# **MARKETS** AND FINANCE

Thursday, Dec. 9.—The severe weather probably accounted for the small number of vendors on Central Market this morning. The shoppers were equally few in number and trading on the whole was dull. A drop in the price of halibut in the fish market was the principal change to-day, it having receded from 20 cents to 15. Butter and eggs were the same as usual, as were pouttry and meats, hay market has been very poor during the last few daws, but no noticeable change in price was reported.

COBALT STOCKS.

The Mining Market in Toronto remains exceedingly quiet, and there is little hope of a revival until after the New Year. With the camp apparently in such good shape, some surprise is expressed that there is not a more active market, but the public is evidently not interested. Yesterday La Rose sold down to 4.71, but picked up a little toward the close. Crown Reserve was also somewhat weaker, closing at 4.83, after selling at 4.80. Silver Leaf was sold somewhat freely, and lost ground, going down to 13 1-8. Rochester held firm at 16 1-2, and gave evidence of being well supported. Temiskaming dropped a point, opening at 71 1-2 and selling mostly around 70. Nipissing continued to hold firm at 10.80, and Trethewey went to 1.47.

In the south the doctrine still survives. A Baptist Church in Atlanta called Hugh S. Wallace to be its pastor. He told them that he did not believe in close communion, but they said that made no difference and unanimously called him.

The ministers refused to ordain him and the people still stood by him. A second time the committee of ministers declined, and this time the church weakened and Mr. Wallace withdrew, but he has set up a tent to preach in and will build a church of his own.—From the Independent.
