think of my bad luck and misfortunes a lump rises into my throat, and I simply swallow it."

Sweet and palatable, Mother Graves' Worm Exterminator is acceptable to children, and it does its work surely and promptly.

A butcher in a certain town was famed for selling tough meat. One day, a customer entered and asked for a large beef-steak. "Is it for boiling or stewing you want it?" he inquired. "Neither," replied the customer; "it is for making a hinge for the barn door."

THRASHED OUT.

With an air of melancholy resignation, twelve-year-old Horace went to his teacher the other day and handed in the following note from his mother before taking his seat:

"Dear Sir, Please excuse Horace for not being present yesterday. He played truant, but you needn't thrash him for it, as the boy he played truant with and him fell out, an' he thrashed Horace, an' a man they threw stones at caught him an' thrashed him; an' the driver of a cart they hung on to thrashed him; an' the owner of a cat they chased thrashed him. Then I thrashed him when he came home, after which his father thrashed him, an' I had to give him another one for being impudent to me for telling father. So you need not thrash him until next time. He thinks he'd better attend regular in future."

Bascompierra, French Ambassador to Spain, was giving his Sovereign, Henry IV, an account of the manner of his entry into Madrid. "I was mounted on the very smallest mule in the world," said the Ambassador. "Ah," said the King, "what an amusing sight to see the biggest ass mounted on the smallest mule!" "I was your Majesty's representative," rejoined Bascompierra.

IN THREE ACCIDENTS.

A report sent by Mrs. E. Davy, 725 Elice Ave., Winnipeg, will illustrate the value of Zam-Buk. She says: "My little boy, of three, while playing, fell from a high verandah to the ground, cutting his forehead badly. Instead of calling a doctor who would undoubtedly have put in a number of stitches, I bathed the wound well, and applied Zam-Buk. The little fellow, although suffering keenly, soon got relief from his pain. In the course of three weeks, by applying Zam-Buk daily, the wound was nicely healed."

"Since then, I have also used Zam-Buk for a boil which came on my cheek, and which proved very painful and looked unsightly. Zam-Buk soon drew the boil to a head and it then quickly banished it."

"Another time my baby was scalded on her left thigh and calf of leg with boiling water. Directly it was done I thought to use Zam-Buk, and spreading some on her I wrapped up the baby's limb. Next morning she rested much easier and I applied a fresh bandage with Zam-Buk. I kept this treatment up daily, and was rewarded by seeing a great improvement each time I dressed the wound. In a very short space of time the scalds were all nicely healed."

For all skin injuries and diseases, piles, eczema, salt rheum and face sores, Zam-Buk is absolutely unequalled. 60c. box all druggists and stores, or post free from Zam-Buk Co., Toronto, for price. Try Zam-Buk Soap! Only 25c. tablet.

PHILOSOPHY.

"Philosophy, my boy, is the gentle art of letting your creditors do all the worrying."

They are purely vegetable, no mineral purgatives entering into their composition and their effect is soothing and beneficial. Try them and be convinced. Little Boy—"Mummy, dear, why can't I stay up till it gets late?" Mother—"That wouldn't do at all, dear. You'd wake up so cross in the morning."

Little Boy (thoughtfully).—"Does daddy go to bed very late, mummy?"

I consider MINARD'S LINIMENT the BEST Liniment in use. I got my foot jammed lately, I bathed it with MINARD'S LINIMENT, and it was as well as ever next day.

Yours very truly, T. G. McMULLEN.

WHEN THE KING MOTORS.

It may not be generally known that the drivers of the motor cars of the King, the Prince of Wales, and the Duke of Connaught are all policemen, says London Tit-Bits.

The late King's instructions were: "Run no risks, but lose no time." The latter clause used to be obeyed so implicitly that Lord Denby once when returning from Newmarket a horse's length behind the King, on whom he was in attendance, was stopped in his motor by the police at Barnet—a happy illustration of the principle that the King can do no wrong. The royal drivers do not rely on a motor horn alone. Alongside them on the box there sits a footman, who plays a key bugle to announce the approach of the car.
