C. E. VAIL  
Centreville, N. B.

### COPENHAGEN

### CHEWING TOBACCO

Consumes is used differently from ordinary chewing tobacco.

It is broken into small pieces and then it becomes like a coarse tip and snuff in the centre.

Afterwards you can increase the size of the pinch to suit the strength of the chew you desire.

Copenhagen is strong because the tobacco of which it is made comes from the greatest tobacco fields in the world and it imparts its strength thoroughly and quickly.

Hence, a little "Dynamite" goes a long way, showing that Copenhagen is not only an unusually economical chew. But also one of the finest tobacco products in the world.

At Bath Mon. Tues. Wed. At Hartland Thurs. Fri. Sat.

Dental Surgeon in all his branches. Artificial Teeth, Gold Fillings, Bridges and Crown Work. Painless extraction. Office hours: 9 to 12; 1 to 5.

## LOCAL AND PERSONAL ITEMS

The annual session of the Baptist 2nd District was held in Centreville U. B. church on Friday, Saturday and Sunday. A number of delegates from all the different churches in the district were present at the several meetings and assisted in making the session a most helpful and memorable one. Mr. and Mrs. Archibald who have spent 36 years of consecrated missionary work in India, were present and gave addresses on the work there. At the Sunday evening service Miss Alvaretta Estabrook gave a comprehensive report of the Ladies Aid societies of the different churches. On the same occasion a hearty vote of thanks was tendered the members of the church who so kindly opened their homes to delegates.

An invitation was extended from the church at Lakeville to meet with them at the September quarterly meeting. During the sessions addresses were delivered by Revds. C. N. Barton, C. W. Walden, J. R. Barton, F. E. Bishop, W. C. MacLum and L. E. Ackland.

Misses Lida and Georgie Reid and Miss Shaw of Hartland spent Sunday with Mrs. Geo. Wilkinson.

Invitations are out for a china wedding to be given by Mr. and Mrs. C. Theodore Cain at Knockford on the occasion of their twentieth anniversary.

At the home of the bride's parents at Bloomfield on Wednesday, June 11, Miss Ada Wilson and George Long were united in marriage by Revs. W. J. Hurlow and J. B. Champion.

The ceremony was performed on the lawn at eight o'clock in the evening amid a profusion of flowers. Several girl friends of the bride from Presque Isle acted as ushers. Following the ceremony a dainty lunch was served the large assemblage of guests.

The happy couple left on an automobile trip to Bangor and Waterville and other Maine points.

C. T. Cain and G. E. Wilkinson spent four days last week fishing on the Miramichi waters, succeeding in catching about 60 pounds of trout.

Norval Reid and Misses Marguerite Campbell and Alice Page after having completed a successful year at Normal School came home on the Valley on Friday evening.

Miss A. C. Gibson returned from a two weeks trip to Montreal.

ton and Stewiacke, N. S.

Rev. J. B. Champion left on Thursday to be present at the annual session of the maritime Methodist conference.

Mr. R. W. Balloch and Miss Pauline Balloch spent the week in Woodstock visiting friends.

The Centreville Hotel, spic and span, opened for business on Thursday. A visitor to the hotel would never recognize the old place at all since its thorough renovation.

Among soldiers returning from overseas this week are James Fogg and George Taylor. The former has seen two years service and the latter was through the whole show, having been called in August, 1914, immediately after the outbreak of hostilities.

Miss Ferne McClintoch left on Saturday for Portland, Oregon after a visit of two months with her brother, E. R. McClintoch.

The one cent sale at Stevens' Bros. Drug store is attracting crowds to his store. Among the best bargains is the offer of two 75 cent reprint novels for 76 cents.

Calf pure blooded cross Ayrshire on one side Jersey on other. He is too large and promising to kill for hide, discount on ten dollars will take him. Henry T. Scholey, Centreville.

The members of the United Farmers of this section are planning on visiting Hartland on Thursday, June 26, the occasion of the big farmers' picnic.

The East Florenceville Comedy Co., who have had great success with their play, the Fire Walk, at Hartland and Mars Hill will repeat the performance in Sherwood's Opera House on Tuesday, June 24.

The Observer will be sent to Canadian subscribers a full year for \$1 paid in advance.

### GIRLS! LEMON JUICE IS A SKIN WHITENER

How to make creamy beauty lotion for a few cents

The juice of four fresh lemons strained into a bottle containing three ounces of orchard white makes a whole quarter pint of the most remarkable lemon skin beautifier at about the cost one must pay for a small jar of the ordinary cold cream. Once should be taken to drink the lemon juice daily for a few days no lemon pulp gets in, then this lotion will keep fresh for months. Every woman knows that lemon juice is used to bleach and remove such blemishes as freckles, sallowness and tan and is a skin softener, whitener and beautifier.

Just try it! Get three ounces of orchard white at any drug store and two lemons from the grocer and make up a quarter pint of this sweetly fragrant lemon lotion and massage it daily into the face, neck, arms and hands.

## Spraying Season will Soon be Here

We are general agents for the Celebrated  
**100 Gal. Tank Brown Sprayer**

Reasons why the Brown is the best:

It derives its power from the wheels by a convenient chain drive that supplies a maximum of power to the pump itself. The sprayer itself is designed to meet with every condition. The pump can be adjusted so that more than one crop can be conveniently sprayed. The spray boom can also be adjusted covering the variation of width in rows, and can also be raised or lowered in accordance with the height of the plants to be sprayed.

This sprayer will maintain a working pressure of 150 pounds with either four or six row attachment. We do not recommend using this sprayer with more than six nozzles.

The pump proper rests on the axle, doing away with the strain on the frame of the machine. The pump is so located that it enables us to build this machine in perfect balance.

The tank or barrel is also located over the axle.

The pump and air chamber are made of heavy iron castings which reduce the breakage to a minimum. This sprayer, all the way thru, is built of nothing but the best of materials.

The frame is of two-inch ash re-inforced with angle iron, which insures perfect alignment; the axle is made of one and three-quarters inch cold rolled steel shafting.

A strong axle is an important feature in a horse-drawn sprayer. The axle of a poorly constructed machine easily breaks under the greater weight in the midst of spraying and often times it is bound and troublesome debris, since when the axle breaks, the sprayer falls.

We assure you that there is no danger on the axle on the No. 39 AUTO-SPRAY because of breakage.

The main and side frames of this pump are of brass and all of the working part of the pump are easily accessible. The wheels are of hickory and of Sarven pattern. They last definitely.

To operate this sprayer after it has been set up it is only necessary to fill the tank and drive fifty or one hundred feet until a satisfactory pressure is produced and then drive over the field.

Overflow valve, relief valve, pressure gauge and shut-off are all before the driver's seat.

The NON-CLOG Junior nozzles furnished with this sprayer saves the operator many hours of time that is usually spent in cleaning the nozzles. In an actual test many nozzles were used for spraying a solution containing sawdust and did not clog.
