

CHANGE OF CLIMATE DID NOT HELP

But GIN PILLS Conquered His Rheumatism

THE fact that men of standing and responsibility do not hesitate to commit and state frankly how much good GIN PILLS have done them, speaks volumes for this good old remedy.

Mr. W. G. Reid, of Hamilton, whose statement we publish below, with his permission, is one of the best known commercial men in Canada. His many friends throughout the country will be delighted to learn that he is quite himself again. He says:

"I have been for the last two years a cripple with Muscular and Inflammatory Rheumatism. I have tried almost everything known to medical science to relieve me of the intense pain and inflammation. I sought change of climate in Kentucky and other Southern points without relief. Your manager in this city recommended GIN PILLS and I have since taken eight boxes and am now cured. I consider GIN PILLS the conqueror of Rheumatism and Kidney Disease."

(Signed) W. G. REID.

Muscular and Inflammatory Rheumatism, Lumbago, Sciatica and all other troubles arising from weak, inactive or diseased kidneys, have little chance against GIN PILLS.

The curative properties in these pills go straight to the root of the trouble—the failure of the kidneys to keep the blood free from the irritating Uric Acid which is continually being formed in the body. GIN PILLS help the kidneys to perform this function properly, and the train of troubles vanishes.

Just try it and prove it to your own satisfaction. There is no risk—money back if GIN PILLS do not help you.

Are You Accurately Dressed?

BY RUTH CAMERON.

Are you accurately dressed? There is a young girl who passes my study window every morning on her way to work whom it is always a pleasure to look upon.

At first I thought that she was exceptionally well dressed, but soon I realized that there was nothing particularly expensive or in any way remarkable about her clothing. The charm was simply the way she put them on. In other words she was the most accurately dressed person I ever saw.

What does that mean? It means several things.

It means that her neckwear and her belt are always perfectly neat and properly adjusted.

It means that her hair is always accurately dressed. And by accurately I do not mean that it is either spanked down or arranged in one of those just-so coiffures that look as if they had been freshly produced from a handbox. On the contrary, this girl wears her hair in a soft, loose coil and has several natural curls about her ears. What I mean by accurately is that it is always arranged just as it is meant to be, with no locks escaping that are not meant to be, with no ugly roughness spoiling the symmetry of the coil.

It means that her hat is always on at the psychologically correct angle.

It means that her shoes are never run down at the heels and are properly polished.

It means that she never appears in the half soiled white gloves that even well dressed women allow themselves.

It means that her skirt always hangs well.

It means that her gowns, no matter how simple and inexpensive, are always fresh and spotless.

It means that she always wears clothes that are appropriate for the street, never goes in for freaky fashions and never decorates the front of her dress with a lot of chains and beads and other tussy and literary du-dabs.

A man writer who was trying to tell why a certain woman appeared much better dressed than her neighbors put it this way. "It wasn't that her clothes were so wonderful, it was simply that there were never any loose ends about her."

Undoubtedly he was describing the same thing I am trying to convey when I speak of this girl's being accurately dressed.

And undoubtedly that is a charm about a woman who deserves this description which is keenly felt by both sexes.

And mind you, it is not a God-given charm, but one which can be acquired by anyone.

Are there any loose ends about you? Are you accurately dressed? Suppose you ask this question of your mirror every day until you finally get the right answer.

Ruth Cameron

NO ONE STRONGER THAN HIS STOMACH.

The celebrated Dr. Abernethy of London was firmly of the opinion that disorders of the stomach were the most prolific source of human ailments in general. A recent medical writer says: "every feeling, emotion and affection reports at the stomach (through the system of nerves) and the stomach is affected accordingly. It is the vital center of the body." He goes on to show that the stomach is the vital center of the body. For weak stomachs and the consequent indigestion or dyspepsia, and the multitude of various diseases which result therefrom, no medicine can be better suited as a curative agent than

Dr. Pierce's Golden Medical Discovery.

"Several months ago I suffered from a severe pain right under the breast-bone," writes Mrs. G. M. MURKIN, of Corona, Calif. "I had suffered from it, off and on, for several years. I also suffered from heart-burn, did not know what was the matter with me. I tried several medicines but they did me no good. Finally, I was told it was my liver. I did not dare eat as it made me worse. When ever I swallowed anything it seemed that I would faint—it hurt so. I grew very thin and weak from not eating. Was told to take Dr. Pierce's Golden Medical Discovery. I took five bottles of it, and could feel myself getting better from the first dose. I could eat a little without pain and grew strong fast. To-day I am strong and well and can do a big day's work with ease. Can eat everything and have put on flesh wonderfully. I will say to all sufferers write to Dr. Pierce. He has my undying gratitude."

Mrs. MURKIN.

Hr. Grace Notes.

Mr. John Gordon arrived from Boston by Wednesday's train, on a visit to his mother who has been ill for some time, but who is now much improved.

A young man was before the Court here yesterday charged by Constable with being drunk on the street on Sunday last and insulting an old citizen. He was convicted and fined \$12 His Honor, Judge Oke, gave the young man a reprimand for his misconducts.

Wednesday next will be observed in town as a general holiday. It will be occasion of the opening of the agricultural exhibition.

Ex-constable J. Beckham is very ill the past few days and his family are very anxious about him. His recovery is not expected.

Mrs. R. S. Munn and her two children—Master Fred and Miss Muriel—arrived from Catalina by the S. S. Ethie on Tuesday. Mrs. Munn returned from the Labrador by the last trip of the Solway and spent a couple of weeks with her sister, Mrs. C. F. Snelgrove. Mr. Munn arrived from Labrador by his schooner Procyon the same night.

A very large number of passengers were on the S. S. Solway yesterday when she arrived from the Labrador. While looking at the immense crowd we wondered had the ship sufficient boats and other life saving apparatus to rescue these people in the event of an accident. We hope they had but there is no doubt in our minds on this point.

We lately heard of a schooner returning from Labrador with a large number of passengers, and when one of the halliards gave out no rope could be got to replace it, until one of the freighters offered to cut a rope moving he had on board. Such negligence should be reported to the insurance companies, who certainly should do something in the matter. Human life is too valuable to trust such gear on an old craft.

CORRESPONDENT.
Hr. Grace, Oct. 25th, 12.

You will die in time, anyway. Don't permit a health faddist to beat you out of the fun you might otherwise have.

A Neglected Cold May Cause Consumption.

Thousands of people die every year from the effects of this dread disease which, if treated in its first stages with

MATHIEU'S SYRUP

of Tar and Cod Liver Oil and other medicinal extracts, will cure the diseased lungs and give strength to the patient. **Sold everywhere.**

Dear Sirs,—Rush one gross Mathieu's Syrup to Church Point Station.

LOUIS A. MELANSON.

CHARLOTTETOWN, P.E.I., July 27, 1908.
Blacking & Mercantile Co., Ltd.
Dear Sirs,—Yours of the 22nd inst. received re Mathieu's Syrup. I have been using the article in my home for the last seven or eight years, and know of nothing better to use when one is subject to cough or cold. In fact, we would not be without it for twice its value. I have very much pleasure in recommending this article, and in selling it over the Island I have the same report from our customers.

CARVELL BROS.,
C. M. RITCHIE.

SYDNEY, C.B., July 20, 1908.
Dear Sirs,—Yours of the 22nd to hand asking for testimonial for Mathieu's Syrup. I have handled Mathieu's Syrup for one year, and find it one of the best sellers in a cough medicine that I have ever handled. I am ordering one Gross from your travels to-day, as I sold the last bottle instock yesterday.

DON. J. BUCKLEY, Druggist.

IN THE YEAR 1932

How much will you have accumulated at your present rate of saving? Most men will have little or nothing saved if conditions are at all similar to those of to-day.

Every provident young man appreciates the wisdom of accumulating for his own benefit at least, and looks forward to an old age of comfort and enjoyment relieved from want and worry. And every thoughtful man endowed with manhood feels that a duty rests upon him to make some provision for others dependent upon him.

The safest, simplest and most profitable way to accomplish all this, and to be sure of a snug competency by the year 1932, is by investing in a Canada Life Endowment Policy for \$5,000 or \$10,000, according to your means and requirements. The policy can be bought on easy instalments and facilities are provided to assist in carrying and enjoying the insurance.

Send in your name and age and let us submit to you a good proposition.
